Cardinal Hayes' Prayer
In Opening Democratic
National Convention

New York, June 24.—Patrick Cardinal Hayes, of New York, delivered the following invocation at the opening session here today of the Democratic National Convention:

"O Almighty and Loving Father, in whom we live, move and have our being, without whom we can do nothing and to whom we are to live and to serve whom is to reign, do Thou, we humbly beseech Thee, pour out abundantly the unction of Thy Heavenly benediction on our beloved country, especially in this direful hour of world history, that America may neither do nor suffer evil but continue to enjoy Thy all-powerful protection and Thy all-bounteous favor.

"O Father of Might, Wisdom and Justice, Who by gracious ordinance hast vested in nations the right of self-government, and in an all-loving Providence has brought into being our mighty and glorious republic of more than one hundred millions of free men, dedicated to political, social and religious liberty, we pray Thee to make our beloved America the happiest of peoples, with the wisest of rulers and the best of government, in order that all who dwell in our land may in very truth know and rightly value the priceless heritage of American freedom.

"O Saviour of the World, do Thou protect this great people on whom Thou hast showered blessings without number and whom Thou hast set high before all mankind as a promise and pledge of human liberty do Thou set right what has gone astray and bring together what is divided, in order that all may live under our glorious flag with charity towards all and with malice towards none, in a spirit of unity in the bond of peace.

"Quicken, O Lord, in the soul of the nation the spiritual sense of righteousness, justice, mercy and charity, as well as reverence for authority both in its exercise as in the obedience lawfully due it. To the quickening of Thy spirit from the Northland to the Southland, from the Atlantic to the Pacific, may all our citizens given answer by knowing, loving and serving America with loftiest purpose and unalloyed loyalty.

"Particularly at this solemn moment do we pray that Thou, the Father of Light, wilt vouchsafe the aid of Thy all-wise guidance to this august assembly—to these distinguished representatives from our sovereign states, charged with the responsibility of presenting to our people a candidate for headship in our country, whose mind, heart and soul will be aflame with the sacred fire of pure patriotic love and consecrated to the highest sense of unselfish service.

"Our Father, who art in Heaven: Hallowed be Thy name; Thy Kingdom come; Thy will be done on earth, as it is in Heaven. Give us this day our daily bread; and forgive us our trespasses, as we forgive those that trespass against us. And lead us not into temptation; but deliver us from evil, AMEN."

N. E. A. Is Pushing
Education Plank

New York, June 23.—Representatives of the National Education Association, here for the Democratic National Convention, it is reported were busy today sounding out prospective members of the platform committee on the possibility of a plank favoring a Federal Department of Education. It was reliably reported that a demand for a Federal subsidy is not being pressed, apparently with the idea of compromising by obtaining a mere declaration in favor of such a department.

Kill Mentally Unfit
Children, He Urges

Toronto, Canada, June 27.—Mentally subnormal children who cannot be "socialized" should be chloroformed and steps should be taken to make it impossible for their parents "to add to the country's population of unfits", K. C. McLeod, of Edmonton, declared, in an address to the Canadian Association of Child Protection Officers, in session here. McLeod adjured state officials to have at least as much concern for the children of the nation as for its live stock, said that if such concern were developed, the problem of the mentally unfit could be alleviated in a generation.

DIGNITY OF DESIGN

In the serene repose of the monuments we produce. Memorials of our making when erected in the family plot always attract the attention of visitors by their splendid yet simple imposingness. We shall be glad to submit a variety of designs in several styles and at varying costs.
