Yes, the fee for trust service, as required by law, is the same whether you appoint a strong, competent banking organization as trustee or executor of your estate, or an individual.

History proves, however, that the safest procedure is to appoint a trust institution rather than an individual!

By naming the Central Trust Company as trustee or executor you will be certain of someone experienced, capable and dependable ..... an administrator who will act to safeguard your business interests and to protect the welfare of your beneficiaries.

We cordially invite you to come in and let us explain the many complications that may arise in the management of your estate and how we are prepared to effectively meet every situation.
