

CATHOLIC COURIER AND JOURNAL

VOL. 2, NO. 12.

CATHOLIC DIOCESAN PAPER, ROCHESTER, N. Y., MAY 29, 1930.

PAGE ONE

"In vain will you find missions and build schools, if you are not able to wield the offensive and defensive weapons of a loyal Catholic press."
—Pope Benedict XV.

"We earnestly recommend the Catholic press to continue its efforts to our detriment as well as to their advantage, and we would urge all to be vigilant in their efforts."
—Bishop O'Hara.

Diocesan Action Taken to Encourage Vocations for the Various Sisterhoods

Gives \$522,000 Check To Elmira Hospital; Work Starts Monday

Mrs. Edward J. Dunn Presents St. Joseph's Hospital Part of Bequest Provided in Will of Her Late Husband—Ground Will Be Broken Monday, and Million-Dollar Annex Erected at Once

HOSPITAL WILL BE ONE OF THE FINEST IN STATE WHEN ANNEX IS COMPLETED

Elmira, May 29.—Mrs. Edward J. Dunn presented St. Joseph's Hospital in this city a check for \$522,000 a few days ago, part of the bequest provided in the will of her late husband.

Ground will be broken next Monday morning, June 2, for the new million-dollar annex to the hospital, and work upon it pushed rapidly to completion. It is expected that the Rt. Rev. John Francis O'Hara, D.D., Bishop of Rochester, will officiate at the breaking of the ground.

The Nurses' Home will be erected first; then the Medical Unit. Both of these buildings have been badly needed for some years, and rapidly has the hospital grown, and so widespread has become its patronage.

The presentation of the magnificent gift to the hospital by Mrs. Dunn makes possible the starting of work on the hospital annex. Eugene J. Dwyer, of the firm of Sutherland & Dwyer, Rochester, looked after the legal details in the presentation of the \$522,000 to the hospital.

Elmira, May 29.—A check for \$522,000, representing a portion of the bequest of Edward J. Dunn, was presented to St. Joseph's Hospital in this city during the past few days by Mrs. Edward J. Dunn.

This amount, in addition to the sums already received, and to be received by the hospital from the estate, will make a total of approximately one million dollars from Mrs. Dunn. This is one of the

Americans Plan Trip to Budapest To Honor Saint

New York, May 29.—Catholic pilgrims from all parts of the world will gather in beautiful Budapest on the Danube in August for the celebration of the ninth centenary of the death of St. Emery, protector of Hungarian youth and son of St. Stephen, patron saint of Hungary and the nation's first apostolic king. His Eminence Cardinal Serelli heads the committee in charge and Presiding Justice Victor J. Dowling of the Appellate Division, New York Supreme Court, is vice-president of the committee for the United States.

Former United States Consul Charles Huzar is lay president. Count Hunyady is chairman of the foreign relations subcommittee and vice-presidents for foreign countries include Cardinal Faulhaber and former Chancellor Marx for Germany, Cardinal Van Roey for Belgium, Cardinal Verdier, General Castellano and Monsignor Baudillart for France, Bishop Van Diepen for Holland, and Sir W. A. MacKenzie for England.

Pilgrimages will leave from New York on July 19 and July 26 on the Roma and Conte Biancamano, respectively, visiting Rome, Venice, Genoa and Budapest. There will be a Eucharistic Congress on August 19, which will include a naval procession on the Danube in which the Papal Legate will bear the Blessed Sacrament. The following day will be dedicated to St. Stephen and on that occasion the apostolic crown will be exposed in Coronation Church and the right hand of the saint will be carried in procession through the streets.

Al's Grandchild Baptized Sunday In Albany Church

Albany, May 29.—Emily Smith Warner, infant daughter of Major and Mrs. John Adams Warner, was baptized Sunday afternoon in the Cathedral of the Immaculate Conception. The baby's grandparents, former Governor Alfred E. Smith, and Mrs. Smith were present. Major Warner is the former Emily Smith.

The baptismal ceremony, performed by the Rt. Rev. Monsignor Joseph A. Delaney, took place at 5 p. m. Sponsors for the child, born two weeks ago in Albany Hospital, were Mrs. John Gunn, of New York, a cousin of Mrs. Smith, and Andrew J. Warner of Rochester, brother of Major Warner.

Plays Columbus

The construction of additional buildings on the very spacious campus of the college is contemplated as the necessary funds are provided by the enrollment now in progress in observance of the 75th anniversary of the founding of the college. Flanking the athletic field are two of the few remaining pine groves in the State of New York and the campus, which borders the main highway has always been regarded as one of the most beautiful in America.

