Not Too Good for YOUR Home

WHY SHOULD clubs have all the best things in life?

Shower baths are in every golf-club locker room—in every big league base-ball dressing room—in every hotel that pretends to keep up with the times.

Why isn't your home good enough for this modern joy? We will show you a shower that can be installed above your present bath-tub—or we can show you bathtubs with shower attachment in combination.

 Six-Story Addition
 (A New Banking Workshop)

To meet the needs of greater Rochester in 1930, The Rochester Trust and Safe Deposit Company has just completed a six-story addition to the granite-marble structure at the Four Corners. Nearly ten thousand square feet of additional floor space is available in this new banking workshop, for the present and future needs of Rochester Trust service.

Among the features of the new addition are:

- 1) An attractive new balcony (illustrated) and new offices on the main floor, for the greater requirements of the Trust Department.
- 2) Bank's new 2-story securities vault of latest design, with time-locked door and vestibule weighing seventeen tons.
- 3) New Directors' Room and Conference Room, and new departmental working space.

New Facilities for the New Year

You are cordially invited to open an account at Rochester's first trust Company. We aim to render a real and helpful service—considerate though conservative.
