

Worthy Firms TO Patronize

HOW LONG WILL YOUR NEW CAR LOOK NEW?

Keep your new car looking new. Prevent quick depreciation. Make the original finish last indefinitely.

Berry's Auto Finishing Varnish is a surface-saver. It is made to withstand severe exposure and hard usage. It seals the original finish beneath its protective film. One coat is adequate.

Before "hair cracks" appear and luster disappears, take this simple, inexpensive precaution.

When friends are at your hearth-side met, Sweet courtesy has done its best If you have made each guest forget That he himself is not the guest.

TASTY FOODS

Kohl-rabi is not well enough appreciated as a dainty vegetable. When tender and not overgrown they are as delightful when cooked as the finest cauliflower. Peel off the thin outer coat and cut into thin slices, going round and round the vegetable.

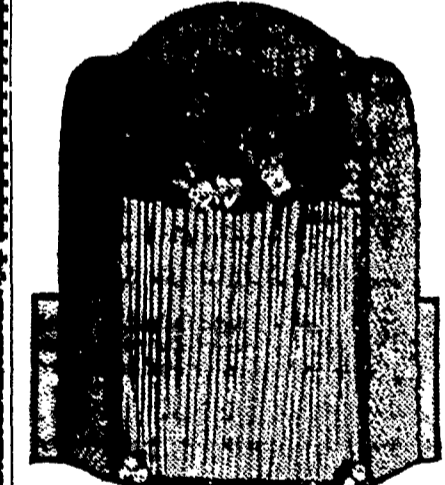

If any part seems tough or fibrous discard it, cover with as little water as possible to cook it and do not drain; add a little milk and butter and flour well blended with salt and pepper. Cream will be more delicious but prepared in this manner with plenty of butter it is a dainty dish.

When there is some chicken, but not enough to serve again, left over, take some of the chicken gravy, add more milk, and if there is any tried-out chicken fat thicken it with flour and add to the gravy; if not use butter. Shared the chicken after removing it from the bones and add to the gravy. Steam until soft and thoroughly hot as many slices of bread as will be needed, butter them and pour over the hot chicken gravy. If some pork chops or roast is at hand the meat may be added to extend the chicken or veal is even better.

Roast Hamburg Steak.—To one and one-half pounds of hamburger steak add two slices of salt pork finely chopped, one-half cupful of bread crumbs, one egg, three-fourths of a teaspoonful of salt. Shape into a loaf, dredge with flour and over the top place a few strips of salt pork. Roast forty-five minutes, basting every seven minutes, first with one-fourth of a cupful of hot water, then with the fat in the pan. To the liquid add water to make a cupful. Brown one and one-half table-spoonfuls of butter with two table-spoonfuls of flour and add the liquid from the pan. Cook until smooth and serve with the steak.

Poppers are good in omelet, scrambled eggs, chop suey and as a garnish for cream soups. In French dressing with chopped onion they add greatly to any simple salad.

Nellie Maxwell
Pretty Phone Screen

Little adornments and furnishings for the home, especially if made by the donor, are the gifts home-lovers appreciate most. Here is a telephone screen which may be made of silk or of fine crepe paper, and narrow gold braid, over a cardboard foundation. As pictured, it is made of rose-colored crepe paper, platted over the center panel and adorned with cut-out paper flowers.

Why Noses Are Flat
Eskimos and coast African tribesmen have broad, flat noses. This is due to the fact that the mothers of these races carry their babies snuggled against the shoulder or breast at the time when the nose is in its most plastic state, the frequent pressure making the nose a rather shapeless blob.

Christmas Gifts Suitable For Every Member Of The Family

If you are wondering just what to give the kiddies and "her" for Christmas, you can set your mind at rest and have all your worrying over if you will stop in at Van the Hardware man's store located at the corner of North and Lyndhurst Streets. Many are familiar with his name, Martin Van Dussen, better known as Van.

Here are some suggestions that are sure to please every member of your family, and at prices that are most reasonable.

First of all, for "her" an electric iron, and that is something that every woman wants. You will be surprised at the amount of labor and effort an electric iron will save her, and that is one thing you are sure she will be well pleased with. A very good assortment is on hand, and you are sure to find just what you wish.

For the kiddies, nothing will suit them better than sleds or skates. For the girl there are Hockey Skates at \$2.45, and for the boy they are priced at \$1.95. These are a very good brand, and one that the children will delight in using. The sleds are priced at \$98 and up, and if they haven't a sled by all means get them one this Christmas, and see how much they will enjoy it. The Johnston Tube Skates are \$7.50, and this is very reasonable for tubes. The older boy or girl will want tubes, and as we are promised lots of skating this winter they will be able to use them to very good advantage.

Every man wants a good tool chest, and for the husband or father a tool chest from Van the Hardware man's store makes a very practical and acceptable gift.

Christmas will soon be here, and you haven't very much time left, so take advantage of the wonderful assortment Mr. Van Dussen has in stock now.

Buy Your Tires From Fred

Do you need some new tires, and if so do you know where you can get the very best value for your money? At Fred's Gas and Tire Service Station, Platt Street near St. Paul, you will be able to get the Genuine Corduroy Balloon Tires, also the new small diameter wheels, built to fit present standard rims. The interchangeable sizes are exactly the same in design and quality as the sizes for special wheels.

Perhaps in no business in dealing with the public does more depend upon efficient management for business success than in the conduct of the road-side filling station. It is this efficient management that has made Fred's Gas and Tire Station a huge success. And that it is a success no one who but watches car after car stop in front of this popular station can deny.

Although ideally situated at Platt Street near St. Paul, the success of Fred's Station cannot be attributed wholly to location or simply luck. The reason is that Fred gives the car owner what everybody wants—service. And the prompt and reliable manner in which this service has always been rendered has made many drivers long remember the fair treatment accorded them at this station. And being pleased with this service, they are pleased to again patronize this station. Therefore, with the good-will of the car owner steadily growing, both among the local automobilists and the tourists, business here is showing gratifying increases each season.

Trott Bros. Granite Works Appreciated

We remember the living with gifts when Christmas comes. But is there any reason why we shouldn't remember those who have departed in a similar manner? Why those who have gone before us, whom we loved when they lived and whose memory we cherish now they are dead, should not be remembered, is a puzzle.

They deserve as well a loving tribute on Christmas Day. And after all, there is nothing finer for a lasting and beautiful tribute to the dead than a fitting monument, headstone or marker on their last resting place. It needn't be the most expensive that money can buy. It needn't even be a normally expensive monument.

A short inspection of the monuments, headstones and markers at Trott Bros., situated at 1120 Mt Hope Avenue, makers of monuments of the better kind, will quickly disclose beautiful examples of the stone sculptor's handiwork, which can be purchased at very reasonable cost.

When you remember those of your family circle who are alive remember also those who have left the family circle, and give them as a fitting Christmas gift, a beautiful headstone. The members of the firm of Trott Bros. Inc., will be pleased to show you their splendid examples of art stone work, and will be glad to give you prices upon them.
