Repairs For The Auto

One of the most important and most neglected factors to the auto is the cooling system or radiator. Without perfect circulation and perfect radiation your motor is in constant danger. Many a well planned auto trip has been marred by a leaky radiator, thus necessitating re-filling every five or ten miles, which can be avoided by having same over-hauled by some expert in the automobile business.

Howard E. Peo, 554 Avenue D, conducts a repair garage, where work is done on all makes of machines. Experienced men are employed to do the work and they are ready at all times to assist the autoist.

Prompt and Efficient Coal Delivery

To keep up with the times, it is necessary to hustle and stay within it all the way, and this is the reason G. H. Filkins has moved into his new office at 806 Monroe Avenue.

Mr. Filkins has been in the coal business for thirty years and handles the Lehigh Valley coal which needs no introduction to the readers. We cannot say that the Lehigh Valley Coal handled by Mr. Filkins is any better than coal of the same name handled by some other firm, but we can say Mr. Filkins has a wonderful system of delivery, using both horses and auto trucks, which places him in position to take care of all orders promptly, and efficiently.

When right, be firm.
If you are strong, be gentle.
Years teach more than books.
