BUY YOUR GROCERIES HERE

Have you read the newspaper this week advertising the great bargains we have in our stores? Well, if you have not, get busy and study up, and make out your list and call at any one of our stores. You will find them located in all sections of the city.

We sell the best foods at the lowest prices. We are for the people and are giving them a square deal, as you will readily see, after you try the goods we handle. With our goods we give you Hart's Big Value Coupons, which you can save and redeem at any one of our stores for whatever article you select from the catalogue.

Why pay those high prices for food stuffs when by walking a few steps farther you can obtain them for three and four cents less. Is it not worth while traveling a little farther to be rewarded by obtaining those regular commodities at a reduced price.

BUY A SINGER

Buy a Singer Sewing Machine and you will find you have the best there is on the market, and the best part of it is, we are here at 399 East Main St., and a call from you, will bring one of our representatives to your house to explain in full the good qualities of the Singer. The years we have been in business has taught us that the women of today are looking for the best and most reliable machine which will do their work in the very best possible manner. We have made a complete study of the different machines and taken the good points from each one and centered them in our machine so you are making no mistake now, that you are going to buy a machine, in deciding on a Singer as we are positive you will get complete satisfaction.

Corn More Valuable Than Currency. Boxes of American grits are passing as currency in Georgia, Armenia, Azerbaijan and the Russia of the Caucasus. The laborers of these countries will not take a job to be paid in currency of the country, but 120,000 of them are laboring earnestly on road-building, irrigation, and sanitation for two and a half pounds of grits a week. This is said to be worth more than a basket of rubles.

Civilization will be at hand when every bedroom has a bathroom.

SAVE COAL

This heading should be of great interest to all readers. We can hear people say, "How can we save coal?" Just this way, by letting us be at your service by making your home comfortable by the use of storm sash, storm doors and combination doors throughout your home. We carry standard sizes in stock for quick delivery. Special sizes and porch enclosures to your order. You will find this a great saving on your coal by putting on these storm doors and sashes, because you are keeping out that cold air which will creep in through the windows. These windows are easily adjusted and can be easily removed with the spring.

We, Rochester Millwork Company, of 45 Warehouse Street, also do interior finishing and stair work. If you are thinking of enclosing your porch let us figure on the work. Stop in and talk it over with us and we will be at your service and do your work at once. The number of years we have been doing business is our guarantee. See us to-day so we can have your house fixed up before the snow arrives.

DOOR CHECKS

Let me, Van The Hardware Man, install a door check on that door of yours, to keep the cold and dirt out. Our facilities for repairing all makes of door checks are the most complete.

Maybe your looking for something to sharpen your knives, come here and let me show you a knife sharpener. Carry a complete line of tools, such as levels, block planes, wrenches, set of bit stocks, and drills, compass saws, nest saws, etc. Most anything in the line of hardware can be found here at the corner of Lyndhurst and North Street.

Better buy a good reliable imported Thermometer, so you can see what temperature in your rooms. Maybe you are a hunter and would be interested in a game trap. If so call here and make your choice. Always at your service. Best quality for your money.

A woman speaks volumes with her eyes and whole libraries with her tongue.

It is a waste of time to find fault with yourself. Lots of people will do it for you.
