A NEW PLUMBING ESTABLISHMENT

Succeeding Walter J. C. Smith, who died in April, 1922 Mr. Frank J. Reynolds, for many years located at No. 202 Plymouth Ave. S. has established his Plumbing, Heating and Sheet Metal work shop at No. 386 Thurston Rd. in one of the most exclusive residential sections of Rochester, and being the only shop of its kind in this territory. Mr. Reynolds is making a specialty of different installations of plumbing and heating work at a very low figure, within the reach of all.
He will furnish and install a No. 25 Gas water heater complete for \$25, will install or reseat a Furnace coil from \$7.00 and up, will furnish and install a 30 gal. range boiler for \$28. The reason these few prices are so very low, is the very close distance to the work, which is a large saving to the customer. Estimates are very freely given no matter how large or small the job.
Mr. Reynolds has on hand several 1923 calendars of a handsome design which are very cheerfully given away for the asking. A visit to the store would surprise a visitor as to the amount of dining work for a so called outside shop. Very liberal terms are offered to those who desire same. Now is the time to have your repair work done, before the spring rush.

GOOD HEALTH BY REST

Sleep is nature's method of restoring the vigor of the body and without it good health is impossible. The basis of a good night's sleep is in the first place a comfortable mattress that will allow perfect relaxation of the muscles of the body.
When you made the beds this morning, did you notice whether your mattress had spread and become too wide for the bed springs and that there were hollows and lumps where the mattress should be supporting the body? With ordinary mattresses this is a common occurrence for because of their construction the effect could not be otherwise.
A Never-Stretch Mattress is the only one that scientifically overcomes these objectional features and gives you permanent sleeping comfort. It cannot spread or lump or lose its newness. Never-Stretch Mattresses are not more expensive, and when you figure the value of a good night's sleep that they give you, they really are worth many times their purchase price.

Ask your furniture dealer to explain why they are the best thing in sleep comfort that he can show you. They are made only by the Quality Mattress Co.
Helps Americanization.
An American Legion station in Nebraska broadcasts lectures on American traditions and American institutions so that foreign-born residents within range of the plant may make more rapid progress in Americanization.
Japanese Radio Enterprise.
Powerful financial interests of Japan headed by Viscount Shibusawa are endeavoring to obtain government support in the formation of a 200,000,000 yen radio corporation, which in the United States would be worth about \$100,000,000.

COME AND SEE US

Come and see me, Wreford Boon, I am something new in your neighborhood and want to ask you a question. Why go downtown to do your trading? If you call here and see my new, bright clean meat market and see the display of meats and fresh fish you will certainly call again because I am so sure of the good quality of the meat I sell, I hope to obtain your patronage.
I have placed my market in a location where I think you have been hoping one would open for a long time. One tires of trading in the same place and likes to try a new place and feels better satisfied with food stuff bought at a new establishment. I do not say that I am perfect, but say this that I am starting out with new ideas and have profited by others' mistakes and hope to prove to the public at large that I have the best line of goods.
Pay me a visit and give me an order and if I can not please and satisfy you, you need not call again. I however am conceited enough to know that once you try my meats I will see you often in my store. It has always been my aim to please people and I will leave it to you as to the quality of the meats I sell. Call and see me at 530 Chili Avenue.

THANKS TO PATRONS.

The Catholic Educational Co. wishes to thank their many patrons for their continued encouragement and support. It is largely due to the aid of their patrons that this Rochester concern, exclusive installment dealers in Home Statuary in this city, is able to produce a full and complete line of the most popular Catholic subjects in the realm of religious art.
Their Statues, manufactured of a hard durable composition of Terra Rosa, are painted with the best oil colors in the most decorative manner by artists trained only for the production of Ecclesiastical work.
Special attention is given to that part of painting which serves to express the true character embodied in each different subject by giving the face, particularly, that refined devotional dignity which the history of the subject suggests.
The Catholic Educational Co. is located at 430 Selye Terrace and would be glad to show their large assortment of Statuary to any one interested in Statuary, they will also be glad to answer inquiries or take orders over the telephone just call Main 7255-W.
This firm also carry a fine line of Crucifixes, home Altars, shrines and Viaticum cases.
Names of Famous Persons.
The pupils of the fifth grade in St. Joan of Arc's parochial school were asked to write a story of Christmas. A book was offered as a prize for the best story. It was decided that the authors should write the name of some famous person on the stories in order to keep the teacher from recognizing the writers of the stories.
The majority of the pupils wrote such names as George Washington, Abraham Lincoln, Woodrow Wilson and President Harding. The prize was won by a little red-headed youngster named Mike Fox. The name he had written on his story was Paul Castner. —Indianapolis News.
