U. S. and Mexico Friendly Says Calles

Mexico City, Sept. 4.—Hope for continued friendly relations between the United States and Mexico was expressed by President Calles in his address at the opening of the new session of the Mexican Congress. He declared the misunderstanding which grew out of the statement issued by the American Secretary of State last June has been cleared up in a satisfactory manner and added that it is the intention of Mexico to exert herself to augment friendly relations with the United States.

The Congress was opened in a manner reminiscent of the days of the Diaz dictatorship. Troops lined all the principal streets. The President himself was not armed but he issued order that members of the Chamber of Deputies, who habitually go armed, should deposit their weapons in the cloak rooms.

Ban On Klansmen In Police And Fire Depts. Sustained

(By N. C. W. C. News Service)
El Paso, Sept. 4.—Attempts of officials of the Ku Klux Klan to secure a revocation of the rule that members of the El Paso police and fire departments shall not belong to the Ku Klux Klan have failed. The Civil Service Commission, which was appealed to by C. L. Sirmans, local Klan official, to change the ruling, unanimously decided to uphold it.

J. C. Brooke, a member of the commission, said that the vote to uphold the ruling was unanimous. The edict dates back to the Charles Davis administration, when a permit was denied the Klan to hold a parade unless members took off their masks.

Gov. Smith's Message To Jews Plea For Religious Freedom

(By N. C. W. C. News Service)
New York, Sept. 7.—A plea for the strengthening of the American tradition of tolerance and religious freedom was made by Governor Alfred E. Smith of New York in a message to the Jewish Telegraphic Agency on the occasion of the Jewish New Year, 5686, according to the Jewish "Daily Bulletin," published here.

The message, in part, is as follows: "A people like the Jews to whom religion is a bread of daily life is an asset in any country in which they live. If I ventured to give any New Year's message, it would be to the younger generation of Jews, some of whom sometimes forget that what made their people great in history was their religion. By adhering to its principles they became better Americans."

"The separation of Church and State is an American principle in which I profoundly believe but I do not believe in the separation of our faith from our daily lives."

"Unfortunately, there are some, happily a minority in our fair land, who are intolerant of races and religion other than their own. They think that is American. On the contrary it is most un-American and unpatriotic."

"In wishing my Jewish fellow citizens of the State of New York a good New Year, I join with them in prayer that Almighty God will help them strengthen the time-honored American principles of toleration and religious freedom."

Klan Burns Fiery Cross In Defiance Of Military Orders

(By N. C. W. C. News Service)
Norfolk, Va., Sept. 4.—Members of the Ku Klux Klan in the National Guard of the District of Columbia celebrated the last night of their encampment at Virginia Beach near here by defying the orders of their commanding officers and parading through the camp carrying a fiery cross. As the procession moved along the marchers chanted solemnly "a Klansman I am," and "we are 100 per cent Americans."

The Klansmen with robes draped over the military uniforms of the service whose regulations they were disobeying were headed for regimental headquarters when Lt. Col. Harry E. Gladman rushed out and ordered them to "Drop that cross". They disregarded his order. When another officer tried to turn out the guard it was discovered that there was no guard.

Earlier in the same night another cross was burned just outside the military reservation and a clash between Klansmen and members of the guard was narrowly averted.

Delegate Denies Giving Statement On Woman's Dress

Says Bishops of United States Are Qualified To Speak For Themselves On That Question
Washington, D. C., Sept. 7.—The Most Rev. Pietro Fumasoni-Biondi, Apostolic Delegate to the United States returned last week from Rome, whither he had gone to observe the Holy Year of Jubilee and where he spent two months visiting relatives and renewing old acquaintances.

Upon his return he commented upon the number of Americans who have already journeyed to the Eternal City this year and spoke of the impression they have made upon the Holy Father. His Holiness, according to Monsignor Fumasoni-Biondi, is hopeful that large numbers of Americans will be in Rome for the sealing of the Holy Door, which will mark the ending of the jubilee year.

