Safeguarding Faith Is Vitally Essential To Good Citizenship

New York Business Man Leaves \$1,200,000 in Bequests to Numerous Catholic Institutions, and Explains That He Is Not Actuated by Bigotry or Indifference to Other Churches or Charities

THIRTY-FIVE INSTITUTIONS ARE REMEMBERED IN WILL OF G. L. DUVAL

New York, March 27.—The will of George L. Duval, Catholic philanthropist, probated here this week, left a total of \$1,200,000 to 35 Catholic institutions, and contained the following remarkable explanation of his reasons:

"Last my friends of other religious denominations should misconstrue the preference I have shown during my life, and now in this, my last will and testament, for Catholic charities, I desire to explain my reasons. All Catholics know how essential to good citizenship among our co-religionists is the preservation of their faith. Once that is lost, moral sense is blunted and those at least in the less favored stations of life are apt to become public charges. Moreover, a large majority of those who suffer from poverty and distress are in our fold, whereas on the other hand affluence is in inverse ratio compared with other denominations. My procedure, therefore, has not been inspired by any spirit of bigotry or indifference to the needs of humanity at large or lack of appreciation of the many worthy institutions of other denominations that are providing relief and comfort."

A noted business man, Mr. Duval was a noted business man, partner of Messrs. Duval & Co., merchants and exporters, and he had given more than \$1,000,000 to Catholic institutions during his life. The following Catholic institutions are remembered in his will:

The Catholic University of America, Washington, D. C., one-fourth residue of \$41,500 is cash.

Homes for Aged of Little Sisters of the Poor, Bronx, one-eighth residue and \$10,000.

Seton Hospital, Spuyten Duyvil, one-eighth and \$4,000.

Convent of St. Regis, Inc., Lake Roseton, L. I., one-eighth and \$11,000.

Convent of the Presentation, Stratford, Conn., \$10,000.

Catholic College of the Immaculate Conception, Brooklyn, one-eighth and \$4,000.

Protectora de la Infancia, Santiago, Chile, one twenty-fourth residue.

Convent of the Carmelite Sisters and the Little Sisters of the Poor, both at Vina del Mar, Chile, one twenty-fourth each.

Cash bequests go to the following: Mission of the Immaculate Conception for the Protection of Homeless and Destitute Children, New York, \$40,000.

French Hospital, New York, \$25,000.

St. Agnes Hospital for Crippled Children, White Plains, N. Y., \$20,000.

Roman Catholic Church of Our Lady of Mount Carmel, Elmford, N. Y., \$13,000.

Roman Catholic Church of St. Leo, New York, \$6,000.

Mother Superior of Convent of Sacred Heart of the Virgin Mary, Sag Harbor, L. I., \$2,500.

Twenty other institutions get legacies from \$1,000 to \$2,500 each. Bequests of \$25,000 are made to the Rev. Mallick J. Fitzpatrick, rector of the Mission of the Immaculate Virgin for the Protection of Homeless and Destitute Children, and to Dr. Charles H. Chetwood, head of the urological department of the French Hospital.

Mr. Duval left many bequests to employes, friends, business associates and relatives, and he left \$1,000 to his barber.

American Buys Library Collected by Clement IX, And Presents It to Pope

Louis Mendelssohn of Detroit Purchases Collection of Books Many Hundreds of Years Old for Vatican Library.

Vatican City, March 27.—Pope Pius XI was highly gratified last Friday by receiving from Louis Mendelssohn, Detroit capitalist, a gift of the priceless and precious Rospiogliosi library, to be added to the Vatican Library. The Rospiogliosi collection includes many valuable books gathered by Pope Clement IX of Rospiogliosi during his pontificate from 1667 to 1669. It also contains a portrait of Pope Clement painted by Carlo Maratta. Many of the books are hundreds of years old, and cannot be duplicated anywhere in the world.

Hearing recently that the Rospiogliosi collection was for sale, Mr. Mendelssohn purchased it for a sum which was not announced. The Detroit man was for a long executive of the Fisher-Body Corporation.

Pope Clement IX was a great lover of literature, and early in his life he began making a collection of rare books. He was born in 1600, and was elected Pope in 1667. He died two years later, leaving one of the most precious libraries in existence.

Mr. and Mrs. Mendelssohn came to the Vatican City on March 7th, and were received in private audience by Pope Pius XI at that time. It is hoped that he then discussed with the Pope the purchase of the precious library, and it is known that his generosity has brought much joy to Pope Pius, who is himself a great lover of books.

Blessed is he who knows what it is to love Jesus, and to despise himself for the sake of Jesus.

