### THE GRAYMOOR SHRINE OF ST. ANTHONY

Perpetual Novena to the Wonder Worker of Padua

"The sea obeys and fetters break, And lifeless limbs thou dost restore, Whilst treasures lost are found again, When young or old thine aid implore." These words composed by St. Bonaventura a contemporary of St. Anthony of Padua, have been echoed by millions of Catholics during the past seven hundred years out of the conviction confirmed by their own experience of the Wonder-Working Power of St. Anthony.

Authentic Likeness It would be difficult to find a Catholic Church in the United States that does not contain a statue of St. Anthony. But the best known Shrine of the Saint in America is undoubtedly that of the Graymoor Friars on the Mount of the Atonement.

By participating in the Perpetual Novena to St. Anthony conducted by the Graymoor Fathers—a new Novena begins every Tuesday—thousands upon thousands of the Clients of the Wonder Worker of Padua have obtained their petitions.

The readers of the Catholic Journal are invited to follow their example and test for themselves the efficacy of this special Novena.

### Archbishop Hanna Dedicates Hospital Costing \$1,250,000

San Francisco, Nov. 1.—The Most Rev. Edward J. Hanna, Archbishop of San Francisco, solemnly dedicated the new \$1,250,000 Providence Hospital at Thirtieth and Webster streets, Oakland, yesterday afternoon. The building supplants the old hospital at Twenty-sixth and Broadway, erected in 1902, and long inadequate. The new fireproof building of reinforced concrete and steel construction is said to be the finest and most perfectly equipped institution of its kind in the West. It has 300 beds and 175 private rooms. There are also a number of compartment wards. The departments for children and maternity cases have been given special attention, while the X-ray department and laboratory service are excellently equipped.

Providence Hospital was founded 24 years ago. The Rev. J. A. Lally, chaplain, turned the first spadeful of soil for the new building on June 27, 1924. Active construction work did not begin until June of the next year. Sister Joseph Anselm, Provincial Economist of the Sisters of Providence, who carefully watched and supervised every phase of construction, has received high praise from the architects and builders.

### Baroness De Hueck Lectures For Near East Welfare Assn.

Washington, D. C., October 29.—Baroness Catherine de Hueck, the talented Russian noblewoman, whose lectures have met with such signal success in the United States and Canada during the past three years, delivered her first lecture here under the auspices of the Catholic Near East Welfare Association, 480 Lexington Avenue, New York City. The lecture on "The Tragedy of Russia" was delivered at Georgetown Visitation Convent and was most enthusiastically received. It was based largely upon her own personal experiences during the World War and the Russian Revolution and was a vivid portrayal of the trials of her fellow-countrymen.

The Baroness is returning to Washington in November to fill a number of other engagements and will be occupied throughout the winter and spring with lectures in various parts of the country.

San Francisco, Nov. 8.—Two hundred clergymen of all denominations were guests of Most Rev. Archbishop Hanna at a luncheon given in behalf of the San Francisco Community Chest at the Convent of the Sisters of the Holy Family, here a few days ago. Shaw, president of the Church Federation, are honorary members.

Mrs. M. C. Schloss, chairman of the corporation department presided; Archbishop Hanna delivered the address of welcome; Chester Rowell spoke on "The Challenge of the Chest to the Clergy," and Rev. C. P. Deens, executive chairman of the church committee, responded.

### Fr. Sherry, O. M. I., Paid High Honors On Silver Jubilee

(By N. C. W. C. News Service). Washington, Nov. 9.—The Rev. John H. Sherry, O. M. I., D. D., professor of Dogmatic Theology and Holy Scripture at the Oblate House of Studies here, observed the silver jubilee of his ordination yesterday with the celebration of a Solemn High Mass of thanksgiving in the crypt of the National Shrine of the Immaculate Conception on the campus of the Catholic University of America. The Rt. Rev. Bishop Thomas J. Shahan, rector of the University, attended the Mass.

