Knights Unveil Tablet In Memory of Dr. M. P. Conway At K. of C. Home in Auburn

Central New York Chapter, K. of C., Honors Memory of Fraternal Brother—Hon. M. J. Larkin of Rome, Orator of the Day

Auburn, Oct. 31.—A memorial tablet expressive of the fine love and esteem in which the memory of the late Dr. Michael Patrick Conway of this city is held was unveiled Sunday afternoon at the Auburn K. of C. Home by the Central New York Chapter of the Knights of Columbus, of which Dr. Conway was one of the founders and an active member until his death. The event was attended by a large number of Columbus and their friends. John W. Dorsey of Syracuse presided, and the orator of the day was the Hon. Michael J. Larkin of Rome, former State Deputy of the Knights of Columbus, former Supreme Court Justice, and one of the best known orators in K. of C. circles in the State.

The Tablet Itself
The memorial tablet is of special design, selected by a committee composed of Hon. M. J. Larkin, Charles M. Geherin, Grand Knight of Auburn Council, and John O'Hern of Geneva. It is impressive in appearance, and it bears the following inscription:
In Memoriam
Dr. Michael P. Conway 1850-1930
First Grand Knight of Auburn Council
Presented by the Central New York Chapter
Knights of Columbus
With sentiments of brotherly love and affection, in memory of a Christian, outstanding citizen and devoted friend, October 26, 1930.
Judge Larkin's Address:
Judge Larkin, long a close and intimate friend of Dr. Conway, and a zealous co-worker with him in K. of C. circles throughout and beyond the State, paid a beautiful and fitting tribute to his departed brother. He said in part:
"On this October day when the earth of Nature is preparing the path for the coming mantle of Winter's snows; on this October Sabbath when the church is celebrating the feast of Christ, the King, we are gathered in memorial of him who sleeps beneath the greenward in yonder binnacle of the dead—awaiting the angels' call to resurrection—Dr. Michael Patrick Conway.
"The earthly career of our brother and friend closed with unexpected and suddenness. Between sunset and dawn the hand of the Master touched him, and his soul made the

inevitable journey to the spirit abode where we pray he has been chastened of the trials of man, kind by the loving hand of our Creator.

Says Atheism Has Permeated Many Colleges

Cambridge Minister Criticizes Church For Failure to Keep in Touch With College Students and Help Them.

Boston, Oct. 31.—Atheism has permeated many American colleges, the Rev. C. Leslie Glenn, rector of Christ Church, Cambridge, told the National Federation of Episcopal Church Clubs, at the recent convention of that body in this city. "There is no religious leadership in colleges, with few exceptions," he said. The Rev. Mr. Glenn was formerly secretary of college work for the National Episcopal Council.

Church Has Broken Down
"As an agency for reaching or keeping in touch with students, the home church has broken down," said the Rev. Mr. Glenn. "The college student is geographically removed from Christian leadership. This situation, coupled with the failure of the church to provide the proper spiritual leadership for students, has brought about an emergency comparable only to that of the World War."
"The modern college is neutral so far as any religious influence is concerned. Religious conditions in American colleges and universities are more alarming than many are thought. There exists among students an amazing idealism that is almost at all times of organized religion."
Conventional Christianity
There is in many colleges a conventional Christianity which never touches student morals at such points as cheating in examinations, fraternity politics and dirty football.
"Whatever may have been the religious impulses that led to the founding of the great Eastern colleges, they have long ceased to play an important part in the policy of the colleges. Facilities for the most part are anti-Christian in the field of psychology, sociology and philosophy. There is even a mild persecution."

Emile Fabre, manager of the famous theater and informed him of her decision to take the veil. The next day she left for Lourdes where she entered the convent. Her decision was not made on the impulse of the moment, the actress having told M. Fabre that she had been contemplating the step for a year.

Pope Approves Work of Society For Temperance

Receives German Pilgrimage Composed of Members of Anti-Alcoholic Society and Commends Their Work Heartily.
Vatican City, Oct. 31.—Pope Pius XI recently gave an audience to a German pilgrimage composed of members of the antialcoholic association, Kreuzbund. The members of the association presented to His Holiness its program of activities, which are based not on legal coercion, but on the shaping of conscience against the use of alcoholic drinks.
The Holy Father approved entirely of the program. He spoke, praising the suitability of such action, illustrating its merits towards God, towards society, for which it saves so much energy otherwise lost in vice; towards the families, which are spared shame and great sorrows which would be occasioned by members being given to drunkenness; and towards individuals who are being educated to love sobriety and to detest vice.

Church Music In Europe Poor, Says Pietro Yon

Organist of the New York Cathedral Says Handicap is Chiefly an Economic One—America Fortunate.

