Vitalite—The Long Life Enamel

When you get the feel of a brush dipped in Vitalite, the long life enamel, you wonder why you ever used those "stiff, painty enamels" that streaks and brush marks all over their work. Vitalite flows like rich cream and levels itself without lumps, streaks or brush marks to a smooth porcelain-like surface that lasts longer than paint. It is guaranteed for three years inside or out! Use the same high type of enamel on your furniture that the best painters put on their finest work. Go in and see it made by the famous firm Pratt and Lambert and is carried by Mr. S. Hunt at 390 Thurston Road.

Mr. Hunt also carries a fine line of bicycles of different prices and makes. Now that spring is here the wheels and girls get out their old bicycles and if they need fixing up can go to the Hunt Store for accessories and the needed parts.

There are many lovely bicycles of that would appeal to the heart of the boy or girl who has had a pro mise of one or who has earned one this year. The Hunt Store carries more substantial grade bicycles for men who use one daily. Call and inspect them.

The Dunham System of Heating

There is nothing that provides quite the comfort and satisfaction of living at a well heated home, office, apartment, hospital, or any other type of building in which people live work or occupy for any purpose of winning a livelihood, especially when the thermometer registers zero and the cold winds blow.

Heating has advanced with leaps and bounds in the past decade. Many different equipments have been offered for the purpose, but none of them has been attained by the C. A. Dunham Company in connection with their system.

The Dunham System of Heating is a thermodynamic system of heating. It is made by the famous firm Pratt and Lambert and is carried by Mr. S. Hunt at 390 Thurston Road.

We were the pioneers in producing the first successful vacuum valve, as used in the Dunham Heating Service (is the registered trade mark which may be called a light-house, that would guide the folks interested in good heating.

Prim Straight Collar Band

Reside the elongated V shape used for the sleeveless jacket one also sees a model inspired by the popular turtleneck coat. It has, however, no opening in the front other than a short slash, but the prim straight band collar declares its origin.
