Greig Street Home Has Been Leased For Seminarians

Fine Old Residence Will Provide Home for St. Andrew's Preparatory Seminary Students Who Live Outside of City—Cost Will Be Nominal, and Worthy Students Will Be Encouraged

DONATION DAY WILL BE HELD FOR HOME AND HELPFUL GIFTS WILL BE WELCOMED

One of the first acts of the Rt. Rev. John Francis O'Hern, D.D., Bishop of Rochester, after his consecration last March, was to provide a suitable home for the students of St. Andrew's Preparatory Seminary who live outside of the city. Heretofore these students have roomed and boarded at private homes, and many times it has been difficult to obtain suitable places for them, owing to lack of room, etc. In the home of the average family, too, the cost was in many cases too high for the meager pay of the average student.

This condition has been remedied now through the efforts of Bishop O'Hern. The fine old residence at 46 Greig Street has been leased, and it will provide an excellent home for about 20 or 30 non-resident seminarians of St. Andrew's. The Bishop was very anxious to obtain these vocations from outside the city and he felt that this home will enable many more boys to study for the priesthood.

Heretofore the great expense of board, etc., has hindered many boys from following their desire in this regard. At the St. Andrew House only a nominal sum will be charged, and its utility will enable the boys to take their dinners at the house.

Besides spacious sleeping quarters and living rooms, the house also has a large refectory and kitchen. On the second floor, across the front of the house, a very beautiful chapel is being arranged and fitted out. Daily Mass will thus be possible. The seminarians living there will be able to receive Holy Communion daily, and will also find it possible

Quake Didn't Hurt Catholic Church in Attica Village

(Special to the Courier and Journal)

Attica, Aug. 16.—St. Vincent's Catholic Church is the only church in this village that was not damaged by the earthquake that shook Western New York last Monday morning. All of the other churches will need extensive repairs, their walls being cracked or bulged, and their chimneys damaged.

Upwards of 300 chimneys were damaged in the village by the earthquake as they will have to be rebuilt completely. One wall of the new High School is badly bulged. It may have to be torn down and rebuilt. The Working house plant, employing 300 men, was damaged so it had to be shut down for several days for repairs. Chimneys were shook so they fell and tore jagged holes in many roofs. The total damage by the "quake" in the village is estimated at \$25,000.

It is considered remarkable, therefore, in view of the extensive damage done here, that St. Vincent's Church escaped unharmed.

St. Ambrose Church Buys Spacious Home For a New Rectory

Attractive Home and Grounds, Formerly Owned by Gilbert Costello, Purchased—New Church Erected Directly Opposite This Home—Old Rectory Is for Sale

THIS PARISH HAS HAD RAPID GROWTH IN EVERY WAY SINCE IT WAS FOUNDED

Announcement has been made by the Rev. Walter B. McCarthy, pastor of St. Ambrose Church on Empire Boulevard, that the church has purchased the former Gilbert Costello home and spacious grounds at 4 Empire Blvd., as a permanent rectory for the pastor of the church. The rectory has been moved into this home from the former rectory, 24 Empire Blvd.

The new rectory is directly opposite the site where the new St. Ambrose Church will eventually be erected. The house is a spacious one, finely situated a good distance back from the street, and it will provide added room that had been badly needed for some time in the rectory. The property was bought at this time to prevent its acquisition by other parties for commercial purposes, and at a price that is considered much lower than its actual value.

The grounds, 250 by 450 feet, are attractive and desirable. The house, while not a new one, is most substantially constructed. It has been remodeled to meet the requirements of a church rectory. This work was done under the direction of Joseph F. Ryan, architect, and the results are most satisfactory.

The former rectory at 24 Empire Blvd. is owned by St. Ambrose Church, and will be sold as soon as possible. It is an excellent lot

City to Honor Count Pulaski On October 19

The Rochester City Council this week officially designated October 19 as Pulaski Memorial Day, in tribute to Count Casimir Pulaski, the Polish patriot who was killed at the siege of Savannah, Ga., 150 years ago. A great public celebration will be held in honor of this patriot, not only in the city, but all over the United States.

Mayor Joseph C. Wilson is chairman of the committee on arrangements for the local celebration, and next to him is the Rt. Rev. John Francis O'Hern, D.D., Bishop of Rochester, who has been honored by this official designation. A large

Cardinal Hayes Orders Support of Schools By Catholic Parents

Letter Read at Masses Says It Is Strict Duty of Parents To Safeguard Children's Faith—"Every Catholic Child in a Catholic School"

New York, Aug. 16.—Catholic parents were told it is their strict duty to send their children to Catholic schools in a letter written by Cardinal Hayes which was read at Masses throughout the Archdiocese Sunday. The letter, dealing primarily with the four Catholic schools for deaf and dumb children in New York, said in part:

"It is safe to say that there are deaf-mute children and adults in every parish. Many thoughtful parents of deaf-mute children allow them to grow up in ignorance, never sending them to school. Some parents tell us that they did not know there was a Catholic school in the city for deaf-mute children. We have three such schools in New York City. There is another school for boys and girls who are deaf on Main Street, in the city of Buffalo. They are all free and are supported by the state, boarding included. Hence no Catholic deaf child need be deprived of a Catholic education in the City or State of New York."

"At a recent convention of the National Catholic Education Association the slogan was, 'Every Catholic child in a Catholic school.'"

"Parents are not free in this matter. Their strict duty is to send their children to the only school that can preserve the precious jewel of their faith."