(Continued on Page Six)

America's First Saint

Rev. Isaac Jogues, S. J., killed by the Iroquois Indians at Auriesville, N. Y., in 1644, will be canonized on June 29th, together with several other Jesuit martyrs. He will be America's first saint. St. Rosa of Lima, Peru, is the only saint on the Church Calendar at the present time for the new world.

Meet the Hierarchy

RIGHT REV. ALOYSIUS J. WILLINGER, C. S. S. R.

The Rt. Rev. Aloysius J. Willinger, C. S. S. R., is the new Bishop of Ponce, Porto Rico. He has a Diocese that is suffering greatly from lack of food, clothing and other necessities of life. He has a Catholic population of approximately 700,000, and only 70 priests to care for them. There are only 40 churches in the diocese and 50 chapels; six parish schools, four colleges for girls, and one for boys; six hospitals and five asylums. Generous Americans have been sending him money and clothing for his poor, and Theodore Roosevelt, Governor of the Island, is honorary Chairman of his relief committee.

Catholic Doctor Receives a Degree From Tokyo Univ.

(Fides Service)
Tokyo, Japan, May 29.—For the first time the medical department of the Imperial University of Tokyo has conferred the title of Professor of Medicine upon a foreign physician and it is gratifying to Catholics to note that the gentleman honored, Dr. Herman Grauert of Yokohama, is a fervent Catholic.

Dr. Grauert was born in Japan, the son of the first German Consul General in Yokohama, but was educated in Germany. He graduated from the University of Munich, and later studied at the Hamburg Institute for Tropical Diseases. In 1924 he returned to Japan to spend his whole life in this country, devoting himself to the sick and to scientific pursuits.

Dr. Grauert is not only a great scholar and excellent physician but likewise a zealous apostle. As the head of the Catholic Hospital of St. Teresa at Shikishigahama, near the famous city of Kamakura, he is directly connected with missionary work, and in addition gives free medical treatment to poor Catholic Japanese and to all missionaries.

Notre Dame Plans Extension Fund For Future Work

Notre Dame, May 29.—Alumni of Notre Dame, through the Alumni Association, will launch, at the 86th annual commencement, a plan to aid in the expansion program to accommodate the growth in the number of students at the University during the last few years.

The new plan is one adopted by a number of colleges and universities throughout the United States and does away with all of the disadvantages of the older methods of money raising that such institutions had to employ. It is a system of voluntary, annual giving, by which the annual deficit which all educational institutions incur in their purely educational features, is partially met. It is called Living Endowment, derived from the consideration of the body of alumni and friends of Notre Dame as the University's endowment, rather than the large capital sum that was formerly raised and then placed in necessarily safe securities by the institution itself.

Notre Dame's endowment of one million dollars, raised a few years ago from the alumni and friends of the University, has already become wholly inadequate for the needs of the University, and is far below that of most institutions of similar size and scope.

A concrete example of the proposed plan is as follows: A gift of one hundred dollars annually in the equivalent of an outright gift of two thousand dollars invested at 5%. The economic advantage to the contributor are evident.

Niece of Walker Graduates From Girls' Academy

New York, May 29.—Miss Rita Anna Burke, 18-year-old niece of Mayor Walker, was graduated May 29 from St. Lawrence Academy for Young Ladies, a Catholic institution at 42 East Eighty-fourth Street. Certificates were presented to eighteen young women of the graduating class by the Very Rev. Patrick F. O'Gorman, rector of the parish.

Mrs. James J. Walker attended the exercises with Mrs. Nan Walker Burke, mother of the girl and sister of the Mayor, who was unable to attend. A large wreath of flowers was sent to the class by Mayor and Mrs. Walker.

The commencement exercises included a program of music and a dramatic presentation, "The Masque of the Two Strangers," in which the Mayor's niece impersonated Hope. Miss Burke lives with her mother at 1329 Lexington Avenue. She plans to go to college next Fall at Mount St. Vincent, near Yonkers.

Awarded Medals

When Villanova College holds its annual commencement on June 5th, it will award the 1930 Mendel medal to Dr. Albert F. Zahm, chief of the Division of Aeronautics, in the Library of Congress, for distinguished service in the advancement of science. Dr. Zahm is a brother of Rev. John Zahm, C.S.C., famous explorer.

