K. of C. Picnic
More than 3,000 members of the Knights of Columbus their wives, children and friends, found their way to Island Cottage on Thursday and celebrated one of the most successful outings in the history of the local organization. For those who were not able to make the trip by automobile, chartered cars were available, leaving the Main street east headquarters of the organization early in the morning.

Following an afternoon devoted almost entirely to games and sports, the picnickers assembled in the Island Cottage Hotel for an elaborate dinner, and after they listened to a brief address by the guest of honor of the occasion, Judge Andrew Morrissey of the Supreme Court of the State of Nebraska, who has been visiting relatives in Livonia and was induced to attend the outing. Judge Morrissey described the new Knights of Columbus clubhouse in his state, and declared that Rochester should have a similar clubhouse costing between one and two million dollars.

"There is no enterprise into which Rochester business men could better put their money," he said, "than a clubhouse for the young men of the city. It would be an investment that would return ample dividends."

Other speakers at the dinner were Rev. William L. Ryan, assistant rector of Holy Rosary Church, and Rev. William Stauder of Webster. The speakers were introduced by William Smith, this week's chairman of the K. of C. Boosters' Club.

The general chairman of the picnic was Ray W. Metzger and the vice chairman was William H. Rossenbach. The American Legion Band played during the afternoon and there was dancing in the evening.

Statue Placed In Church in Geneva

Geneva, July 24.—The beautiful statue of the Sacred Heart of Jesus, which is a memorial to the late Very Rev. William A. McDonald, pastor of St. Francis De Sale's Church, was placed in St. Stephen's Church last Saturday and was viewed for the first time by the parishioners at the masses Sunday. The statue is a figure of the Savior about three feet high and is carved out of uncolored oak, the work of Kirschmyer, of Boston, the noted wood carver, and is the last piece of his work after a period of fifty years.

The order for the statue was given last year and was expected to be in place last December but owing to the importance of the work Kirschmyer, who executed the work himself, told Father McPadden, the rector of St. Stephen's, that, if given his own time he would do the work himself. The statue arrived in Geneva last Saturday and was placed at the epistal side of the church. The ceremonies of unveiling and blessing will take place later.