Members of the congregation at the Oblate House entertained Father Sherry on the eve of his anniversary when a cablegram, containing the Papal Benediction, was received from His Holiness, Pope Pius XI. Congratulations were received also from Cardinal O'Connell of Boston, the Superior General of the Oblates of Mary Immaculate, and Bishop Curley of Syracuse.

Father Sherry who has had a distinguished career as a student and teacher, was born in England of Irish parents. He studied his philosophy and theology in Liege and Rome, and has the degrees of Doctor of Philosophy and Doctor of Divinity. He was ordained at St. John Lateran's Church, Rome, in 1901.

### New Home Houses Needy Unemployed In San Francisco

(By N. C. W. C. News Service). San Francisco, Nov. 1.—The new home for unemployed men being erected by Very Rev. Magr. John Rogers, pastor of St. Patrick's, will open its doors, prepared to minister to the multitude, on November 15.

The building is located on Minna street between Third and Fourth, extends through to Natoma street, a length of 120 feet; is sixty feet wide and has a frontage on both streets. It is a two-story and basement building, of reinforced steel-concrete, and thoroughly fire-proof throughout.

Two hundred and fifty beds provide accommodations for 250 men at one time, and the building is so planned that two additional stories can be added if occasion demands, so that 500 men may be housed.

The lot and building represent an outlay of \$100,000. Of this total, \$70,000 was donated to Magr. Rogers early in the summer. The donor prefers to remain unknown.

In this "home" men will be provided with food, shelter, baths, etc., free of charge. They will be afforded opportunity to rehabilitate themselves to face the battles of life anew. No distinction will be made on account of religion, nor shall any inquiry be made into any man's religion. The only requisite for admission is the applicant's poverty.

This will be one of the few institutions of its kind in the country, although not the first of its kind. During the February 1893 blizzard, William F. Downey, Catholic philanthropist of Washington, D. C., founded and maintained in that city the "Home of the Good Samaritan," which continued ministering to the unfortunate until 1917.

Sigmund Romberg, who arranged the music for "The Student Prince," has written the score.

### MUNICH TRIES NOVEL CHAPEL EXPERIMENT

Munich, Oct. 27.—Complete success has attended the experiment initiated in this city by installing a chapel in the principal railroad station to enable travelers to hear Mass on Sundays. This station chapel, which is unique in Germany, was made possible through the cooperation of His Eminence Cardinal Faulhaber, Father Rupert Mayer, S. J., and above all by the stationmaster, who not only placed a first-class waiting room at their disposal, but who frequently serves the early Sunday Mass himself.

The object of the experiment was to enable travelers to make an early start on the Sunday excursions, which are so popular in Germany, by hearing Mass at an hour at which Masses in the regular parishes have not yet begun. The Masses in the station chapel are said as early as 3:30 and 4 a. m.

The waiting room used as a chapel is spacious, and contains a fine altar, an organ and a large cupboard for vestments, etc. The furniture and ornaments were donated by pious friends, and the railroad employees decorate the altar and chapel with plants and fresh flowers on all Sundays and holy days.

The constant attendance of travelers at these early Masses has provided the need of the chapel. So successful has the experiment been that requests for information are now being received from the Rhineland and Saxony where something similar is being contemplated.

### Priest Artist Decorates Church In San Francisco

San Francisco, Nov. 1.—In the Church of St. Paul of the Shipwreck, this city, there has recently been completed a decoration of the Sanctuary with a very beautiful triptych of St. Paul, as well as the decoration of a chapel dedicated to St. Anthony.

Both of these works are from the brush of Father Luigi Sciochetti, a Roman artist of distinction, who is making a short stay in California. Father Sciochetti is also a "Professor," being a graduate of the Italian Ministry of Fine Arts, working for a number of years under the guidance of Ludovico Seltz, Director of the Vatican Museums, and has been employed in the basilicas of Loreto and of St. Anthony of Padua.

