THE Family Shoes

Is it time to re-shoe in your family? Each family head who has small children and those who are of school age, knows that shoes are bound to wear out. The A. J. Meyers Shoe shop at 536 Hudson Ave., is known as the Family Shoe store and has shoes to fit the whole family.

The children's shoes sold here are guaranteed to wear as long as the average shoes and longer than most. Spring and Summer shoes for boys and girls, in the style of the grown-ups, are on sale and these will give splendid wear.

There is now in the shop a large and assorted line of ladies shoes and slippers. These are in the newer shades for spring and in many new and unique styles. Satin slippers for evening wear, walking shoes and oxfords, kid and patent pumps with or without straps, can be had at reasonable prices.

The Gentleman of the family is not overlooked here, and Mr. Meyers has chosen his stock of men's shoes with foresight and thought, and a taste that is sure to please the most exacting. The work and heavy shoes have a wearing quality that can hardly be equalled. Call at Meyer's before buying and compare his values with others. They will stand the test and we feel you will become a regular customer of this shop.

Flanigan Furniture Company

One of the high grade Furniture Companies of the city is the Flanigan Company located at 337 Driving Park Avenue. This company is away from the higher rental districts and can afford to allow some per cent on their goods. Just at this time they have had large sales on all kinds of furniture in order to make room for their spring stock.

The lovely bed-room furniture that they offer at reasonable prices should be considered if you are interested in furnishing your home as it should be. The walnut suites in plain or two-toned effect are very nice and much in demand. Other suits in oak, mahogany, and ivory are nice too.

Walnut takes first place in dining room furniture. The high buffets, being long and lower than heretofore. They have a complete line and many styles to choose from and we are sure you will find one to please. All sorts of living room, hall and library furniture are in evidence in the store. Lovely chairs, tables and divans. Overstuffed suites if you care for them and odd chairs to harmonize with the other furnishings of your rooms. A complete house furnishing store in other words awaits our inspection at the Flanigan establishment.

The Celebrated Prices At Hart's

Hart's Self-Service Grocery Stores which are located all over the city at convenient places for shopping gladden the heart of the housewife, by giving her the most for her money.

The method of self-serving makes it possible for the highest class of groceries to be sold at the lowest price. They eliminate the clerks and other helpers which other stores have to pay wages to, and put that money into your pocket.

Look up the Hart store in your neighborhood and patronize it. It will pay you big dividends in the end. And make your household expense money last longer in the week. These stores are operated by Rochesterians, owned by Rochesterians, for the benefit of Rochesterians.

Their premium Parlor is located at 29 Market Street near State, and they cordially invite the public to go inspect it. There are more than 300 different articles to choose from. There are fifty stores in the city, we will give here only a few of the ones on the Main Streets:

183 Monroe Ave.; 450 South Ave.; 490 N. Goodman Street; 557 State Street; 447 Portland Ave.; 508 Lyell Ave.; 1266 St. Paul St.; 226 Genesee Street; 358 E. Main St.; 996 S. Clinton Ave.; 27 Market St.; 4002 Lake Ave.; 6 North Union St.; 805 Hudson Ave.; 1446 Dewey Ave.; 415 Thurston Rd.; 134 Webster Ave.; 158 West Main Street.

The Family Shoes

Vienna Makes Record Speed in Home Building

Vienna.—What is said to be a record for central Europe was made here recently when a number of houses were completed and ready for occupancy within three weeks. The houses were erected as an experiment owing to the dearth of dwellings here and it is planned to build more by the hundreds if the scheme proves practical.

The frame of the houses consisted of two sets of boarding which were set four or five inches apart. The intervening space between the boarding was filled with sawdust which had been treated with a chemical preparation which made it non-flammable. A coating of plastering was applied to the outside of the boarding and a family from the Vienna slums moved into the new home 21 days after the work was begun.

Water Found in Quartz Ten Million Years Old

Chicago.—Drops of water more than 10,000,000 years old, preserved in quartz since an age before life began to appear on earth, will be exhibited in the Field museum here.

The water was obtained in South America by O. C. Farrington, head of the museum's department of geology, who found it imprisoned in crystal quartz taken from rock formation at Bon Jesus dos Melras, Bahia, Brazil. The estimate of its age was based on the fact that the rock formations of the archaic age are asserted by some scientists to have existed 550,000,000 years ago. The water is clear and sparkling in its crystal container.

City Authorities Plan to Modernize Moscow

Moscow.—Moscow will rival in beauty and civic modernity any European capital, if present plans of the municipal authorities materialize. Preparations are being made for the construction of a subway on the American plan and the establishment of omnibus systems, taxicab lines, new tramways and other improvements. The present sewage and canal systems will be entirely remodeled. A commission representing the Moscow soviet has left for Germany, France and England to seek foreign loans for the projects.

So to Speak

A lady who had won many bridge prizes around the suburb decided to go in for poultry. She secured an incubator, set twelve dozen eggs and got one chick.

"This," remarked she to a neighbor, "is what I have often heard about but never before seen."

"What is that?"

"The booby hatch."

About the Way

Bolter (having just submitted to an intelligence test)—Well, sir, how am I? Noted Psychologist—Wonderful, sir! I congratulate you. According to our standards you measure up to the mentality of a twelve-year-old.—Boston Globe.

A lot of people will be unhappy in heaven when they find out they can't institute any reforms or pass any laws.

Politicians who promise to save the farmer always make the condition that the farmer is to save them first.

Japanese Tobacco

A study of tobacco marketing in the United States and of tobacco growers' co-operative organizations is being made by H. Yamashita, commissioner of the tobacco monopoly bureau of the Japanese government. Mr. Yamashita is interested mainly in bright tobacco and is making a tour of the Southern producing regions to gain first-hand information on methods used in marketing the crop. The United States Department of Agriculture is assisting the commissioner in his study.
