"When the right man comes along you'll know it, Nan, whether you are at a dance or buying chops at a butcher's. I believe that there is a fate guarding these issues of life. Perhaps it sounds foolish for an old woman like me to say such things, but it is one of my pet theories, grounded in innumerable cases of fact that I have observed."

See Eve as Idealistic Woman

Most human women if they had their choice to be anything they wished in their sex, would rather be Eve, according to results of a vote recently taken by one of the Roman papers. The argument advanced for being Eve was that she, of all women, had never away from home and there was no other woman on whom she could cast an alluring glance.

Unearth Home of Cave Man

One of the most comprehensive of many finds of relics of prehistoric man in Austria has been discovered in a cave near Mantz. The cavern known as "Dragon's Den" is being excavated for enormous deposits of phosphate. In a side cave 1,000 yards from the opening, evidences of human occupation in ancient times were uncovered.

Water Power in New York

New York state lends the country in the amount of its developed water power with 1,300,000 horsepower. California comes next with 1,111,100 horsepower. These figures place New York state almost on an equality with the most progressive countries in water power development in Europe, where France leads with 1,470,000 horsepower and Sweden 1,200,000 horsepower.

EVERY place een deesa counti, now gotta trouble. When da was on seemn lika everybody gotta same idee. Only thing wot make trouble free, four year ago, was da fight each make da strike or da keek boot something. Only the gots da wa-putta kaiser on da bum.

Spectacles for Horses

It appears that among the many unique inventions of a more or less practical nature there are spectacles for horses. The purpose is said to be not to improve the sight, but by causing the ground in front to appear nearer than it really is, to induce the horse to take high steps.

Smoking Car for Women

"Smokers" for women not make their appearance in British trains, notes the Scientific American. Women have been crowding the men's compartments to an uncomfortable degree—not, officials say, because they want to ride with the men, but because they insist on smoking while traveling.

English inventors have developed a self starter for airplanes that is operated by an aviator pulling a lever from his seat.

Breathing Space

The modern ideas of education are all very well as far as they go, but there is an old and well-tried proverb which says that a little knowledge is a dangerous thing. Perhaps that is why Johnny Jones's essay on air rats like this:

One Way of Doing it

The doors of the new house had shrunk horribly, as is the way of the modern door made of nonseasoned wood. The builder would not send the carpenter to repair them, so the householder tried the tropical method and wrote:

Dreams Come True

Mary Virginia had visited at least two county fairs in the four short years of her life, and thought she knew just what to expect when she accompanied her parents from Marion to the state fair this year.
