Here Many Years
 The Ideal Wet Wash Laundry Co.—Phone Main 7821—this city, have been established for 12 years and is the only laundry in Rochester doing wet washer work exclusively.
 Service is the cause of the success of this laundry and Business is built on the fact that they call for the washing, wash it, blue it, wring it out and deliver it, all within 24 hours.
 Each wash is handled entirely separate from any other and does not come in contact with others at any time. Aside from eliminating chance of loss, or inconvenience through mixing, this feature is most desirable from a sanitary standpoint.
 The courteous of our delivery men is another agreeable feature, as they are always ready to satisfactorily adjust any just complaint.
 No chemicals are used and all washings are done by use of soft water and soap, only.

Thinking of Renovating
 This is the time of the year the housewife—and man of the house as well—begins to notice the interior of the home for the next several months are the indoors months. They see that a fresh wall or floor finish will make a vast improvement in appearance and act as a preservation as well.
 Mr. L. F. Wickman, corner Hudson Ave. and St. Jacobs St., carries a very complete line of the Patton products. Mr. Wickman calls special attention to the Flat Veluming Paint for walls and the Princess Florhite for floor finishing.

Henry A. Weber
 Economy is the style this year, and thrift the watch-word. Men and women are doing with fewer clothes and fewer luxuries.
 To those who this season are getting along with fewer clothes than usual, we know that the service offered by Mr. Henry A. Weber, 536 Portland Ave., cor. Clifford, will be particularly pleasing. Mr. Weber specializes in all kinds of repair work including also both steam and dry cleaning, pressing and altering. He has been located on Portland Ave. for the past six years and the ever increasing number of satisfied customers of Mr. Weber is proof that it pays to turn out first class work and render real service in every meaning of the word.

How It Started
 THE BALLOT.
 IN ORDER to keep votes and opinions secret the ancients resorted to some form of vote. The Greeks used oyster shells (ostrakon) to vote on the banishment or ostracism of men; the Romans used tablets or tabellae. The printed ballot was used in the New England colonies in the earliest days of their history, but its use in Europe was not until later. In 1710 it was proposed by the English parliament but was rejected. The French chamber of deputies used it in 1840-1845.
