Farmer, Manufacturer, Automobile owner, house-wife. Do you ever stop to think when you break some metal part that it can be welded by Oxyacetylene process just as good as a new part, which means a great saving to you not only in time but money. The Detroit Welding Works, 414 Brown St., are equipped with the best welding outfit on the market and with their ten years experience on different kinds of metal, you take no chances when you bring your work here. **Wrecked Cars**

Wrecked cars cannot be towed free. Many motorists are often misled by the so-called free towing advertisements. It is a known fact that you cannot get something for nothing.

Schoen's Garage who specializes in towing wrecked cars do not do any free towing, they charge a nominal sum for their services, and whether or not they repair the car, the motorist is getting what he pays for.

Schoen's towing, and service cars, are equipped with the latest towing, lifting and labor saving devices, which enable them to tow a wrecked or disabled car quickly and safely.

Likewise their repair shop is equipped with special machinery, and labor saving devices which enable their experienced mechanics to repair or rebuild cars at the lowest possible cost.

Schoen's Garage handles a full line of accessories, Syra-Cord and Huetter steel starter gear bands.

They are located at 118-120 Genesee St. and give towing service day and night. Call Gen. 446

Heat expands and cold contracts; that is probably why the days are longer in summer than in winter.