### Only One Religious Ceremony Planned At Royal Wedding

Rome, Nov. 6.—Despatches in some secular newspapers have stated that there will be two religious ceremonies in Brussels next week when Crown Prince Leopold of Belgium and Princess Astrid of Sweden are united in marriage. The civil marriage already has taken place in Stockholm.

These statements have been categorically denied here by the Holy See. There will be only one religious ceremony—the Catholic ceremony, as the Canon Law provides.

### Catholic Doctrines Definite, Declares Welsh Newspaper

London, Oct. 25.—A Welsh newspaper, "Yr Herald Cymraeg," has paid a notable tribute to the courage of the Catholic Church in facing modern problems. The article, published in Welsh, also condemns the weakness of other Churches for the lack of authoritative statements in the statements of their leaders.

"The Roman Catholic," says the Welsh paper, "is not afraid of expressing his opinion clearly and definitely on important questions of the day. He has his convictions and in no circumstances does he deviate from them. Not so the nonconformist. Not a single branch of the nonconformist church is ever authoritative when any religious question is raised. This certainly indicates a weakness somewhere."

"For example, the voice of the Free Churches is very uncertain on the matter of miracles, and the same is true also of the Anglican Church. Our Churches are just as uncertain when they approach the birth of Christ or His death."

"On the other hand, the Roman Catholic Church is absolutely authoritative on these vital questions of Christianity—as authoritative as the Bible."

"Yr Herald Cymraeg," which prints this testimony is an important paper circulating in a territory in which Catholics form a very small minority.

### Monument to Saint Bernard Unveiled

Paris, Oct. 28.—In order to celebrate the thousandth anniversary of Saint Bernard of Menthon, Patron of Alpinists, a committee was organized a few months ago to give a series of performances of a mystery play written by Henri Gheon, depicting the principal episodes in the life of the saint. An appeal was made to a number of generous Catholics for a fund to meet the expenses of the performances. The play was such a success that all expenses were largely covered. When the committee went to return the loans to its generous friends, and expressed the desire that the funds be used to erect a monument to the memory of Saint Bernard.

This monument has just been unveiled by the Bishop of Annecy. It is a high relief of marble and has been placed against the belfry of the church in the village where Saint Bernard was born.

### Bible Reading In California Schools Was Voted Down

(Special Telegraph, N. C. W. C. News Service)

San Francisco, Calif., Nov. 4. California apparently has snowed under a referendum measure, voted on Tuesday, by which reading of the Bible as a part of the daily curriculum of the public schools would have been authorized. A recent decision of the State Supreme Court held that reading of the Bible in the schools would violate a section of the State Constitution which forbids sectarian books in the schools.

No serious consideration of the bill apparently was given. It originated, it is said, through the initiative activities of evangelical Protestant groups in Southern California, whose pet measure it was. There was a disposition to regard them as pseudo-reformers. A clergymen's committee containing the names of ministers of virtually all faiths worked against the bill.

### Aloysian Pilgrimage To Rome for Saint's Centenary Dec. 31

New York, Nov. 6.—An Aloysian pilgrimage of young men, to go to Rome for the second centenary of the canonization of St. Aloysius, December 31, is being organized under the spiritual direction of the Jesuit Fathers. It is to leave New York on the Berengaria December 15; spend Christmas week in Rome, whence it will go to Paris January 1; spend two days in Paris, and return to New York on the Paris, arriving January 12.

Father W. T. Tallon, S. J., promoter of the Aloysian celebration in the Jesuit Province of Maryland-New York, expects that at least 25 Catholic colleges and high schools in that area will send one or more representatives each, in addition to those who will go on the pilgrimage on their own accord. He hopes also to enroll representatives of parishes and alumni associations. He has announced that applications will be received at 501 East Fordham Road, New York City.

The pilgrimage, it is pointed out, is a part of the great world celebration of the bi-centenary of St. Aloysius' canonization, which has been ardently encouraged by Pope Pius XI. The celebration will include a world gathering of Catholic youth at Rome December 31, where impressive ceremonies will be held, and observances in all countries, centered about pledges to follow the "Aloysian Plan of Life."
