THE ROAD TO SUCCESS

The road to certain success in a business career is well defined—it lies along the path of specialized training such as the Rochester Business Institute gives. The R. B. I. does not experiment; its Commercial Courses are planned by experienced principals, who are thoroughly intimate with modern business requirements; the instruction is given by highly qualified experts; the results are efficient graduates, fully capable of holding the most desirable and best paid business positions. Write for Catalogue today. Address 172 Clinton Avenue South, or phone Main 3869.

All commercial students who are unable to continue in high school till the end of their commercial course may continue their study in the evening school. This means that it is quite possible to complete the entire course and add materially to the chance for promotion by attending the evening school, but only those who cannot attend a day school should be satisfied with evening course.

Our sixty years of experience with more than forty two thousand students have qualified us to give this training so well that we are over-run with calls for our graduates from the best business houses in Rochester and many outside towns and cities. Recently the Rochester Democrat and Chronicle published an article showing the standing and rank of one of the R. B. I. students at an international typewriting contest held in New York recently. Kenneth R. Willard of Nunda a student at this institution won second prize in this international contest. He averaged 100 words a minute in a fifteen minute test. Last August Mr. Willard in a contest in Chicago open to students who had received no typewriting instruction prior to Sept. 1921 won third prize against forty three contestants with an average of 83 words a minute.

Those who trained Mr. Willard for the New York City contest did not find it necessary to correct faults or change his method of practice.

Write to them for more information. Send for a catalog, get the facts about the school and the opportunities it holds for you. It is nicely situated on a lovely park and has in connection with it a combined Gymnasium and Assembly Hall which affords admirable facilities for physical exercises of all kinds, and assemblies and entertainments.
