Put a Model to Children. In some of the little books which were published from 1890 to 1895 and a few of them even earlier, one finds the cat frequently set up as a model of good behavior, especially for little girls. She taught them by her example to wash their faces once a day, to look clean and neat, and when they walked out of doors never to step in the wet. One significant sentence reads: "It would be well for little girls to sit as still while they are learning their lessons."

Gold Horseshoes

Expense is not efficiency. Don't pay for gold horseshoes when you buy your printing. Sensible printing on sensible paper will save you money and get results for you. That is the kind of work we do and the kind of paper we use.

HONEST SERVICE

If you find the name B.P. that is all you need to know about a battery. It seems as though it should be enough to say, but we want to impress upon you the value of such batteries in your car. You may be sure that the battery which bears our stamp of quality, will outlive any make of battery on the market today. You don't buy a battery often, get a good one. Whether you buy the long lived, over-sized or differently designed lower priced they can depend on Bartlett-Palmer's quality. Honest service at a fair price. We repair and rebuild and also give a full charge of all batteries, be they of any make. Many automobile owners can now use their old batteries, with complete satisfaction. Learn to recognize our Battery Station sign, corner Lewiston and Dewey Avenues and then patronize us. B.P. Batteries are an investment, not a speculation. When you buy them you know they will pay you a profit in use and service; you know that you will be satisfied with their presence in your car. We are always ready to serve you and guarantee our repair work. Give us a trial.

Many a bad man has been cowed by the milk of human kindness. An ideal woman is one we frequently hear about but seldom see about. When an awkward man lends a hand he is apt to put his foot in it. Music has charm in the country where the houses are a mile apart. A fly is always the most defiant when the swatter is just out of reach.