Denies Reported Interview
His Excellency called attention to the fact that a Washington newspaper had quoted him as commenting on women's dress.

"I made no statement relative to women's dress," he declared, "and I was very much surprised to see myself quoted at length in the Washington paper. A reporter attempted to interview me on the subject, but I did not see him, and my secretary informed him that I had nothing to say about the matter."

"I am of course, very much in sympathy with any movement that tends to increase modesty in dress, a matter which is very dear to the heart of the Holy Father himself, who has repeatedly urged on Catholic women the necessity of their setting high standards in this respect. Many distinguished European princesses have also urged greater modesty in dress and some of them have even laid down explicit rules to indicate to women what is considered as modest attire. But I did not discuss the matter while abroad, nor did I give any statement to American newspapers on the subject."

The Bishops of the United States are qualified to attend to matters of this character within the limits of their respective jurisdictions and are eminently capable of doing so."

Accompanying the Delegate, who made the return voyage on the "Leviathan," was the Very Rev. Monsignor George Leech, secretary of the Apostolic Delegation, who was given the title of Monsignor while in Rome.

To Speak at Charities Conference
Monsignor Fumasoni-Biondi will be one of the principal speakers at the eleventh meeting of the National Conference of Catholic Charities, which meets here this week, being scheduled to address the assembled delegates at next Friday's session.

Eight From One Family Embrace Religious Life

(By N. C. W. C. News Service)

Watertown, Wis., Sept. 4.—Eight children of Mr. and Mrs. John F. Bauer of Manchester, Mich., have entered the religious life, the latest to do so being John Aloysius Bauer who has just been admitted to the Sacred Heart Postulate of the Brothers of the Holy Cross here. Three of his brothers are already members of that Congregation and four of his sisters have been Professed as Sisters of Mercy at Jackson, Mich. One of the sisters died on the day following her religious profession.

Of the fourteen children of Mr. and Mrs. Bauer, four still remain at home with their parents. Three of these are planning to enter the religious life near Brooklyn, Mich. His father plans to turn his farm over to this married son in the near future so the remaining children will be free to follow their religious vocations if they choose.

The Bauer family has lived near Manchester, Mich., since 1908, having moved there from Defiance, Ohio. Their domestic life has been regulated with strict attention to religious observances. Morning and evening prayers, the angelus, grace before and after meals, litanies and rosaries, were recited in common. From 1908 to 1918 the family drove ten miles each Sunday with a horse and carriage to Church and missed Mass only four or five times when the weather made the roads impassable. Since 1918, when they purchased an automobile, there has been only one Sunday on which they were unable to attend the Holy Sacrifice—their absence on that occasion being due to a breakdown of their car.

Czech Bishops Issue Pastoral Of Explanation

By V. Myslivec
(Prague Correspondent, N. C. W. C. News Service)

Prague, Aug. 31.—A joint Pastoral Letter explaining the reasons for and justifying the recall of the Papal Nuncio from Prague, condemning anti-Catholic agitation and calling upon the faithful to organize counter-demonstrations, has just been issued by the Catholic Hierarchy in Czechoslovakia. The Bishops' letter, explaining the necessity for the Nuncio's recall, refers to the words recently spoken by the Pope to Czechoslovakian pilgrims in Rome when "His Holiness mentioned the divine precept to the Church 'to keep that which is committed to the trust.' It is pointed out that all of the nations surrounding Czechoslovakia, Hungary, and Yugoslavia, have concluded Concordats with the Holy See recognizing the principle of 'Render unto Caesar the things that are Caesar's and unto God the things that are God's.' On the other hand, the Czechoslovakian Hierarchy declares that the Prague Government has refused to recognize the principle of separation of Church and State, but has held out for a suppression of any of the State."

After warning the Catholics of Czechoslovakia not to be led astray by appeals to the "freedom of Protestantism, socialism and Humanism," the Pastoral Letter condemns the "Catholics of the nation" who gain the respect of the world by their denunciations of the faith of their fathers."
