In Made That Is by No Means lattering to the Delicacy Today.

The pancake of our futhers was a day is some miserable travesty of the bonest whole-souled pancake of reed tradition.—Toledo Blade.

INSOMNIA CAN BE BANISHED

Trouble is, With Too Many of Us That the "Prescription" is . Hard to Take.

There is a cure for insomnia, but it is likely to be something awful-a tenwalk in the country or sawing wood for four hours." One has to give up all other activities, it seems, when one "rassles it out" with insomnia. Noticely has time for sawing wood for four hours except deposed European monarchs favored ones of earth

whom even a recolution gives leisure orn countries to annatics in all respects Theodore Rossevelt, who enjoyed so amply all that the world had to give, ent down trees for purposes of bodily to cut down; so also, Gladstone. Hard, physical labor these great

well-being and it is thoroughly estab-Hahed that it is the best lure of sleep, haimy sleep, thed nature's sweet restorer. The point in that quotation is that one has to be tired; not tired nik if one gives his undivided aften tion by covotes, believes and panthers tion to it. That's the difficulty.-St. Louis Globe-Democrat.

The Ungainly Flamingo. The famingo, so beautiful in coloring and graceful in flight, is not especially beautiful in build. In shape if is midway between a goose and stork, ranging, when full-grown between 5 and 6% feet in height. Its unable to solve. humped body is supported on legs with a great fint, down-curving beak. the food morsels. During the nesting int the end of the month and is no real period the female builds a curlous gain. mound of mud like a tiny volcano, in of with legs drawn up like a gro lanswer. I can't."-Chicago Journal, tesque statue on a pedestul.

Oldtime Pharmacies.

Many ancient wood cuts show the lies and the brages of cities.

Handel Expurdated. The following ancedote is given in the preface to a copy of Dr. John Clark's edition of the "Messiah." the Shir Braham, and Muzio Clementi.

CAKES PIST AND PRESENT ANCIENT LAW STILL STANDS

Edict Issued by Roman Practor 2,290 Years Ago Held to Be Enforceable in Scotland.

A: Itomin practor's edict of 2,290 sole circular structure, spreading its years ago still affects lunkeepers and rinkled suburbs to the edge of the jostlers in Scotland. A Drainle farmer where the potter had wisely pro handed his horse to an ostler to be od terraces. The radius must have stabled, and the ostler placed it into a con all of three inches. Within the double stable, where, shortly after, a collaboration and sweetened, was second horse was placed. These two metery poetry, such giory and won- borses had previously shared a stall and delight and sameling savor and were known to be quiet and not that the hired man, facing the break quarrelsome. The furmer's horse was test table, ceased altogether to grumble sound when it was put into the stable, over a fate that got him out of had be but when he returned for it, it was fore dawn. Appetites in the good old found to be have on the off fore leg. days were magnificent institutions, the and two days later, on the advice of a Anest products of open-air fixing and vetermary surgeon, was destroyed service at the plow handles. But for The furmer sued the ostler and the these grand proportions no one judge dismissed the case which was could eat more than eight or ten pan appeared. The appear judge le'd that cakes at a sitting. The tidags were in law the Practorian chet of 267 B. alling. They took up room like a good C. applied and that the injury was farm horse in his stall. At a quarter not due to "the act of God." The past the zero bour everyone at the ford justice clerk said the case raised table cried "Enough," even the bired questions of importance and difficulty. men. The pancake of our fathers was The first question they had to decide no fluffy affair, after the manner of was whether a stabler fell within the ulating men. Then he would travel our modern desserts, that made a man practor's edict. After carefully conesk what he'd eaten after he'd eaten eldering the arguments addited and t. In a contest between neighbors in surveying the authorities cited, he was through old, crumbling cities filled Sicily of noble and rich parents Long Island village some time ago, a unable to find in modern law any warnative consumed 73 pancakes, 80 rant for the suggested discrimination. called. The incident adds to the sorry He was of the opinion that stablers, evidence that this is a decadent age. as well as inkeepers, according to the proof that the pancake of the law of Scotland, fell within the effet.

CONDOR GIANT AMONG BIRDS

California Species Bolleved to Have Exceeded in Size Its Cousin of South America.

Naturalists have determined that the California condor exceeds in size Its cousin, the condor of the Andes of South America, and is larger than the giant or wandering albatross which travels the occur lanes of the Pacific. south of the equator. The extreme wing expanse of the California condor is close to twelve feet. Through care ful measutements, the naturalist tearned that the condor of the south-One of these largest blids that fly

is on exhibition in the Natural History museum at San Diego, Cal. Beside the conder, the turkey buzzard, a invigoration; but then he had the trees smaller reintive, appears to be a He stoud near the quay, watching har dwarf. Both birds are carrion eaters. as feet, which show centributed substannes considered necessary for their Hally to the near execution or the condor. Naturalists of earlier years record that the condor was once fairly common in California.

the cares that infect the day, but directly responsible for the killing of tonly killed through the indiscriminate him and gave him a little nod. use of Arearms.

Problem in Psychology.

A commuter who spends most of his time on the train thinking instead of playing bridge or reading the papers has a new problem that he has been

"I buy a monthly ticket, which en sinasingly long, and thin, while its titles me to two rides each day, Sunwiender neck curves upwurds like a days included," he says. "I never big letter S, and ends in a small head come to town on Sunday and no I have four or five round-trip tickets The lower part of this beak forms a left over at the end of the month. deep, broad box, into which the upper When a hollday comes along I have part fits like a cover. When the bird another one Occasionally the con feeding on shellfish or water plans ductor falls to punch my ticket and In the shallows and fints the neck is I can't help having a feeling of extwisted like a corkscrew until the ultation, a sort of idea that I am head is upside down; then the top of shead of the game in some way Of the beak is pushed along through the course the extra ride is simply added mud like a scoop shovel, gathering in to the unpunched rides on the ticket
