**HAVE YOU HAD YOUR SPRINGS INSPECTED YET?**  
You'll never realize what "Perfection" Spring Service is until you've tried it. If you can't spare your car during the day we'll do the work at night. Springs need looking over once a year at least, particularly after the bad weather of winter and spring. Attention now means comfort and safety thru the season. Drive in. No good putting it off.

**The Best Paint for your Money**  
The Best Paint for your money should be of interest to all those who are planning on any inside painting or decorating this spring. At all times during the year people realize that after all there is only one R. F. De Visser Company with its endless supply of paints, oils, varnishes and brushes. The goods are dependable and their unique values are to be remembered by all users of this firm. The quality of goods displayed there, the splendid character of the sales force and the greater moneys worth there obtainable are all particularly gratifying.  
They assure you a saving on your paints, ect. that are appreciated and are at prices you will be glad pay. They employ clerks who are wide awake and serve promptly, and their stock is arranged attractively so that your attention will be called to just those supplies in their line you need. You will find that 88 Exchange St. is the most satisfactory place to buy the best kind of paints.

**Flowers to Adorn the new Easter Gown**  
If you are a lover of Flowers you will be more then pleased with the flowers you will order of Geo. Crooke and Co. for Easter.  
The office and Greenhouses are located at 1146 Mt. Hope Ave. and the business is run by Mr. G. E. Elliott and W. C. Westfall who are experts in this line of work, and who carry on a large business in this section of the city.  
Just now the Spring flowers—Daffodils, Tulips, Hyacinths, Narcissus, and many others are growing in profusion and for Easter they will have quantities of the ever lovely Easter Lily. All kinds of Gardenias, Roses, Carnations, and Orchids can be had in quantity at this time too.  
In addition to the regular run of business which has to do largely with preparing bouquets and set pieces for dances, Wedding, the sick room and funerals, preparations are being made for Easter and the vast amount of Church Decorations which will make that period one of the busiest of the year.  
If you wish to Phone your order call Chase 2078 or Stone 2768.

**Catching Fish with Poison**  
Natives of Borneo Have Peculiar Method of Laying-Toll on the Finny Tribe.  
Along the tributary streams of the Rejang river, in the independent state of Sarawak, on the island of Borneo, the native Sedowans and Dyaks have a unique method of taking fish, and one much superior to dynamiting. Near the mouth of a creek a barrier of lattice-work is erected. In this space is left an opening wide enough to permit the canoes to pass through. After the boats go up the stream a net is placed across the opening. From 20 to 30 canoes engage in fishing. When the point is reached where operations are to begin, two small dugouts, which have been towed, are emptied of their liquid contents. This muddy-looking concoction is tuba poison, from the plant cocculus indicus. The poison is made by pounding the root to shreds and then mixing with water in certain proportions known to the fishermen. Quick results are obtained. In about five minutes stupefied fish begin coming to the surface gasping for breath. The numbers increase with every passing minute. Standing up in their canoes the natives spear the helpless fish with great rapidity. In half an hour the boats are generally filled to capacity. How potent the tuba poison is may be realized by the fact that within half an hour after a few gallons have been poured in a good-sized creek, fish a mile and a half downstream are brought to the surface in considerable numbers. Where the tuba poison method is good is that the poison does not kill the fish—only stupefies them temporarily. Thus all not taken for food soon are normal again.

**Vacancy Somewhere.**  
"Lunk says he can write best on an empty stomach."  
"His stuff suggests to me that it was written with an empty head."  
Boston Transcript.

**See the THOR at work—Today**  
See how simple and safe it is to operate—how quickly Thor loosens the dirt from clothes badly soiled—how the revolving-reversing cylinder thoroughly cleans the most delicate garments without injury. Then you'll realize the great satisfaction in owning a Thor—how much better to have the clothes washed at home, in water free from other family washings.  
Come in today—you'll want to join the army of Thor users over 750,000 strong.

**Malta Great Tonic**  
Everybody agrees that Malta is a great tonic—Physicians, Scientists, Hygienists. It tones up the system and rebuilds shattered nerves.  
But if you contemplate making use of the malt tonic you should be sure to purchase the best on the market.  
Lawrence Brand XXX Malt is one of the very best on the market. It is not the cheapest but cheap tonics are not the cheapest in the long run.  
The Eagle Products Company at 17 Front St. are the Rochester handlers of The Lawrence Brand XXX Malt and they solicit your patronage if you are looking for a product that has passed the actual test for purity and strength. No order is too small for the attention of this firm and they also give free delivery as you will ascertain by a phone call to Main 8428.

Remember—Lawrence XXX Malt for that tired feeling you are bound to feel as the Spring approaches, also it is especially good after having this fluy gripe that is so prevalent now. It will build up your system quicker than if you depend on yourself alone to throw off the poisons left in your systems. Just drop in at The Eagle Products Co. Store and they will fix you up.
