**Where Experience Counts.**  
 Mr. C. H. Martin, of 142 Alexander St., was associated for about 25 years with the Upholstery Departments of Rochester's largest Furniture Stores. A few months ago he decided that more personal attention to the work of Upholstering and Refinishing of furniture would be appreciated by the public and, accordingly started his own shop at the above address.  
 The amount of business received has been proof that the public appreciates high quality work. Furniture that had been discarded has been brought to Mr. Martin and renovated so that it is again doing service.

**Getting The Habit.**  
 It seems that when you once get started going to Weinrib & Freedman, at 127 Parsells Ave., for your clothes, it becomes a habit. They seem to take a personal interest in every one who comes to their place and the many friends they have made by their Service, prove it. It is not only the quality and fit of their new clothes, but the care given to Repairing, Pressing and Cleaning.

**Real Service.**  
 John Poshva, 600 Portland Ave., has received his stock of Fall shoes and Rubbers and the prices are especially attractive when compared with the recent high prices.  
 His Repair work appeals very much to people who are looking for good work at reasonable prices. John says to come in and see for yourself.  
 Happy is the woman who has as many changes of gowns as she has of mind. Also unusual.  
 One never realizes the aimless life of a policeman until the officer attempts to shoot a dog.

**A Vesta Triumph.**  
 A great improvement in Battery making: Covered by the U. S. basic patents and can be used by no other battery manufacturer but Vesta. The advantage of this improvement is the Indestructible Isolators by locking the plates apart prevent short circuit of the plates—a common cause of battery deterioration and a most expensive damage to repair. This interlocking construction prevents the plates from moving a fraction of an inch and rubbing the wooden mats.  
 As the Isolators are made of celluloid, a material not affected by battery acid, they remain in place, keeping the plates apart until the battery is entirely worn out from natural causes.  
 If you practice true economy you will buy a Vesta, for with this improvement which doubles its life, a Vesta costs you no more. They are made in all sizes for all cars.  
 Dale Brothers, 36 Cortland St. will be pleased to care for your needs at all times.

Melted.  
 "So you have made up with Gipping?"  
 "Yes," said Mr. Twobble. "I couldn't resist the spirit in which his apology was offered. When a man comes to me and says he's sorry and unwraps a package done up to look like a pair of shoes and says, 'What we need now is a corkscrew, I'm not adamant, Mr., and in such circumstances I hope I never will be.'—Birmingham Age-Herald.

Like the Climate.  
 "When your wife gets angry does she cry?"  
 "Yes," said Mr. Meekton. "It isn't that warmth of her temper I fear so much as the humidity."
