METAL GARAGE WELL BUILT COLEMAN CO. DISTRIBUTORS OF HEWITT TIRES

West Side Pattern Works Are Careful Manufacturers of Portable Metal Garages.

Local ordinances require car owners to keep three feet from the lot line with a wooden garage, while metal garages may be placed within six or eight inches of the line. The West Side Pattern Works are the key to the portable metal garage situation.

For years the concern has been the representative in Rochester and vicinity for the Buckeye brand of portable garages and buildings. They come in all sizes suitable for any size or type of automobile or truck. The smaller size costs \$150 completely erected on a foundation. From this size and price they can be secured as large and to hold as many cars as one would desire.

In the downtown section of the city it is compulsory to erect nothing but a fireproof garage, and these garages are constructed entirely of metal. The West Side Pattern Works has erected a number of metal garages in Rochester.

These garages are not of cheap, flimsy material, but are made from stout, heavily galvanized sheet steel sections, mounted on strong angle steel frames. All sections have a standard overlap joint to make them weather and storm proof. The metal garages may be lined with sheet rock or any other wall board.

The West Side Pattern Works will bring a representative to measure the space on your lot and tell you whether or not you have room for a garage and just what size you can place in that space.

The chief aim of this firm is to make the purchase of any garage as convenient and easy as possible for the buyer. They do the running ground if there is any necessity, rather than the customer.

For the further convenience of those who are engaged in different occupations or professions during the week the West Side Pattern Works are open Saturday afternoons. It will probably mean considerable saving to you if you are in the market for an attractive, durable garage.

Valuable Jewels Sifted From Ashes of Ruin

York Harbor, Me.—Part of the \$75,000 worth of jewelry in the cottage of Mr. and Mrs. Arthur C. Smith of Rochester, N. Y., which was destroyed by fire, has been recovered from the ruins by sifting. Among the articles recovered are a pearl necklace, valued at \$40,000, and a diamond brooch.

Another brooch, a diamond bar pin and three emeralds still are missing. Since the fire the ruins about the Smith cottage have been roped off and are well maintained.

Service Station Maintained—Satisfy the Customers, Slogan of Firm—

Located at 521 Main Street East. Coleman Tire Company, 521 Main Street East, are the distributors of the Hewitt tires for Monroe, Ontario, Wayne and Livingston counties. A fully equipped service station is maintained, and a service car is always ready to bring in or deliver damaged tires.

"Satisfy the customer" is the slogan of the company. When a tire is taken into the workshop to be repaired, the workmen do not simply fix the particular little thing which was the immediate cause of its being brought in, but carefully go over the tire, searching out every little injury and fixing it up so that when it is returned it is almost as good as new.

If, say the Coleman Company officials, the motorist would just keep a weather eye open for possible trouble, not so many of them would be stuck out on the road, with a dirty job of changing on their hands. It is a matter of watching out for cuts and holes and having them repaired at once, thus saving both the tire and money.

The Coleman Tire Company has been in business about four years, and has a long list of satisfied customers, including the first patrons. Its advice to the summer motorist is to buy Hewitt tires and save mileage and to use the company's repair shops for such slight cuts and injuries as the road may give the tire. "Give us a chance," says James D. Coleman, president of the company, "and we will give you satisfaction."

New Verdi Opera Found in Opera House Library

Budapest.—The library of the Budapest opera house has unexpectedly yielded a hitherto unknown opera by Giuseppe Verdi, entitled "The Robbers." The libretto is none other than Friedrich Schiller's famous drama of the same name.

It appears that Verdi composed a cycle of operas which have Schiller dramas for their texts. The cycle included "Don Carlos," "The Maid of Orleans," "The Robbers" and "Cabal and Love." The discovery of "The Robbers" will, it is believed, lead to the musical production of the whole cycle in the near future.

A cork hat has just put in its appearance in New York. It is bowing hereafter to become a sort of process of uncorking the head?

Now that pictures can be transmitted over the telephone they may die out to some extent that attractive voice.

THE R. B. L. SECRETARIAL COURSE

Will prepare you to take a position in a business office where a knowledge of Shorthand, Typewriting and Bookkeeping is required.

Our regular registration days occur on the first and third Mondays of every month. Our school office is open every day where full information may be obtained.