Academie Francaise Language Prizes Are Won By Religious

Paris, Aug. 16.—This year the language awards of the Academie Francaise, that is prizes intended to reward organizations or persons who have propagated the French language abroad, acknowledge the important work of French missionaries in this respect. The grand prix of 10,000 francs has been awarded the Lyons African Missions. An award of 2,000 francs went to the Dominican Sisters of Charity of La Breche, near Tours, and one of 1,000 francs to the Rev. Theobald Lazarist. Father Planchet, a missionary in China, was among those who received medals.

Art Treasures Are Stolen In Mexico From the Churches

Mexico City, Aug. 16.—Attorney-General Enrique Medina, in a statement just issued, said that numerous complaints had reached him alleging that paintings and other art treasures had been surreptitiously removed from the churches. The Attorney-General is making an investigation to ascertain whether these articles were removed by the neighborhood committees in charge of the churches, or by others before the appointment of these committees.

Referring to the transfer of the churches to the priests the Attorney-General said:

"It has been agreed by the President that all churches and annexes now occupied as public offices of any kind, federal, state or municipal, be returned to the priests."

REV. JOHN J. MITTY

There are 7,081 square miles in the Diocese of Rochester; 6,357 in the Diocese of Buffalo, and 5,743 in the Diocese of Syracuse. But when it comes to territory, the Rt. Rev. John J. Mitty, D.D., Bishop of Salt Lake City, Utah, stands out in the forefront. He has 157,857 square miles in his Diocese. His picture shows him to be a strong man. He needs to be, with all that territory to cover. But his Catholic population is small. Rochester has about 210,000 Catholics; Salt Lake City, only 15,250.

At Camp Madonna

Camp Madonna, Conducted by the Catholic Women's Club, Highly Praised by Head of the Diocese—Delightful Vacation Place for Girls

The Rt. Rev. John Francis O'Hern, D.D., Bishop of Rochester, accompanied by the Very Rev. William M. Hart, Vicar-General; the Rev. Michael C. Wall, pastor of St. Mary's Church, Canandaigua, and the Rev. William A. Doran, chaplain of St. Mary's Hospital, Rochester, made an official visit last Sunday to Camp Madonna, the summer camp conducted by the Catholic Women's Club, for girls, at Canandaigua Lake.

The visitors were greeted at the camp by Mrs. John Gysel, chairman of the committee in charge of the camp; by Mrs. Frank T. Curtin, president of the Catholic Women's Club; by a large number of the directors of the club; by Miss Anne Dodge, manager of the camp; by Miss Muriel Graham, recreation leader, and the nearly fifty girls who are spending their vacations at the camp. It was a happy greeting, and a hearty one.

Following an inspection of the camp grounds and buildings, Bishop O'Hern and the visitors were entertained at dinner by Michael W. O'Brien of Canandaigua, former owner of Camp Madonna, and from whom the Catholic Women's Club purchased the property, was a guest of honor. Fine tribute was paid to him for his generosity in transferring the property to the club for a sum far below its actual value, and for his helpfulness in many other ways.

In addition to those named the guests at the dinner included Mr. and Mrs. Frank T. Curtin, Mr. and Mrs. John Gysel, Mr. and Mrs. Louis Whalen, Mr. and Mrs. Joseph E. Mardelle and son, Mr. and Mrs. Charles P. Hory, Mr. and Mrs. E. K. Reynolds, Mrs. M. H. Keogh and her sister, Mrs. John J. Brogan of Philadelphia, Pa.; Miss Margaret F. O'Hern and children, Mary O'Hern, Maurice, Jr., and their mother, Mrs. F. O'Hern, and their sister, Mrs. M. H. Hart, who is the mother of the Bishop. A splendid dinner was served, and at the close of it Bishop O'Hern gave an excellent talk.

"If the Catholic Women's Club of Rochester accomplished the work during its existence, the establishment of this camp is well justified," Bishop O'Hern said. "It is a beautiful and healthful place for vacations for young girls. It is a great satisfaction for them and their mothers to know that they are spending their young girls here, and that they are with their mothers, and that every summer they are at a delightful vacation place. It is a wonderful work, and this is a most beautiful and healthful place for vacations for young girls. Calvary Cemetery Striker Is Slain In An Attack

New York, Aug. 16.—When a group of strike pickets chocked a bus loaded with substitute workers who were being transported within the walls of Calvary Cemetery recently, Stanley Zasadsinski, a striking grave digger, was shot and killed by Philip Nusniato, a cemetery foreman.

As the strikers advanced hurling bricks and stones, Nusniato fired at them. He was arrested and held on a homicide charge after Zasadsinski fell, mortally wounded. Three substitute workers were reported beaten when they attempted to enter the cemetery. The strike has been in progress for a number of days.

The strike of Calvary Cemetery workers was broken Tuesday this week, when more than 300 of the 360 men on strike returned to work. Seventy-two bodies had been placed in emergency trenches during the strike, and these were removed and buried in the family plots.

Famous War Chaplain

FATHER FRANCIS P. DUFFY

The Catholic Summer School at Plattsburg has been a great success this year. The President of the School, the Rev. Francis P. Duffy, D.D., of New York City, chaplain of the famous 69th Irish Regiment in the World War, has been a tireless worker for the school, and with excellent results. Father Duffy spoke last week at the convention of the Catholic Total Abstinence Union at Plattsburg, and he has given a number of other splendid talks at the school.
