Go to the
Rochester Business Institute
for a thorough business training. The training that has placed thousands in responsible positions in the business world.
172 CLINTON AVENUE, SOUTH

HAVE YOU HAD YOUR SPRINGS INSPECTED YET?
You'll never realize what "Perfection" Spring Service is until you've tried it. If you can't spare your car during the day we'll do the work at night. Springs need looking over once a year at least, particularly after the bad weather of winter and spring. Attention now means comfort and safety thru the season. Drive in. No good putting it off.

men. Our Vans are padded and your furniture is covered with
padding while in transit. Give us a call for your next move.
We also insure moving, holding or lowering, at the right price.
Carting and Storage Co. 763 Main Street West.

Meats of the Best Quality.
You can procure the best quality meats at the Andrews Market on 73 Front Street. Why not order one of their Home Cured Hams for dinner, they are delicious used for the second meal as-cold meat and too for lunches, etc. These hams are selected from young tender corn-fed pigs, and they have that lovely mild flavor because they prepare them by their own special old-fashioned Sugar Cure. They also carry all other fresh meats at all times and will be pleased to receive your order for meat. Examination will convince you that their meats are of the finest in the city and are prepared in one of the cleanest markets in Rochester. They also carry poultry and all kinds of game in season. They are anxious to prove to you that they sell only the best. If this sounds like exaggeration give them the opportunity to prove it by giving them an order.
Call Main 2568 and order your Sunday meat from them and we feel sure they will send you as nice a cut of meat as you have ever eaten.

Save the Surface and You save Your Car.
Save the surface and you save all the saying regarding houses and floor finishing or painting, this same applies to your automobile. Why let your car look shabby? When I am ready to refinish it for you at a reasonable cost. Call and let me estimate the cost of re-painting your car. Paint enhances the beauty of the machine and preserves it unmarred by the daily wear and tear of the season. It is always cheaper to paint before it is needed than wait till all the paint is absolutely off the car. It takes less paint and costs less to put it on.
People are easily annoyed by the noise of a loose bolt or spring or by a squeak in their car and

can not ride peaceably unless they have looked into it and had it attended to. Why not be just as eager to ride in a clean car, one that has a fresh look by a new coat of paint. It adds to the beauty and attractiveness of your machine.
Call and let me estimate on your car, C. Phillips, 105 Woodbury Street near Hudson.

Service and Satisfaction.
For many years Nell Bros. & Kern of 238-240 State St., have designed and manufactured many of the beautiful memorials in Mt. Hope, Holy Sepulchre and Riverside Cemeteries. They handle high grade Memorials at moderate prices. Call and inspect the many beautiful memorials at their show rooms, or if this is inconvenient drop us a card and we will send designs to select from.
We also carry a complete line of metal grates and tiling. A perfectly designed or constructed metal or tile fireplace adds so much to living or bed-rooms. And the well designed and laid tiling either makes or brakes a room.
Their designs are many and varied, their technique and execution are unsurpassed. If you ever need anything in their line whether it be for your home or to honor those who have passed away, an inspection of their products will insure an order and we can guarantee you will be pleased with the finished product.

How Gourd Affects Wind.
A curious instance of the effect of the shape of the ground upon the wind blowing over it was noted by a Frenchman experimenting with kites in France. When a north wind floated the kite the latter kept its balance easily, but when the wind came from the south or southeast the kite pitched and bobbed in a very irregular manner. The explanation was furnished by the character of the surface over which the wind had passed. Coming from the north, it had a plain country to blow over, but coming from the south and southeast it passed over broken hills, which set it into irregular puffs and undulations.—Washington Star.

THOR popularity sweeps the Country
Thor sales at the beginning of 1923 were far greater than the corresponding period in 1922—proof that the Thor is growing more popular every day. Already 750,000 machines have been sold—more than any other the world over. A demonstration of the Thor will prove there are good reasons for this supremacy—the Thor is the most efficient and economical machine to operate.
Prove this to your own satisfaction—come in today.
