ELMIRA

Maine Chaplain Will Speak Here On Labor Day

Famous Priest Will Deliver Dedication Address at Unveiling of Spanish War Memorial

Elmira, Aug. 9.—The Rt. Rev. Msgr. John P. Chidwick, Chaplain of the U. S. battleship Maine at the time this ship was blown up in the harbor at Havana, Cuba, on February 15, 1898, will deliver the dedication address at the unveiling of the Spanish-American War Veterans' memorial in Wisner Park in this city on Labor Day.

A street parade, in which all service men of the city and vicinity will participate, will be held prior to the dedication services in the park and the occasion will be made a great patriotic event. Spanish-American War Veterans, the American Legion and Company E will participate in the street parade. Civil War Veterans will be represented, but will not parade. Arrangements will be made to convey the latter in automobiles. The parade will be in charge of Major Driscoll, marshall. The line of march will be from the State Armory to Lake Street—south on Lake to Water; west on Water to Main Street, and north to Wisner Park.

The bronze statue is a heroic representation of a soldier of the war for Cuban independence. It cost \$5,000, the city and county each paying half the cost. It was made by the Gorham Mfg. Co., of Providence, R. I. The granite base will arrive soon, and the statue will be placed near the intersection of West Fourth and North Main Street, in the eastern section of Wisner Park. Plans are being made to have the Civil War statue, now standing in the Court House yard, placed in the opposite corner of Wisner Park. Both

would then be adjacent to the bridge, erected to the memory of those who laid down their lives in the World War. Thus Elmira's war memorials would be advantageously grouped.

MR. BOODY drives to the bank

AZARIAH BOODY'S part in the founding of the University of Rochester is celebrated in song and story. His cows are a campus tradition.

Mr. Boody, public spirited Rochesterian, was also a lover of fine horses. His stable was famous in Monroe County; his dislike of traffic congestion was equally well known. Frequently when he left his "country estate" at Alexander Street to drive all the way to the Union Bank, of which he was a director, his whole trip was spoiled. Traffic around the "Four Corners" was such that he might or might not find a "parking place." His favorite hitching post was often taken.

No one would approve more heartily of the Union Trust's present parking plans than Mr. Boody. He, who always advocated private hitching posts for bank customers, would be the first to praise and to use the new parking station being built on Corinthian Street, on the same spot, strangely enough, where the Union Bank began in 1853.

This new parking station, in the rear of our Bank of Rochester office, will be for every Union Trust customer. It will make banking at the Union most convenient for every one.
