Bishop Has Not Approved
A New Suburban Cemetery
As Catholic Burial Place

False Statements Made to Catholic People by Salesmen
for New Cemetery—Says Such Cemeteries Are
Opposed to Spirit of the Church
The Rt. Rev. John Francis O'Hern, D.D., Bishop of Roch-
ester, has not approved a proposed new cemetery in a suburban
section of the city as a burial place for Catholics. Statements
made by salesmen for lots in this cemetery that he has approved
the cemetery are false. Such cemeteries, Bishop O'Hern says, are
owned by stock companies, are quite different from and are op-
posed to the spirit and methods of cemeteries owned and con-
ducted by the Church. The Bishop urges any Catholics who may
have purchased lots in the proposed new cemetery to dispose
of them at once.

Statement Read in Churches
In all churches of the Diocese
Sunday a letter from Bishop O'Hern
was read on this matter. The
Bishop made it emphatically clear
that he has not given his approval
to any public cemetery as a burial
place for Catholics. He said it is
not permissible for Catholics to be
buried in a non-Catholic or public
cemetery, unless in an exceptional
case where lots have been in family
possession for many years.

Methods Are Different
"All such public cemeteries are
generally held by stock companies
and are quite different from and op-
posed to the spirit and method of
holding Catholic Church and ceme-
tery properties.

Opposed to Cremation
The Church's attitude against cre-
mation was again explained by the
Bishop, who said: "From the very
first the Church has been opposed to
cremation, so much so that the ser-
vices of the Church and Christian
burial are denied to those who al-
most their mortal remains be cre-
mated. From this general prin-
ciple many may be made from time
to time where there are grave reason-
as, for instance, in cases of epidem-
ics, war, flood catastrophe, and other
similar cases involving the question
of public health."
