Chiropractic Helps Nature To Keep You Well

It is a man's right to be well and happy. This fact is being brought home forcibly to thousands of sufferers who, because they have gone back to nature, are today enjoying life.

The long, weary road to health did have a turning for them. Through the years of suffering and disappointments, these sufferers at last came to the realization that nature, after all, is the one true healer.

Thousands look up to Chiropractic as Nature's health agent.

By simple adjustments, the chiropractor places you in harmony with Nature. The chiropractor goes right to the source of the trouble—pressure of bone on the nerve center—and adjusts the cause of disorder. With the cause removed, Nature, unhindered, builds up and restores the diseased parts to perfect health.

No drugs and no surgery are needed. Chiropractic adjustments lend a helping hand to Nature.

If you have not obtained relief heretofore, why not see what Nature can do? Learn how Chiropractic can put you in line with the healing forces of Nature. See Turner and Turner of 16 State St.

New Yorkers Are Cleanly.
 A noted German surgeon, visiting New York, was asked what impressed him most.

"The cleanliness of the people as a mass," he said. "Everybody in your crowded subway seems accustomed to daily baths and to wear freshly laundered linen. Otherwise your subway crowds would be unendurable."

Many a woman's face isn't as bad as it is painted.

Cupid is blind to everything save the golden eagle.

Minnesota has more than 4,000 women trade unionists.

THE ROMANCE OF WORDS

"TARTAR."

"TARTAR," as applied to the wild tribes which inhabit middle and central Asia, is one of those words in which a wrongly assumed derivation has modified the spelling and the very shape in which we now have it, for the people usually designated by this name are not "Tartars," but "Tatars."

The interpolation of the "r" in the first syllable came about when these hordes burst into Europe during the Thirteenth century and swept everything before them. Many persons claimed that the ravages of the invading cavalry constituted a fulfillment of the prophecy in the ninth chapter of Revelation concerning the opening of the bottomless pit and the loosing of the inhabitants of the infernal regions. From this belief ensued the change of their name from "Tatars" to "Tartars," the latter being an outgrowth of Tartarus, or hell, whence these implacable hordes were supposed to have come.

The bravery of the invaders, together with their stoic disregard for pain and the manner in which they turned upon their guards when captured, also gave rise to the expression "catch a Tartar" or "he caught a Tartar," which is in use to this day as a synonym for being taken by surprise, particularly when a person thinks that he has made an easy conquest.
