He drew fascinating pictures of the incomparably beautiful old campanile of the mission whose bells rang out their messages of peace and faith long before the Liberty bell in the tower of the State house in Philadelphia rang out its deathless message in 1776.

Last summer I spent several weeks in the woods and lived as nearly a natural life as one well could. That is, everybody wore the kind of clothes he wished to, and did about as he pleased, without regard to fashion or arbitrary social custom.
