The First of the Year
Time to Have Upholstering Done. If you are looking for the best place to have your upholstery work done, we would suggest that you try the Rochester Upholstering Co. at 33 South Water Street. This popular concern has been in business for over past eight years, and have built a trade that they are well proud of. Their reputation is unexcelled these days. Mr. Lewis Colton is the proprietor, and has had many years of experience in this work. He supervises all of the upholstery and employs only first class experienced men. No doubt you have been long considering having that davenport or chair re-upholstered, and if you are desirous of having the very best work done together with the use of the finest material, just give this concern a try. Their prices are very reasonable considering that the work done is as good or better than any place in the city. The best hair and cotton combine the materials used, and all is double stuffed, which together with the fact that all goes out with an A 1 guarantee back of it, makes this an ideal place to trade. A fine line of mohairs, cretonnes, tapestries, etc., are also available at all times and we would suggest your dropping in sometime to see the fine grade of materials they keep in stock. Mr. Colton says that the Upholstering Company are working on the reputation that they have established during the past eight years not for money alone but for honor, and the satisfactory work that is being turned out by the concern proves this fact.

The Clancy Company is now operating modern, well appointed motor trucks and also four or more other rigs. The vans are all well equipped for cross country hauling, and the company has given a very good account of itself in the rapid transferring of furniture, freight, and other merchandise not only on short hauls but on out-of-town moving as well. J. C. Clancy and his sons are adhering to the principles of square dealing and dependability and have rightfully gained considerable recognition among the industrial, commercial and private interests of Rochester and vicinity for fine class of service that they are rendering to the community. When you consider your truckman for any moving or other work, call Clancy and get his prices.

It is surprising how few people realize the value of paint. To most persons paint is merely a means of beautifying property. Consequently painting is not done as often as necessary. Woods decay, metals rust, and concrete disintegrate. All these can be made permanent by the right use of paint. Mr. Walsh is located at 934 Geneva Street and carries a complete line and assortment of paints, and the would be more than glad to assist you with your painting problems. He also carries hardware supplies. Phone him at Genesee 2188-W and he will be glad to give you information as to the kind of inside fixtures you need in your home, such as doors, hinges, and like. Look for his sign Wm. C. Walsh, dealer in Hardware, Paints and Oils.
