### "No Job Too Big or Too Small"

That is the motto of the Rochester Brazing & Welding Company, H. E. Francis, Proprietor.

Have you an idea to what an extent welding is carried on. To break a steel fixture nowadays does not necessarily consign it to the scrap heaps and call for a new one. Just call up the welding company and the broken parts are joined together as good as new. Don't believe it? Just try the Rochester Brazing & Welding Company the next time you break a steel, brass, bronze or aluminum fixture and be convinced.

Mr. Francis has been in the brazing and welding business for twelve years and both he and all his employees are expert welders.

As said before, no job is too big, no job is too small for the Rochester Brazing & Welding Company to tackle. They are centrally located at 236 Mill Street. Phone, Stone 5077. Estimates will be furnished and all work guaranteed.

### Fresh Home Meats

If you buy your meats from Andrews Market, 73 Front St. you need not fear the effect of the railroad strike in delays in shipment of food products as Andrews sells home meats, raised at home, butchered at home and dressed at home, sold by home cutters for home people.

You know your meat is fresh, juicy and tender if you purchase at Andrews. And because he does all this he does not raise his prices. You will pay no more for fresh home meats at Andrews than you do for the foreign meats shipped in here.

Andrews figures that the more meat he sells at standard prices, the quicker he turns his money over and that the very best advertisement he can have is a regular line of satisfied customers.

Andrews market is tastily arranged. His appliances are all sanitary. His cutters are courteous and obliging. If you think we exaggerate just call around to Andrews, 73 Front St. and you'll be convinced.

### Too Hot To Cook

Well the weather certainly is enervating and when one has stood over the range all day the thought of preparing and baking pies and pastry is exasperating even to the most evenly balanced nerves.

If you know where to purchase pies and pastry like mother used to make, with flaky crust and cake that weighed light, like feathers, yet tempted the palate you would not bake these hot days would you.

Just take a tip from Father. There's a place in Rochester that makes pastry of all kinds so nearly like Mother's that she herself would be hard put to tell the difference.

You can buy pies of all kinds here. Pastry that melts in your mouth. Cake that delights the eye and the taste. And Bread. Say boy you could make a meal on the East End Home Bakery bread. Thick slices with fresh home butter and you have an appetizing eatable that would tempt the Epicures.

And the East End makes a specialty of Almond Macarons. Try them if you have not already done so and you'll be a steady consumer.

East End Home Bakery, 386 Main St. East.

### Building a New House?

Thinking of building a new house? a new factory? a new block? or of repairing the old one?

Of course if you are you want to equip it with the latest and cheapest heating plant?

Then the man for you to consult is W. A. Horn. He estimates on and installs the very latest and most improved heating plants—Vapor Vacuum and Hot water systems.

Horn is also an authority on high and low pressure steam fitting. In short he is what might be styled "a Doctor of Sanitation, heating and power equipment. What he cannot tell you himself, he employs experts to figure accurately and up to the minute.

When one wants high class work—the best is the cheapest. Horn will fill this specification. He will not touch a job where he cannot install high grade work or materials and his charges are as low as good work can be done for. W. A. Horn, 208 Commercial St. or Phone Main 6875.

### Great Stuff.

"Gonna put Hamlet in the films?"  
"Can get some great effects with the ghost."  
"Huh?"  
"Look at the way he can fade in and out."—Judge.

Polliteness eases the jolts in life's journey.
