Qualtop Beverages

Made in a Sanitary Plant

The lubricating oil that you use in your motor is of vital importance to satisfactory performance and economical operation of your car. By using MONOGRAM lubricants you insure complete lubrication and freedom from carbon trouble. You will notice the difference when your motor is running on MONOGRAM.

GOOD BATTERY SERVICE

Good battery service is truly great only when it is given adequate interpretation. For all good machines you need good batteries. Here at Haag & Latour Battery Service, 70 Jefferson Avenue, you will get just that service you are looking for. It is safe to trust your battery in the hands of an old conservative Battery Station like this. We replace and recharge them at a nominal charge and give you the biggest surprise you ever had. Batteries recharged by us reflect our knowledge of the work. We are experts in the science of battery troubles. This is the place to get what you want, when you want it. All work done by experts. Prompt and careful service is the watchword of our business. When you call us, Genesee 3238, you may feel perfectly sure we will respond quickly with first class attention with regard to your batteries and the care of same. High grade battery service, the kind that makes you feel you have not spent your money in vain.

EVERYTHING ELECTRICAL

Walke Electric Company, 165 North Clinton Street, are at your service to show you everything electrical. Come in and see the new electrical supplies and appliances to be used in the home. We have in stock the new Universal round heel iron, is wrinkle proof, is an iron embodying an entirely new principle of construction. It has a round round heel iron, is wrinkle proof, is an beveled edges and tapered point. It sets into ruffles and flounces and never gathers or wrinkles it. Heats quickly, stays at high temperature when ironing heavy pieces. Should be of interest to every housewife. Let us show it to you, we will be glad at any time to demonstrate it for you.

There is every electric home need to meet every demand here. Toasters, which quickly turn bread into golden brown toast; grills, a complete meal possible right at the table; quick warmth and cheer with a portable radiator; wonderful waffles without smoke or odor; Electric curling iron with a separate attachment plug; heating pad to supplant the old hot water bottles and charm away the pain. All these and many more can now be had at a lower cost than for years. Call us, Main 3927 or figures and estimates on wiring and fixtures. We have experienced electricians who will give you first hand information about your wiring and will direct and help you in your selection of fixtures for your home. A large part of our business is made up of highest grade materials and afford to sell it under our low overhead workmanship and therefore we can expense at very attractive prices.

Right or Left-Eyed?

Few persons, perhaps, realize that they are as much right or left-eyed as they are right or left-handed.

Sit down in a chair and fix your attention on some object on the other side of the room. Quickly hold your finger up right in front of the object, and instantly shut your eyes. Then, without moving your head or your finger, open your eyes one at a time. If when you open your right eye you find your finger directly in front of the object, you are right-eyed. In that case, you will find your finger very much to the right of the object when you open your left eye.

If you are right-handed, you will almost probably find that you are right-eyed.

This is due to the fact that of the two halves of your brain one is slightly more developed than the other. And the organs and limbs on that side of your body which is controlled by the more developed half are able to carry out your wishes more easily and quickly than those of the other side.

BY OUR OWN OWL

No man knows how foolishly he can act until he attends a five-o'clock tea. A man finds it easy enough to get along after he once gets started down hill.

LET ME WASH YOUR CAR

If you want first class auto washing, all and let me do it. The facilities of my garage will enable me to give the highest type service to all car owners in Rochester and vicinity. I have not overworked anything that will help me render the most honorable, dependable and satisfactory service. For the first time you can have absolute freedom from the grimy, grouch breeding job of washing your car when you let me do it. That is my work and I thoroughly enjoy it and I am at your service.

The wise man will purchase good work at a reasonable price but will pick the garage and workers that will give service, therefore why not me, Archie Switzer, 55 Richmond St., rear, or 55 Haag's Alley, just off Main St. You have tried others now try me. Special attention and care is given to the inside of your car or coupe. I vacuum sweep and clean the cushions in your car, and make both the outside and the inside look like new.

I can scarcely emphasize too strongly the particularly high grade of my equipment. It is quite unusual and worthy of earnest consideration of everybody in any degree who is interested in a machine. The reputation of my garage is ample guarantee of service, satisfaction and saving. I will make arrangements to give your car a thorough washing and cleaning.

PRACTICAL, VALUABLE AND LASTING

It is our purpose, Hamilton B. Wills Company, to give lasting service to our clientele without cost—to give it to every investor whether his fund totals a cordial invitation to utilize this service freely wherever you reside. Direct \$100 or \$100,000. You are extended a private wire—unexcelled service. The only direct wires to Cobalt and porcelain.

Preferred and common stocks of sound and well managed industrial enterprises that have an established record of earnings and have paid dividends regularly.

Our record, Never lost a dollar for an investor. Our specialty, dividend paying stocks or those that have extra ordinary prospects. Come here to my office, 25 East Main St., or call me, Main 5445 and I will give you the right tip on how to make your money grow.

No "If" About Dying;

A wealthy man, in getting his "house in order," was heard to remark: "Now, I've arranged all my papers for my family, so that if I die—"

"If you die," interrupted his lawyer; "say when you die, there is no 'if' about dying."

There is food for thought in this incident. We are all prone to look at the matter as did this wealthy man. We think of the future with the conditional stipulation—"if I die," and frame everything around that "if." As a matter of fact, there is nothing more certain than death. It is when and not if.

First Great Waship

The first real advance in securing stability and great carrying power in a ship was made by a British architect, Phineas Pett, who built the Sovereign of the Seas, to carry 100 guns, in 1637. After launching he found that her enormous upper works, in which he had followed the fashion and, incidentally, the shipping defect of his period, made her somewhat unstable. So he took her back, boldly swept away all the cumbersome upper fittings, increased her length, gave her two decks instead of the original three, and refloated her as the Royal Sovereign.

Under this latter title she remained for 80 years the finest, staunchest, and most easily-handled vessel in the British navy, far in advance of any other ship of her kind in the world.

our deeds determine us, as much as we determine our deeds.—George Eliot.
