Spend The Dinner Hour At The Odenbach
The Odenbach Restaurant Co. also conducts The Odenbach Coffee Shop and Delicatessen at 17-19 Clinton Ave. South. The special features at both these eating places are Fine Foods, Service and Environment with special Dinner Concerts at the Odenbach Restaurant by Krastke's Orchestra.

It's a common expression "We'll dine at the Odenbach." They have a large patronage from people over the surrounding territory. This is an indication of the great popularity of the place. From season to season it gains in popularity until to-day it occupies the position of being one of the leading restaurants in the state. The proprietor has appointed his place with all the latest fixtures to make it attractive to the public, while the late-t of equipment has been provided at the restaurant for the expeditious handling of the trade and the convenience of the service. Here amid comfortable surroundings you are served with the very choicest of food delicacies.

The atmosphere of home predominates here and you are always received most graciously. The place speaks of refinements while you are enjoying these comforts, that you remember from the days of long ago, you are served with the most delicious of home cooking. The chef at this place has been praised far and wide for his cooking and once you make acquaintance with of the Odenbach you will remember it always.

If there a few more modern restaurants like this one, the task of traveling from place to place would not be nearly so disagreeable a one. We speak in this manner from our own experience and we have eaten in this restaurant many times and what we have said we know to be true in actual fact.

If It Swims We Have It

They have a fine line of fresh Bullheads, Whitefish, Fresh Mackerel, Halibut, Red Salmon Fresh Cod, at all times and will send them wholesale out of town in quantities well packed in ice and will also deliver in large or small quantities anywhere in the city.

Selling Baldwin Pianos Direct From Manufacturer
The Baldwin Piano is of long standing established reputation its first factory being started in 1852. It's present position of prominence and favoritism in the musical world is the result of years of careful improvement and the incorporation of new features of thoroughly tried and tested merit.

The present epidemic of new varieties of pianos and cheap piano construction is having no real effect on the demand for Baldwin Pianos.

People who love the best music and realize the folly of faulty piano construction do not hesitate in their choice when they have once discovered the wonderful capabilities of the Baldwin Piano. These piano are sold in this city by Edward L. Masline, Mgr. Masline's Music Shoppe at 136 Franklin St. He sells the Baldwin direct from the Manufacturer to you therefore he is able to give you the best of prices on these wonderful pianos. Drop around and look over the extensive selection and pick out the one that will have its place in your home.
