Miller Drug & Electric Co.

On Dec. 10th, 1919, the Miller Drug & Electric Co. opened their doors for business at the corner of West Main and Elizabeth St., the same location has had about fifteen years experience that the same family have occupied for as a cosmetician and has, during this more than sixty years. The business time, made a most intensive study of now under the direction of A. J. Miller her work.
Jr. and Edward A. Miller has grown steadily and now employs thirty six persons in the different departments. Each department is under a trained man making an efficient force. The stock of drugs is one of the most complete in the state; and the beautiful fixture display room on the second floor, the Miller Building is a surprise to those who see it for the first time. Electrical contracts are now carried on in all adjoining counties, and whenever a new electric line is extended into a territory the Coffield Electric Washing Machine and the fixtures purchased at the Miller Drug & Electric Co are among the first to lighten the labor and the life of the new electric friend.

Marinello Shop

Florence Armstrong, 81 East Ave., Miss Armstrong
April, it has built up a considerable business and the future looks most promising.
This firm is prepared to do all kinds of glass work and among the specialties are all grades of glass tops for desks and varied pieces of furniture, shelves, mirrors and likewise the re-silvering of mirrors.
Just at the present time, Mr. Beardsley tells us they are doing a flourishing business, and the colored glass visors for automobile use which are now so popular and helpful are being sold extensively.
Mr. Harmon L. Beardsley, who is the manager and personally supervises all work, has had eighteen years experience in the glass and glazing business and is, therefore, not a novice in the business.

Powers & Vail

For the past thirty-four years Powers and Vail, 55 State St. this city, have been giving service in the billiard line in Rochester and the surrounding towns and cities in New York State.
Recently they reorganized to enable them to extend their business to the adjacent States. Their pool and billiard tables can be found in Pennsylvania and Middle Western States. Their repair work and billiard bowling supplies can be found all over the country. Their line of pool, billiard and bowling supplies, like their tables, are standard and their prices are reasonable which accounts for the large territory over which their business extends.
Estimates for putting the pool or billiard table in your home in first class condition are as reasonable and as cheerfully given as are estimates given the largest billiard rooms. Their work in all of the clubs and hotels of the State, large and small, has proved to be satisfactory. They stand ready to give you the same service.
They also handle the Burrows Tables in all sizes. These tables have filled a long felt want in the homes. They take up very little space when in use, when not in use they can be folded up and put in the attic or other place.
One big department store in St. Louis is equipped with a spacious garage, where customers may park their cars free of charge.

While The Beardsley Glass & Glazing Co. Inc., located at 1 Frank St., has been established only since the first of April, it has built up a considerable business and the future looks most promising.

And So They Parted.
She flushed embarrassedly as she caught sight of him at a party.
"Harold Moonleigh!" she murmured. "Poor fellow. How broken up he was over my refusal of him."
Moonleigh wrinkled his forehead as he caught her looking at him.
"Now where the devil have I seen that woman before?" he asked himself irritably. — American Legion Weekly.
Soon the merrymen will begin to flirt with the ocean swells.
Great opportunities come to those who make use of small ones.