Students Join The Church and 10 Are Baptized

Champaign, Ill., May 29.—An impressive and colorful ceremony was enacted at St. John's Catholic Church recently when a group of 10 young men and women students at the University of Illinois made their public profession of faith and were solemnly received into the Catholic Church. Six other students, who were members of the inquiry class and completed their instruction, were desirous of embracing the Catholic faith, but due to parental disapproval refrained from taking the step at that time.

Novena in Churches By Request of Bishop To Foster Vocations

Diocesan-Wide Prayers Are Being Offered All Week With Special Prayers and Sermons in Churches and Talks and Exercises in All Parish Schools in Honor of the Blessed Virgin

GREAT LACK OF VOCATIONS IS FELT IN SISTERHOODS, BISHOP O'HARA SAYS

Novenas are being made in every church in the Diocese of Rochester this week for the purpose of fostering and encouraging vocations, especially for the various Sisterhoods in the Diocese. Special prayers are being said in all churches, with talks and appeals to parents and young women, and special novenas are being held in all parish schools. All of this is in keeping with the fervent request of the Rt. Rev. John Francis O'Hara, D.D., Bishop of Rochester, who sent a letter to each pastor, outlining the necessity for this action.

The Bishop's Letter

"Dear Reverend Father:—On account of the great lack of vocations to our Sisterhoods, and the urgent need for discovering vocations among our young women and girls of the Diocese, we are planning a diocesan-wide novena for that intention to extend from Sunday, May 27th to Sunday, June 1st.

"During those eight days we are asking the pastors and priests of the Diocese to preach on this subject on at least one Sunday, and also to have public prayers recited either in the morning after the last week-day Mass or in the evening in connection with the public May devotions. Those prayers should consist of the Rosary and Litany of our Blessed Lady, and the novena should be held in the parish.

Exercise in Schools
"At the same time special exercises should be held in the parish schools, through which the children and children of the schools will join their prayers with the people of the parishes, asking Almighty God to send vocations in order that we may have more laborers in the vineyard of the Lord. The prayers for the schools should also consist of the Rosary and Litany of our Blessed Virgin Mary. After the novena is closed we are asking the pastors to have talks given to the youth, particularly the eight grades, in the schools on the subject of vocations, before the closing of school in June.

"As a means of accomplishing this purpose I would suggest that the pastors of Our diocese should have a special prayer for vocations at the beginning of each year, and also at an early date in the year, so that the children may be familiar with the subject of vocations.

Cistercian Monks Plan To Build Large Infirmary At Rhode Island Monastery

Cumberland, R. I., May 29.—Monks of the Cistercian Order, who have toiled in the quarter on their 500-acre grounds for years to erect the monastery of Our Lady of the Valley, are to build a new structure—an infirmary for their sick and aged.

Plans are being drawn for a two-story structure 80 by 90 feet and the monks already are at work in their quarry, with such laborers as they employ to assist them preparing material for the new building. Nearly a million second hand bricks have been purchased for the inside facing of the granite walls.

Monks Rise at 2 A. M.
The monks, who arise at 2 A. M. daily and retire for rest early each evening, carry on extensive agricultural projects in addition to their building activities.

The members of the order have number about 40 monks and lay brothers. Their arduous labors are allowed in no way to interfere with the traditional and age-old daily religious devotions of the order. This year, incidentally, for the first time in the 50 year history of the monastery the monks adopted "light saving."

After the building of the infirmary they plan to construct a porter's lodge, which will be the first step in closing the monastery from communication with the outside world. This community, young in the order, has had the order of its members relaxed until such time as it could erect the necessary buildings and otherwise establish itself.

Fordham University to Graduate 1,200 Students, June 9th to 11th; Nun Will Receive Honorary Degree

New York, May 29.—The commencement exercises of Fordham University will be held on Wednesday afternoon, June 11th. His Eminence Patrick Cardinal Hayes will preside. Twelve hundred students will graduate.

The commencement program will spread over a period of 10 days, beginning with a dinner on June 2nd. Class Day will be held on June 7th. The Rev. John T. McGrory of the Mission Band of the New England Province of the Society of Jesus will conduct a retreat for the graduating class on the three preceding days, which will conclude with communion and breakfast Saturday morning.

On June 9th the College of Pharmacy will hold its graduating exercises, and on the afternoon of the 10th the Law School graduation will take place. The baccalaureate sermon will be preached on the morning of the 8th by the Rev. John P. White, class of 1916, of St. Agnes Church, New York.

