AN EASY WAY TO KEEP THE HOME "SPICK AND SPAN"

Most housewives are anxious to eliminate some of the hard work that has been so necessary to keep the home "Spick and Span." Most of this work can now be done by electrical appliances and devices which are very moderate in initial cost, and the upkeep or cost of operation is so small that it is hardly worth consideration. A large number of housewives have even gone so far as to substitute mechanical aids for human help and are gratified at the economy of such a policy. It costs very little to clean the whole house with an electric vacuum cleaner and it is a very satisfactory and efficient way to clean the house, too. And your laundry can be done by a machine while you are using your cleaner or washing the dishes. If you are interested in any of these appliances, just call at the Ruth Electric Shop 14 Reynolds Arcade, and you will find there a display of electrical goods and appliances.

New Lamp A Wonder

For this week only The Electric Service Co. of 219 East Avenue will hold a sale of Tungsten lamps. They have a new lamp which is a wonder! It sells for less than the Mazda lamps and it is guaranteed to you. The lamp will give you 2 1/2 greater light for the same cost to operate and comes in daylight blue and clear. This is your opportunity to save money. They also have a fully guaranteed flat iron one, which sells for \$7.00 and \$8.00 for \$5.98. They have an interesting proposition for dealers who wish to sell lamp bulbs as a side line.
