DAY AND NIGHT STORAGE

Wick & Bedier Gas Station, opposite Church Street, 29 Plymouth Avenue. Very central and handy when motoring through the downtown section. Store your car here day and night. Always open. Man in attendance at night.

You need have no fear in letting us take care of your car as we change your tires and wash your car while you wait so you can see just how we work. It is a mark of your character, no reason for riding around in a dirty, dusty machine. We are at your service and ready at all times to do your work.

We sell brand new tires or ones that have been slightly used at the lowest prices. Call in and see them. We can fix you up in fine style. Our vulcanizing is guaranteed, so you are protected if you leave your tires here. We will do our best to please. We also carry Mobile Oils in one and five gallon cans and in bulk. You need this for your car to keep it in good running order. Stop here on your journey home and get a supply.

DRINK COCA-COLA

It really does not seem necessary that we should have to say much about Coca-Cola. It speaks for itself, but if we should sit back and take life easy, and not take the Lyell Ave. car to Hague fail to bring the quality of our goods before the eyes of the public, people would begin to think we were losing interest and would turn to the new beverages placed on the market, which are all good, but we know that our bottled goods, a case, any of mixed variety containing Orange Crush, Lemon Crush and Ginger Ale reach your home, we will have your name on our books as a regular customer.

We will be glad, and we are sure you will be, to have you try our other cooling beverages. Just call us at 190 200 Berlin Street. We deliver in cases and when cases are empty our driver calls for the bottles. Special attention given to soda fountain and clubs. Leave your order and it will be filled at once. No delays.

Coca-Cola Bottling Works

A man can make or lose a fortune while two women are saying goodbye to each other.

If a man will stand for being petted his wife has no earthly use for any other pet animal.

One resents being bossed by his neighbor, and just as much by a thousand of his neighbors.

'DURABLE & ARTISTIC FLOORS'

Times have changed. We are all looking for something different. You, Mr. Home Builder, want the latest, and this must be durable and artistic. The plain floor is only used once in a great while. The general public call for a design underfoot, which will give the service and wear, yet is a study of art in wood. We, the Flower City Parquet Floor Company are at your service. Let one of our men call and show you our display catalogue, then we will go ahead and lay those floors which will give you the greatest satisfaction. You will perhaps, have the distinction of having the first of its kind among your friends and neighbors. They will be so pleased, that when you tell them who did your work, we will get their business too.

We strive to satisfy. Let us hear from you. 351 FOURTH ST., Chase 82-R.

COMFORTABLE PORCH FURNITURE

There is still time, so we read in the weather bureau reports in the daily papers, to make use of our porches and willow furniture is so cool and comfortable, you are sure to be interested.

We sell direct from the factory. Why not take the Lyell Ave. car to Hague Street, 21-22 Weicher Street, the corner of C. M. Lenhard, and see our wonderful display showroom in connection with our factory. There you will find before you the finished product of our factory. We carry a complete line of willow furniture and willow baskets.

These are not only good on the porch, but make a cheerful appearance when stained and cushioned for your living room. Very comfy in your bed room. All kinds of baskets you will find, such as wash baskets, clothes hampers, flower baskets, clothes hampers. It is interesting to see the many different styles, and you may be able to find something here you can give to some of your friends as gifts, and also for yourself.

Came at any time and we will be pleased to show you through our factory so that you can see and know just how our furniture is made and that we use only the best of material.

It is difficult for a young man to understand what attractions his sister has for other young men. No woman would ever quarrel with a man if it were not for the pleasure of making it up again.