Everywhere in Europe choirs are deficient not only in personnel, but in quality. Mr. Yon said, and they lack leadership and training. The professions, which, Mr. Yon said, are capable of being the most impressive part of the Mass, have none of the "rhythmic discipline of our processional music. The choirs are badly dressed and the fabric of the whole organization "seemed weak and loose."

Choirs Are Deficient
The average organist and musical director of a European church is apt to be a man of limited talents and small horizon. Mr. Yon said, and too often he is merely a "disappointed pianist."
"The average organist and musical director of a European church is apt to lack the thorough and comprehensive training in all branches of musical direction which is so necessary an asset," the organist continued. "Often one finds a parish with the organist giving his services, a beautiful feature but not conducive to the best musical interests of the community."

Gregorian Chant Records Are Made By Victor Company

Camden, N. J., Oct. 31.—An album of Gregorian Chants that is unique in the history of recorded music, has just been issued by the Victor Division of the RCA Victor Company. These records were made in France at the very fountain head of the Gregorian chant movement, the chants being sung by a choir of monks of the Abbey of Saint-Pierre de Solesmes, under the direction of Dom J. Gajard, O.S.B.
The chants that have been recorded include the "Kyrie," "Gloria," "Sanctus" and "Agnus Dei," the "Requiem and Absolve," "Domine, Jesu Christe," "Sanctus" and "Agnus Dei IX," as well as many others; twelve double-faced records complete with a specially annotated pamphlet making up the album.

Humanitarian Work Apart From Politics, Bishop's Letter Says

On His Visit to the Rochester State Hospital, He Has Been Shocked At Crowded and Unhealthy Conditions Made Necessary Because of Lack of Proper Room, Bishop O'Hern Says

ASKS THAT THESE AFFLICTED PATIENTS BE GIVEN THE BEST POSSIBLE CARE

An appeal to all voters to vote in favor of the \$25,000,000 bond issue to provide better hospital care and room for patients in all State Hospitals is made this week by the Rt. Rev. James Francis O'Hern, D.D., Bishop of Rochester, in a letter to Dr. John L. Van De Mark, superintendent of the Rochester State Hospital. In this letter Bishop O'Hern says he has been shocked at the crowded and unhealthy conditions he has found in the Rochester State Hospital, due to lack of proper room, and he is informed that similar conditions exist in other State institutions. He asks all voters in the name of humanity, right reason, justice and charity, to vote for the bond issue.

The Bishop's Letter
The Bishop of Rochester to Dr. Van De Mark emphasizes the fact that it is not within his province to suggest to priests or people how they should vote in political affairs, as that is a personal matter and a personal duty. But he appeals to them in the name of the afflicted patients in State Hospitals. His letter follows:
"I am delighted to see the special effort which the officials of our State institutions are making to arouse the people of the state to the necessity of voting 'Yes' in regard to the proposed bond issue of \$25,000,000 which will be before the voters on Election Day. Needless to say that I am heartily in favor of this bond issue, and I speak from a personal knowledge of conditions with which I have been in contact for several years, namely the overcrowding of the Rochester State Hospital, and of others of a similar condition in other State institutions. Such overcrowding and herding of unfortunate human beings is a crime against humanity."

New Jersey Church Sued When Priest Upholds Laws Governing Church Cemetery

Five Children Seek to Remove Body of Their Mother From Consecrated Ground—Pastor Objects

Camden, N. J., Oct. 31.—A suit that once again will test in the courts of the land the rights of the Catholic Church to make binding rules and regulations for her cemeteries has been brought here against the Rt. Rev. Msgr. William J. Fitzgerald, rector of the Immaculate Conception Church. Five brothers and sisters are the plaintiffs, and they seek to have the body of their mother removed from consecrated ground to a cemetery that is not consecrated. Msgr. Fitzgerald has forbidden the removal on the ground that it is a violation of the canon law of the Church.

Claim of the Plaintiffs
Dr. Frank Gilbert and his four brothers and sisters are the plaintiffs in the action. They assert that their mother, Mrs. Rose Gilbert, who died last April 14th, had made a final request that her body never be buried underground, and that the children had agreed to her wish. Following her death the body was placed in a crypt owned by Dominick Gassiere in the Calvary Cemetery until a mausoleum could be constructed. The plaintiffs said they had agreed to pay \$15 a month for the use of the crypt.

Joseph B. Tyler, attorney for the plaintiffs, declared that three months later an attempt to move the body to a vault at the Arlington Cemetery, a non-Catholic burial ground, was blocked by Msgr. Fitzgerald. A permit was refused by the priest, although Dr. Gilbert had one from civil authorities to remove the body, the court was informed.
When Msgr. Fitzgerald protested that it was against the Church laws to remove a body to unconsecrated ground, the children replied that the vault had been blessed by a priest.
