Spring and Summer Furs at their Best!

Now that Easter approaches, the ladies begin to think of their summer outfit. Mr. H. Schaffer and his company at 657 Main street west who for years has conducted a flourishing business, has a fresh and full line of all sorts of summer furs. The new summer dress coat of soft tan shades in rabbit, and squirrel, and caracul lined with lovely crepe de chine are especially lovely. They are short conforming to the mode, and very charming, and coming to old as well as young. Mr. Schaffer has a splendid line of the ever stylish chokers, in tailor as well as the more fluffy furs. The new mannish suits call for more tailored chokers of seal, mole, mink and other flat fur but the whole skin of the fox in many shades are stylish as ever. Call and see the complete line at this little shop. Being away from the high rent section Mr. Schaffer manages to keep his prices down a little below that of the stores in the main business section. However a Main street car or Genesee car will take you there in short order. An especial department remodels and makes furs to order being commended by the largest department store in town. Mr. Schaffer offers unusual values, large selections and the latest styles. Call early and make your selection.

The Dunham Heating Service

In all the new and up to date modern homes being built and remodelled now a days, people are in the newer and up to date kinds of heating services. Among the most prominent of the new ones is the Dunham Heating Service. Mr. Jos. F. Brightman is the manager for the Dunham Company's branch here in the city and his office is No. 629 Mercantile Building. Since taking over this service it has increased greatly and the demand for these systems is very large. The Dunham Heating Installations in both new and modernized jobs is especially effective and profitable as well as the more fluffy furs. Among the many appliances used in homes, hotels, apartments, schools, churches, and office buildings, are: Dunham Radiator taps, Dunham Packless turn radiator valves, Dunham Vacuum Heating System, Dunham Return Heating System, Dunham Home Heating System. This system does away with noisy half hot radiators leakage of steam or water and insures full heating value from your coal. These different appliances are meeting the most exacting demands of the cold weather thrust upon them. If you are building and considering what sort of heating system to install call Main 6745 and get in touch with Mr. Brightman or some of his assistants and they will be glad to give you estimates on their different services.

Ultra-Violet Ray Used to Make or Reduce Fat

Paris—The ultra violet ray is equally effective as a weight reducer or producer, according to Doctors Liver and Vautier, who described to the Academy of Medicine the excellent results obtained when the rays were applied to a number of obese patients, bringing about a loss in weight of from eight to twenty pounds after thirty applications. The same rays, used to tone up debilitated patients, caused them to put on flesh.

Where Realization Beats Anticipation

One of the most delightful experiences that I know comes to me whenever I leave the city and plunge for a time into the wilderness. It does not matter how prosaic the transition, I may stumble, laden with baggage, to a hot and crowded train, in which sturdy men are forever bowed over the sporting page and tired women are scattering fragments of their too generous lunches cover the floor, the train may snort and fume its tollowing way through leagues of sun-burnt ugliness. All that does not matter. I can shut my eyes with the sense of a blessed release, for I know that at the end of the journey there is tranquility, writes William Case Greene in the North American Review. Long before I have actually reached the hills I can feel the coolness of that first dip in the lake closing about me; already I am standing at the edge of a cliff, watching the cloud shadows on the distant range.

The peculiar delight of the adventure, however, is that realization always surpasses anticipation. That dip in the lake is always more deliciously cool than I had imagined; the stillness of the mountain side, the broken chorus of bird notes, the hushed voice of a hidden waterfall, the whiteness of the forest flowers, always overcome me with a new surprise. The very sense of remoteness, though eagerly expected, seems unexpected.

Foot Sewed on Again

Norwalk, Conn. Surgeons recently tried to save the left foot of Stephen Kuebler, 47, a cutter, who was cut off by an ice saw. Kuebler slipped, falling against the saw. He was rushed to the hospital, where surgeons replaced the foot, and pained the severed tendons.

Discover Boat 5,000 Years Old

Sittingbourne, Kent, England. Believed to be of the Neolithic period, or later Stone Age, a boat eleven feet long and three feet wide, hollowed out of the trunk of an oak tree, has been found in the mud at Elmley Ferry marshes near here. It is estimated by experts to be 5,000 years old.
