**Pritchard Storage & Ware-  
 house Co.**  
 The Pritchard Storage & Warehouse  
 Co. located on East Main St., likewise  
 situated on the mainline of the New  
 York Central Railroad is well placed at  
 the hub of the residential and commer-  
 cial districts, and is undoubtedly one of  
 Rochester's largest, if not the largest,  
 modern fire-proof storage and warehouse  
 company. The Pritchard Storage &  
 Warehouse Company was incorporated  
 in Oct. 1918 for \$350,000.00. Its officers  
 are Albert R. Pritchard, president;  
 George H. Robinson, Vice-president and  
 Edward W. Wardin, Treasurer and  
 General Manager. In opening their  
 warehouse here the company remodeled  
 the old Pritchard Stamping Product  
 property, with a view to extending to  
 Rochester's commercial and industrial  
 interests modern and up-to-date storage  
 and warehouse facilities. The entire  
 building has double doors with asbestos  
 linings, and brick encased stairways.  
 There is in all 150,000 square feet of  
 floor space, served by a 2 car direct  
 switch running into the building, thus  
 having the distinction of being the  
 largest warehouse on the main line of the  
 New York Central between New York  
 and Chicago.  
 This fine fire-proof warehouse is well  
 arranged for the storing of household  
 furniture, with vaults for the protection  
 of valuables, silver-plate, etc. The  
 property is protected by every known  
 means of fire apparatus; in fact all  
 buildings are fortified with the well  
 known sprinkler system, and the com-  
 pany is thus favored with one of the  
 lowest rates of insurance.  
 The dependable service that is given  
 by the staff of the Pritchard Storage &  
 Warehouse Company, eliminates all  
 worry of having to pack furniture for  
 storage or shipment; this all-being done  
 by men who understand their business  
 and are well-trained in the right way of  
 packing valuable properties. All goods  
 are stored in light, clean and airy  
 quarters, charge being made only for  
 the space occupied. A fine feature of  
 the service is the King shipping cases,  
 which may be supplied if desired on the  
 out of town shipping of goods, this King  
 case being a large metal case, just the  
 right size to allow three for a van. There  
 are special quarters for the storing of  
 pianos, pictures and clocks where the  
 proper temperature is maintained at all  
 times. In fact the safety and integrity  
 of the Pritchard service has won a confi-  
 dence and patronage in this community  
 that embraces many of the best business  
 and private interests in the city.  
 Mr. Wardin has built up a well round-  
 ed organization giving steady employ-  
 ment to 22 people, all skilled and well  
 trained in the various departments of  
 the work. This firm may well be term-  
 ed specialists in the field of moving  
 distance hauling, and the safety and  
 integrity of their service is best veri-  
 fied by the remarkable business that  
 has been built up in a comparatively  
 short period of time.  
 The Pritchard Storage & Warehouse  
 Company has rightfully earned the  
 confidence of those seeking good storage  
 and warehouse facilities, a real service  
 in this field.  
 Perfectly Healthy.  
 "Is this son you speak of esse-  
 escent?"  
 "No! he's as healthy as any boy you  
 ever saw."
