Good Start

The suggestion by Mr. Eastman that a committee, representing all parties to the telephone controversy, investigate the entire question of rates and metered telephone service and endeavor to reach an amicable adjustment has borne fruit.

To our mind, the committee would have done better if it had held its sessions in a public place rather than at the Chamber of Commerce Building. Rightly or wrongly there is a feeling prevalent that the Chamber is an exclusive organization and that only members or those persons who are invited by members are cordially welcome there.

Drives

Selling campaigns or drives are the methods now in vogue to increase membership in organizations; to raise funds for benevolent, religious or philanthropic organizations or associations.

The K. of C. is in midst of a drive for new members. Next comes a drive to raise needed funds to enlarge St. Mary's Hospital. "Let's Go!"

The Rochester Humane Society... The baby children of foreign immigrants to enter the United States should be at once amended.

Exit Will Hays

Like Kenesaw Mountain Landis, Will Hays has yielded to the seductive appeals of Big Enterprise to render great public service. Unlike Kenesaw Mountain Landis, Will Hays will not continue on the pay roll of the United States Government.

We are recalled that the "Looker-on in Washington" of the New York "World" a few weeks ago wrote thus of Mr. Hays:—The association of ideas connects Mr. Hays with the movie for Mr. Hays is the spirit of the five-reel. Ordinary language does not seem to apply to him; only the terminology of the silver screen does him justice.

Object Lesson

Just as a reminder to many of us older Catholics and, especially, to those younger Catholics, who feel it beneath their dignity to serve at mass as soon as they have achieved the distinction of long trousers, the following human interest item sent out by the National Catholic Welfare Council News Service is of interest:

There was a slight stir in the congregation at St. Paul's Church at 15th and V streets at the eight o'clock mass the other morning as the Rev. Thaddeus O'Sullivan turned to the congregation and asked the question.

Whether it be that we are retreating or that the American conscience does not realize the enormity of offense against the Volstead law, the fact remains that there are thousands of men and women drinking intoxicants now who never before tasted intoxicants.

It does seem that an immigration law so inelastic as to prevent the baby children of foreign immigrants to enter the United States should be at once amended.

Use Of Paper

Just how much paper the United States Government uses may be gathered from the estimate made by the public printer:—In his annual report to Congress, that if that used during the fiscal year ending on June 30th were spread flat in a thickness of a single sheet, it would cover approximately thirty-five square miles. If it were made into octaves books and piled, the top of the pile would be 500 miles in the air.

Rochester Knights of Columbus, for the sake of the record, should investigate the brand of American history taught in our public schools.

Congratulations to the Rochester "Democrat & Chronicle" on the beginning of its ninetieth year of its journalistic existence. It is a wonderful record made by a wonderful newspaper.

George Wharton Pepper is a great lawyer. So was Senator Knox. But the latter was a lively cog in the Cameron-Quay-Penrose machine. How about Senator Pepper? Time will tell.

If George Eastman can reconcile the Rochester public and the Rochester Telephone Corporation it will be a notable achievement of a notable career.

Of course there is no connection between the drop in the price of bread and Attorney General Daugherty's announcement of renewed activity of the Department of Justice against the rascally food profiteers.

Rather neatly put by the Rochester "Times Union"—The part of hell that isn't paved with good intentions probably is paved with war-inventions.

John J. McInerney will put the Rochester K. of C. on the map. Jack never was a shrinking wood violet.

Bishop Hickey Assists At Installation Of Bishop

Ogdensburg, Jan. 18.—The Rev. Joseph Conroy was today installed as bishop of the Catholic diocese of Ogdensburg in St. Mary's Cathedral by Archbishop Patrick J. Hayes of New York. Over 200 bishops and priests, including the highest church dignitaries in the east and Canada, attended the installation.

Bishop Hickey of Rochester celebrated pontifical mass. Judge John Hogan of the Court of Appeals, a boyhood friend of the new bishop, was one of the lay attendants.

A. A. R. I. R. Elect Delegates

The regular meeting of the Rochester Council, A. A. R. I. R., was held in Maennerchor hall, Wednesday evening. Delegates to the state convention to be held at Utica on Monday, February 13, were elected. The Board of Directors met in the same hall on the same evening.

Weekly Calendar Of Feast Days

(By N. C. W. C. News Service.) Sunday, Jan. 22.—St. Vincent, martyr. He was archdeacon of the Church of Saragossa. He was brought before Diocletian, during the persecution of Diocletian, and died in prison after suffering most brutal tortures. His relics are preserved to this day in the Augustinian monastery at Lisbon.

Monday, Jan. 23.—St. Raymond of Pennafort, of a noble Spanish family, showed a devotion to Our Lady which prompted him to renounce high honors and enter the Dominican Order. He converted many Saracens before his death at the age of 100 in 1225.

Tuesday, Jan. 24.—St. Timothy, a convert of St. Paul. He was first Bishop of Ephesus and there received the two epistles that bear his name. He died for the faith in Ephesus.

Wednesday, Jan. 25.—The conversion of St. Paul, who while on his way to Damascus was surrounded by a light from heaven and struck to the ground. He heard a voice saying: "Saul, Saul, why persecutest thou Me?" When Saul answered: "Who art Thou Lord?" the voice responded: "I am Jesus, Whom thou dost persecute."

Thursday, Jan. 26.—St. Polycarp, a disciple of St. John. He was Bishop of Smyrna and there withstood many persecutions. He was tied to a burning stake, but the flames could not harm him, and eventually he was stabbed through the heart.

Friday, Jan. 27.—St. John Chrysostom, who gave up a world that courted and admired him to retire to prayer and solitude. He was ordained Bishop of Constantinople in 398 and abbreviated the long liturgy then in use in order that more might attend mass.

Saturday, Jan. 28.—St. Cyril of Alexandria. St. Cyril became Patriarch of Alexandria in 412. In 423, Nestorius, Bishop of Constantinople began to deny the unity of Person in Christ and to refuse to the Blessed Virgin the title of "Mother of God" and St. Cyril denounced him to the Pope. While the saint had to suffer when the council deposed Nestorius, he lived to see his views accepted and the return of many who had attempted to weaken the doctrine of the Incarnation.

DANVILLE, N. Y.

Danville, Jan. 17.—Mrs. Walter Knapp has resigned as organist of St. Patrick's Church after twelve years. She became organist when young, succeeding an older sister, Miss Ellen Bacon, while still a school girl. During all those years of faithful service Mrs. Knapp has given freely of her musical ability, her voice and her strength, oftentimes playing and singing the week-day requiem masses with no assistance. Her resignation is because of illness.

The amount of the Christmas offering for Rev. John E. Masseth by the congregation of St. Patrick's Church amounted to a little over \$600. Father Masseth thanked his people on Sunday. St. Patrick's is the smaller of the two Catholic parishes in Danville, and it is not so many years ago when \$200 was considered a very good Christmas offering.

Killed in Kansas.

An Emporia hunter has killed a bird which seems to be a combination of duck, goose and buzz saw, being the size of a goose, having the appearance of a small teal, and boasting a saw-tooth bill. Without doubt it is the well-known carpenter-bird which was common in the district south of Emporia in the days of our youth. A closer inspection will reveal that it has a hammer-shaped head and nails on its toes. It saws boards with its bill for its nest and nails them together, and goes on strike during the busy season.—Kansas City Star.
