COME AND SEE US
 Come and see me, Wreford Boon, I am something new in your neighborhood and want to ask you a question. Why go downtown to trade? If you call here and see my new, bright clean meat market and see the display of meats and fresh fish you will certainly call again, because I am so sure of the good quality of the meat I sell. I hope to obtain your patronage.

My market is new and clean and in your location and just what you have been looking and hoping for. One gets tired of trading in the same place and feels better satisfied when a new place is opened up. I do not say I am perfect, but say this that I am starting out with new ideas and have profited by others' mistakes and hope to prove to the public at large that I have the goods. Pay me a visit and give me an order, and if I cannot please or satisfy you, you need not call again. But I am confident enough to know that once you try my meats, I am going to see you here quite often in my store. It has always been my aim to please people and I will leave it to you as to the quality of the meats I sell. My store is located at 630 Chili Avenue.

CAR OWNER'S ATTENTION!

COULD YOU TELL THIS STORY?
 Music may be just a succession of pleasant sounds or infinitely more than that. It may tell a fine romantic story or it may portray some spiritual struggle that you yourself have experienced.
 To know these things, to understand the significance of the music you hear, is to enjoy it to a vastly greater extent. With a Diamond Disc Phonograph and Edison records you get a thorough understanding of music such as can be secured in no other way. You are enabled to observe closely and study every detail of interpretation and cadence and become intimately acquainted with all music.
 Then you discuss it with the same freedom as you discuss books, art architecture or the drama—and with the same satisfaction to yourself and to your hearers. We will arrange for your payments so that you can be having the use of your phonograph while you are paying for same. We, Erb's Music Store, located at 348 Ames Street, Phone us for particulars. Ever Cochet on Sand? Most youngsters think of sleds as delightful playthings, but, alas! they're for use only during snow time. However, a group of young citizens who live near the Hunt's Point station of the N. Y. W. and B. railroad have found a bill of a dusty sand which is slippery enough to allow of the use of sleds at all times.
 Any Saturday, or, indeed, any day after school hours they may be seen there in great numbers coasting down the hill, which is about 200 or 300 feet high and not far from the railroad tracks. Usually they get all the thrill and fun out of it that comes with snow sledding. —New York Sun.
