Phelan's Fit Children's Shoes Exactly Right

A fairly good fit will not do for children's shoes they must be "exactly right." For the careful attention given growing feet during the early growing years determines the healthfulness all through life.

That is why Phelans at 11 Andrews street have carefully graduated "lasts" to take care of every step of development and that is why they fit children's feet so very carefully.

They carry in black and tan calf skin the following sizes;
Growing Girls 2 1/2 to 3, widths AAA to D \$8.00
Misses' Sizes, 11 1/2 to 2 widths AA to D \$4.75
Children's Sizes, 8 1/2 to 11, widths AA to D \$4.00
Boy's Sizes, 1 to 6 widths, A to E \$5.00
Little Boy's Sizes, 10 to 13 1/2 widths A to E \$4.00

Phelans wish the Mothers to especially notice that they carry a wide range of sizes, making it possible to fit every foot. Their store is open every Saturday which makes it possible for persons working during the day and children who are at school to purchase their shoes at their leisure.

One of Rochester's Best Welding Engineers

Have you ever stopped to consider the big stride taken by the acetylene welding industry in the last few years?

According to Mr. Bartold of the New York Welding Works at 150 Westcott Street, it is now possible to salvage almost any broken machine part at about one third the cost of a new part at a great saving of time and money.

A factory manager or automobile owner when confronted with a problem of quick repair for broken equipment or automobile part need not worry over delay or tie-up in ordering a replacement, but calls up a welder. If necessary the welder can carry a portable welding outfit to the factory, manufacturing plant, or garage, and make necessary repairs in a few hours, at a fraction of the cost, and eliminating the delay caused by waiting for the new part.

The New York Welding Company are equipped to do any size job, with expert workmen. Mr. Bartold is always ready and willing to have you consult him in regard to your welding problems. His motto being "No job too large or too small for his attention." Telephone Main 7620.

Hart's Self Serving Grocery Stores
A Local Organization.

Do you realize that the Hart Self Serving Stores of which there are fifty in the city of Rochester, have made the city the lowest priced food center in the country?

They have forced competitive chain organizations to sell their products cheaper, making the flat stores success a triumph for the housewives in this community. The city of Buffalo—one of the big food markets in the country pays prices higher than those in Rochester.

The success of the Hart stores has been achieved through this big idea. The distribution of food with the least overhead expense, the elimination of deliveries, large sale forces and expensive fixtures... In five years they have grown from a typical corner store to the biggest chain of stores in the city in five years.

A tremendous buying power, an efficient selling organization, the best foods on the market, the lowest prices in the country, the greatest premium system in the world, this is the combination that spell success for this organization.

During the last week or so the Hart stores have been celebrating their success—the achievement of fifty stores in five years, by extending to their thousands of customers and friends who have made their success possible, their gratitude and dedicate themselves again to serve them in a bigger and better way.

Their Premium Parlor is located at 29 Market Street near State St. and they cordially invite the public to go and inspect the most beautiful premium store in the country. There are more than 300 different articles to choose from.

There are fifty stores in the city we will give here only a few of the ones on the main streets.

Has Anyone Laughed At You Because—

By ETHEL R. PEYSER

You Like to Putter in the Garden?

The world after all is a garden and it is from the garden that we get our wheat and water and all the things we civilized people must have to exist at all. Ever since the world began masses of us have been gardeners and farmers. You love the smell of the earth, it strengthens you. You get something stimulating from outdoors, from helping things to grow, from watching them develop. You like the garden for putting rather than an ill-smelling garage. You like the garden. It gives you healthful exercise and brings you near to God—whether you realize it or not.

SO

Your get-away here is: You belong to a noble line of earth's beauties.

© by McClure

Early Arrival.
The tall American lounged into the hall of the small country hotel. "Say," he drawled to the proprietor, "has any baggage turned up yet?" The proprietor seemed slightly surprised at the inquiry, but placing a warning finger on his lips he whispered: "Yes, sir; your wife is in the coffee room."

Quite a good many men have managed to mount the ladder of fame by hanging onto the coat-tails of others.

The man who puts a \$10 collar on a 10-cent dog may mean well, but he'll never be the works in a get-rich-quick scheme.

Try The AEROBELL!

Before you buy, be sure you study the unequalled merits of this greatest of all machines of its kind.

Large enough for the largest family but not too large for small washings.
