F. O. Schmitt

The Schmitt sheet metal works, which
is located at 244 1/2 Clinton Ave. North,
was first established on East Ave. by
F. O. Schmitt, who through the fine
class of work completed, for patrons,
was soon forced with the increase of
the volume of his business to move to
larger quarters Mr. Schmitt bought out
the Cramer Radiator Works on East
Ave. 1919. In starting business for
himself he was for fortunately favored
with previous practical experience
ranging over a period of 12 years, learn-
ing his trade with Flesch & Schmitt
with whom he was employed for some
8 years.

In his present quarters at 244 1/2 Clin-
ton Ave., North, Mr. Schmitt can easily
accommodate 10 cars. He has the most
modern radiator repair outfits for doing
fine work. It may well be stated that
Mr. Schmitt understands sheet metal
construction in the various branches
practically from A to Z. He is doing
some fine work in the manufacturing
and turning out of zinc gutters for
houses. He stands back of work of
this character with a 25 year guarantee.
In the repairing of fenders and taking
dents out of automobile bodies, the
Schmitt Shops have turned out some
very creditable work. He has only
skilled workmen in his organization,
men who understand both cornice and
ventilation work. Mr. Schmitt may be
reached by phone Main 7494, and his
slogan "It pleases us to please you"
truly expresses the spirit of the F. O.
Schmitt sheet metal establishment.

Change Cars to Closed Models At Low Cost

The auto body building department at
Wolf & Whalen's, 123 Mt. Hope Ave.,
offers an economical agency for car
owners, who wish to turn their touring
cars into closed models. This depart-
ment, which is under the direction of
expert cabinet makers and upholsters,
can change an open car to a closed
model for approximately one-half the
difference between the original cost of
an open and closed car.

The service is particularly attractive
to automobilists who, after purchasing
an open car, get a desire for a closed
model. In many such cases, the car
owners are deterred fulfilling their
desires by the loss involved in turning
in their cars and purchasing a closed
model. Wolf & Whalen will be glad
to make estimates on the cost of incor-
porating cars of any make or design.

Poorly Equipped.
"Why how some people try to get
along with no household equipment at
all," remarked Juggins. "Why, those
new neighbors of mine haven't a lawn
mower, a hose, a stepladder, a saw, a
fishing rod, an ice cream freezer or
any new books."
"How in the world do you know they
haven't?" asked Muggins. "Why, the day
after they moved in I stepped over in a
neighborly way and tried to borrow those
things."
—New York Sun.

Quite the Opposite.
"So the new piece last night was a
frost." "No, a thaw—the audience
just melted away."
