A New Way to Rid Yourself of an Old Trouble.

One of the great mistakes in dealing with nervousness consists in a drug treatment to hasten the restoration of the natural nerve function. Where this error is followed it will cause shock to the nerves and defeat the efforts the natural forces of the body are all the time making to relieve the sufferer, and give rest to the already over-strained nerves.

Nervousness manifests itself in a good many different ways. People are fussy, fidgety, weak, emaciated and diseased as a result of it. Different symptoms have been classified to indicate what form of drug to use to combat them. The drug treatment has proven wholly ineffectual to perceptibly improve much less cure the nervousness. There are over six thousand drug preparations in use and there is more sickness than ever.

The science of Chiropractic does not classify the great family of nervous disorders under different heads. It looks to the anatomy of the human system to find and adjust the spinal disarrangements that interfere with the natural action of nerve energy, which proceeds from the brain to every organ tissue, and cell, when there is no impediment on any of the nerve lines at the spine. By locating and adjusting these conditions the natural forces of the body will restore normal functions and effect full recovery from nervous disease.

Many have suffered for years with nervous ailments that would not respond to other methods, have regained their health through Chiropractic treatment. This drugless method of health work has had many years of successful result to commend it. Conduct your own investigation and learn the merits. The Leve Bros. Chiropractors in the Ward Building will make an appointment with you at any time. Call them Stone 6712

Begin the New Year Right.

Begin the year right. Have your teeth attended to. Dr. J. L. Bailey who has his office at 390 Main Street East will make an appointment at any time with you and go over them and see just what you need done. Many of us leave this very important matter and let it ride, while the teeth are gradually decaying, then when we do go to the dentist we either have to loose them or have them filled. Teeth can never be replaced always remember that. Of course they can be filled and false ones made to take their place but those can never replace the real ones.

Dr. Bailey makes and places new teeth on credit. Think this over: The first of the year everyone has a place for his money and if you need teeth the easiest way would be to have Dr. Bailey make them for you and pay for them at your leisure. Call him for an appointment Main 2583.

Get Memorials and Monuments

The Trott Bros. Company at 1120 Mount Hope Ave. have on hand at all times all sorts of styles and designs of tombstones, monuments and other suitable markers for your departed. Go there when ever you will and you will find one of the largest assortments in the city. They have in stock all kinds of granite, marble and other stones, both domestic and imported. All of the materials are well seasoned and acclimated and will thoroughly withstand the wear and tear of years to come.

They guarantee that all stones cut by them will retain their beauty and setting for many years, and will not become weather worn, as is often the case with inferior work, but will look as neat as when first put up. This is due to the fact that they use only the best quality of stone and put on the lettering and carving with the most improved sandblast process. They employ only none but the most experienced workmen, who can be relied on at all times.

It is not always the largest monument that speaks the loudest in the estimation of the people, and often times small and neat tombstones or monuments look more appropriate and find more favorable comment. It is an excellent feature to have all the graves of the departed members of your family or relatives or friends properly marked with some sort of memorial and you should take pride in doing this at your first opportunity. It will not cost much to have your graves thus marked and it will take a big load from your mind that you have not forgotten your kin.

The J. C. Clancy Carting Company

For years the J. C. Clancy Company have been giving service to movers throughout the city and vicinity.

They are located at Webster Ave. corner of Grand Ave. and their residential location is at 111 Parnells ave. This company has the distinction of being one of the oldest carting companies in the city. It carries on a variety of business, that of general trucking, express work, moving and the like, all of these branches are carried out with speed and efficiency.

The company does long distant moving as well as local, and if you are located out of the city and wish they will arrange to move someone else's furniture there and pick yours up to bring back on the return trip.

They have especially built trucks capable of taking care of a large amount of furniture, and carrying two or three men on the road so that your goods are always under vigilant supervision while in transit.

The Clancy company have solved the carting problem as well as it is possible to solve it. They pack your goods and take care of them in the best possible manner. If your household goods need moving this new year call this company and you will be thoroughly satisfied.

Question of Identity

"I played mah-jongg last night with a solid ivory set."

"Who were they?"—Pitt Panther.

Drastic Action

"Can you fix up this yur clock so's it'll run?" inquired Gap Johnson of Rumpus Ridge.

"I reckon so," replied the Jeweler, examining the sadly dilapidated timepiece. "How in the Sam Hill did it get in this condition?"

"The presiding elder was at my house tuther night, and he said he'd read that every time the clock ticked a baby was born and every third child was a Chinese. My least boy, Bearcat, heered him and said by-gosh he'd stop that foolishness. He up with my pistol before I noticed he had it and poured the whole blame seven shots into the bowels of that there clock."—Kansas City Times.

3,000 Crows Chase Eagle to Its Valhalla

Never, France.—The strange sight of a huge eagle being pursued by a flock of crows estimated at some 3,000 caused the townfolk to stretch their necks here.

The eagle eventually sought refuge at the Chateau de Oussy, where keepers immediately shot it, whereupon the flock of crows disbanded and disappeared. The eagle measured more than eight feet across the wings.

Why She Shot Him

She had just returned from the barber shop, where she had exchanged her heavy tresses for a shingle.

"I simply could not stand the weight of all that hair on my head another day," she explained to her angry husband.

"I always thought your head was weak," was his only comment.—Cincinnati Enquirer.
