THE GOOD "MAXWELL"

\$845.00 F. O. B. Factory. Reduced \$310.00 to Price of 1918

CHAL-MAX MOTOR CORP.
160 East Ave., Rochester, N. Y.

Maxwell Economy Nation Wide

Reports from widely separated points of good Maxwell gasoline records. That the good Maxwell gives remarkable economy performance in all parts of the country is indicated by recent reports received at the factory.

One report covered a tour in Pennsylvania and New York states while the other was a performance in California.

In the first, Mr. Otis Docketader, an architect in Elmira, N. Y. started on August 2 for a trip of several weeks duration.

He kept careful records up to August 29 and found that he had used 40 gallons of gasoline for a mileage of 1,055, or 26.4 miles per gallon.

Out in Modesto, H. E. Jackson, a Maxwell salesman for the James L. Robertson Company, took two newspaper men for a Maxwell demonstration. Slightly more than 300 miles were covered, much of it over rough, hilly country, and the car, which was a touring car taken from stock, showed an average of 27 miles to the gallon.

On this same trip Mr. Jackson negotiated two hills around Modesto which have given motorists trouble for years.

The J. C. Clancy Carting Company is now operating modern, well-appointed motor trucks, and also four other rigs. The vans are all well equipped for cross country hauling, and the company has given a very good account of itself in the rapid transferring of furniture, freight and merchandise not only on short hauls but on out-of-town moving as well. One of the reasons that the J. C. Clancy Carting Company has acquired the position it now occupies in this field is due to the fact that on all jobs some member of the firm has given his personal attention to the work. Unusual care and time is devoted to the proper packing and carting of valuable articles, resulting in a record of little, if any, damage being done to property entrusted to the care of the Clancy Carting Company.

They recently did some very fine work in moving several families' property for the General Electric Company. J. C. Clancy and his sons are adhering to the old time principles of square dealing and dependability, and have rightfully gained considerable recognition among the industrial commercial and private interests of Rochester and vicinity for the fine class of service that they are rendering to this community.

Life never rises any higher than the belief. The man who believes wrong will behave wrong.

Some artists pretend to be wedded to their art, whereas they have never been even engaged.