Honorary degrees will be conferred upon Sts. Insurance Commissioner Albert Conway of the class of 1911, the Rt. Rev. John T. Sliattery of St. Joseph's Church, Troy, N. Y.; the Rev. John M. Wynn, editor of the Catholic Encyclopedia; the Rev. Mother M. Sosa of the Dominican Sisters of Blauvelt, N. Y.; Mrs. Antonio C. Gonzalez, social worker and a Deputy Assistant District Attorney, and Dr. Theodore S. She Always Says, "Yes, But Doesn't Mean It"

St. Bonaventure's Will Erect Two New Buildings At Once; Ready by Fall

St. Bonaventure, N. Y., May 29.—Accommodations for 150 students deprived of living quarters by the fire which swept St. Bonaventure's college on May 5, are to be provided by the immediate construction of an additional wing to Devereaux Hall, the newest dormitory on the campus and which escaped the fire. C. Oakley of Buffalo, N. Y., the architect who constructed Devereaux Hall, has been authorized to complete it at once.

In making this announcement the college authorities stated that the additional wing, which will make Devereaux Hall a quadrangle, open on one side, would be ready for the opening of the college in late September. A new dining hall will also be erected and ready by then.

Meanwhile alumni of the college continue to organize on a national basis under the 24 chapters in 15 which they are divided. For the purpose of carrying out the Diamond Jubilee Enrollment for the Alma Mater, in Buffalo, N. Y., and Erie, Pa., chapters are well on the way to complete organization, while the Metropolitan Chapter in New York City, of which Mayor James J. Walker and John J. McGraw, managers of the N. Y. Giants are members, is planning a banquet to be held in the near future.

Extension School Continued

The student body at St. Bonaventure's includes representatives from most of the eastern and many of the western states. Students are entered from Japan, Porto Rico, the Azores, Italy, Czechoslovakia and other European countries. In addition there are large extension and summer schools conducted by the college for men and women. While the regular sessions were cut short by the fire, the extension school has been continued without interruption, and plans are complete for the conduct of what it is believed will be the most largely attended summer school in the history of the institution.

The construction of additional buildings on the very spacious campus of the college is contemplated as the necessary funds are provided by the enrollment now in progress in observance of the 75th anniversary of the founding of the college. Flanking the athletic field are two of the few remaining pine groves in the State of New York and the campus, which borders the main highway has always been regarded as one of the most beautiful in America.

Alfred E. Smith Will Write Book On "The Citizen and His Government", To Be Published During Year 1931

New York, May 29.—Ex-Governor Alfred E. Smith has signed a contract with Harper & Brothers publishing house of this city to write a book for publication in 1931 on "The Citizen and His Government." The material for this book will be entirely new and will not include any articles already published in other books, magazines or newspapers.

"This book," the publishing firm says, "is the result of a deep conviction on the part of Mr. Smith that the nature and scope of government and their relation to the individual are not understood by the average citizen and that much of the failure of popular government is to be charged to the lack of knowledge on the part of the man in the street of that his government, city, State or nation, can reasonably be expected to do for him."

"Written out of his wealth of experience as legislator and Governor, the book will be a rich contribution to the knowledge of practical politics and the science of government," the publishers assert. "Mr. Smith has given long and careful study to every phase of our political machinery, and his book will not only be

a thorough examination of the whole structure of our civil government, but an invaluable commentary written out of personal experience on where the average citizen gets off. "The book will be personal and popular in treatment, and plans have been made to have a special edition prepared for the use of high school and college classes in civil government. The book will be unique, since no similar contribution to the science of popular American government has ever been made by an executive of Mr. Smith's long and first-hand experience."

Pope Gives Auto to China Delegate
Peking, May 29.—His Holiness Pope Pius XI has given an automobile to His Excellency Archbishop Celso Costantini, Apostolic Delegate at Peking. His Excellency used it for the first time to drive from the Peking Cathedral following the Jubilee Mass in honor of Pius XI.

"My predecessors," said Pope Pius XI, "choose to bless the swords and shields of the crusaders, but I would rather bless the pen of the Catholic journalist."

Twelfth \$10,000 Given to Church in Pittsburgh, Pa.

Pittsburgh, Pa., May 29.—An anonymous donor has just given Sacred Heart Church a gift of \$10,000. This represents the twelfth gift of that amount received by the church in the past five years. The donation is conditioned by the request that the parishioners raise an equal amount as in the case of the other gifts. In previous years the parish has always met the condition. The name of the benefactor will be disclosed on Sunday, June 8.

It is very necessary to be cheerful, but we must not on that account give in to a buoying spirit.

The role of Christopher Columbus is being played with remarkable success by Theodore Schedel, in the Paul Claudel opera, which was recently opened in Berlin. Schedel's character acting is superb.
