**Attractive Homes A Necessity**  
Do you realize that more beautiful homes in Rochester will exercise an unconscious uplifting influence for good upon the plastic mind of youth and tend to make our coming citizens more refined, more self-respecting, more aspiring and more worthy?  
In the designing of the interior the big things to consider in every room are the walls and casings, which should be kept fresh and in harmony with the furnishings.  
H. C. Puplett, 73 Barnum Street, Rochester, N. Y., is in position to do paperhanging and painting by the day or contract, also refinishes hardwood floors. Give him a chance to show you how attractive he can make your home.

**Clothes Altered, Cleaned or Dyed**  
Instead of paying the high prices charged for clothing these days, take the out of date, or soiled garments to Henry A. Weber, 536 Portland Ave., Rochester, N. Y., and have them altered to present day styles and then have them cleaned or dyed and you will be surprised and delighted with the result as well as the economy of so doing.  
Mr. Weber has established a reputation of handling all orders with care and is in position to help you save money.

**Builders Busy**  
That the building situation is not at a standstill is proven by the fact that William Levin, contractor and builder, 346 Hudson Ave., is keeping a force of workmen busy here and there throughout the city, some on large jobs and still some on smaller jobs and no sooner are they through with one job than there is more work to be done.  
It is predicted that there will be plenty of building in Rochester and if

**Better Homes For Rochester**  
For several years there has been a very decided shortage of good homes in Rochester. A house that has a good coat of paint on the outside and attractive wall paper and other interior decorations is pretty generally sold as soon as offered for sale. If you have a house that you wish to dispose of, you can do it quicker and command a much better price by calling on Edward Gray, 9 Norwood street, Rochester, N. Y., and letting him make the necessary improvements along these lines. If you wish to live in it yourself there is a lot of satisfaction in having attractive surroundings.

**A Good Heating System Necessary**  
Heat: It is one of the necessities of life. To live and live right, you must have it, to be in good health this is part of the medicine. Have you ever stopped to think of the trouble you have with your coal stove or with low gas? Yes, you probably have, but yet you think it is too much of an expense to have a furnace installed in your home. Think of the comfort and ease of operating a furnace and then go and see L. F. Wickman, Corner Hudson Ave. and Jacobs street about a pipeless furnace.  
Along with handling this wonderful pipeless furnace, Mr. Wickman carries a complete line of hardware. If you don't see what you want just ask for it and one of the clerks will be glad to hunt it up for you.
