Examination First--
To determine the extent of your eye trouble, it is necessary to make a detailed examination before advising the use of glasses. In some cases, glasses would not prove beneficial, therefore, we would not recommend their use.
Our complete examination means satisfaction to our patrons

MAKE IT TIGHT!
Your roof will be battered by many a rain storm before spring comes. It will pay to go over the gutters and corners with Lowe Bros.' standard Metaltic Paint to guard against damaging leaks.
And if the whole roof needs a protective covering we strongly recommend an application of VALDURA, which deposits a rubber-like film, impervious to water, acids and alkalis and permanently pliable. Its cost is very reasonable.