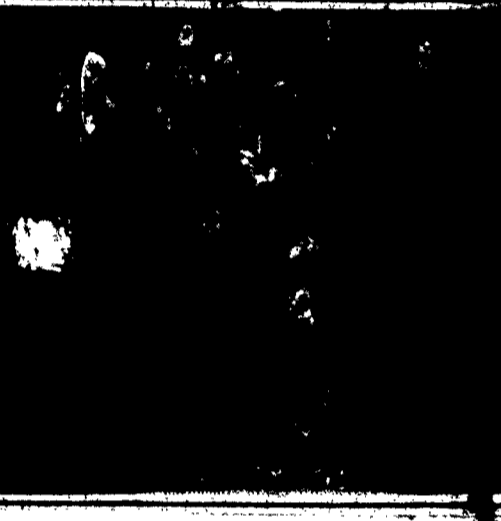

THE CHURCH WEEK IN PICTURES

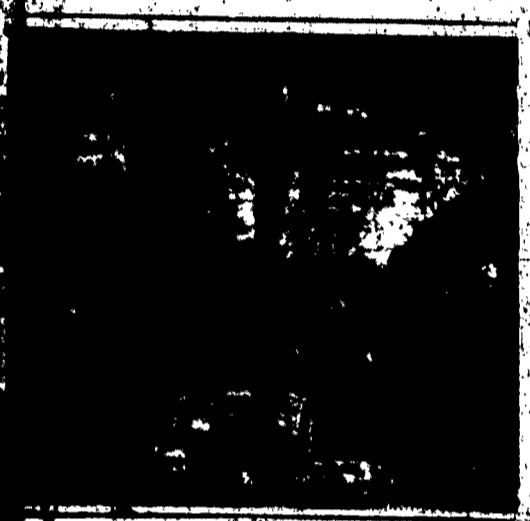

On Monday is the beginning of Holy Week, the most solemn in the Church calendar. It starts by commemorating the triumphal ride of Jesus amid waving palms, and comes swiftly to the sorrow and agony of Christ.

On Holy Thursday, with His apostles around Him, Jesus instituted the Holy Sacrament. The event is depicted as The Last Supper. Later He went to Gethsemane and meditated alone. The apostles with Him fell asleep.

On Good Friday the long march to Calvary was made. It was a solemn and grand procession. The figure of Christ was carried to the place of execution. The crowd was so dense that the way was blocked, and the procession had to be conducted after the manner of a funeral.

On Easter Sunday the long march to Calvary was made. It was a solemn and grand procession. The figure of Christ was carried to the place of execution. The crowd was so dense that the way was blocked, and the procession had to be conducted after the manner of a funeral.

World's Tallest Building Will Be Opened May 1st

Empire Building, 1,248 Feet High, Erected in One Year by a Company of Which Alfred E. Smith is President.

New York, March 27.—Last Saturday the last of the scaffolding was taken down from the 200-foot dirigible mooring mast atop the Empire State Building. This marked the practical completion of the world's tallest skyscraper. The tip of the mast is 1,248 feet above Fifth Avenue and Thirty-fourth Street, whereas the spire of the Chrysler building, which formerly held the altitude record, is 1,046 feet above street level.

Former Governor Smith, president of the company which erected the building, has announced that all will be in readiness for an attempt by a navy dirigible to tie up to the mast in May, and it has been reported that the navy would co-operate by sending the Los Angeles to make the attempt, although no definite announcement to that effect has been offered.

The huge structure has been renting for some time and its formal opening is set for May 1. It has on its eighty-five floors a total rentable space of 2,158,000 square feet. The building stands on a site of 33,860 square feet on the plot where formerly stood the old Waldorf-Astoria Hotel.

Erected at an approximate cost of \$55,000,000, the building has taken only a little more than a year for construction. The steel work was begun on March 17, 1930, and was completed last September.

Chicago Police Lose a Good Copy Just Ordained

CHICAGO—From the police force here to ordination as a priest, seems a long and unusual jump, but the Rev. Daniel W. Daley has succeeded in negotiating it. He recently handed in his resignation as a policeman, announcing at the same time that he would be ordained at Rockford, Ill., March 21. According to his friends he had been taking leave of absence and studying for the priesthood.

33,000 Meals Served by K. C. In Newport, Ky.

Newport, Ky., March 27.—Newport Council, Knights of Columbus, opened a relief kitchen here three and one-half months ago, and during this time has served a total of 33,000 free meals to needy persons. On some days as many as 550 persons have been served, approximately 40 per cent of them being children.

The meals are served from 11 A. M. to 2 P. M. and consist of soup, bread and coffee. There is no limit to the amount of food each person can have.

Meat for the soup is donated by seven butchers of Newport, each of whom supplies the meat one day each week.

For foodstuffs not donated the council has contributed \$175 during the past month and hopes to be able to continue the food kitchen until at least April 1.

A concert for the benefit of the relief fund was given by the Xavier University Club of Cincinnati, Ohio, on March 18th. The original fund was made up of contributions received from members, a small allotment from the Associated Charities and small contributions from other organizations.

Head of Tipperary Civic Guards, Active Against Illegal Drilling, is Riddled With Bullets at Night.

Dublin, March 27.—John Curtin, superintendent of the Tipperary Civic Guards, was found outside his mother's residence Friday night, shot through the arms, legs and near the heart by unidentified assassins. He died a few hours afterwards.

Mr. Curtin recently had participated in a widespread roundup of suspects charged with illegal drilling. The case came before the Tipperary court last week, and the men were acquitted. Gunmen ambushed him Friday night and riddled him with bullets. He died without regaining consciousness.

It has been four years since a rebellious faction has resorted to arms against Free State police.

Mr. Curtin was 39 years old, and a native of County Cork. He was stationed at Tipperary a year ago, and had been married since that time. His young wife and her sister, alarmed by shots, ran out of the house and found Mr. Curtin dying beside the automobile from which he had just alighted.

Hickey, D.D., Titular Archbishop of Vienne, and of the warm friendship felt for him by the laity, friends, clergy and laity, a group of his friends, on behalf of the people of the Diocese, took place at the Episcopal residence, 175 West 11th St., a luncheon at which the Archbishop was present. Parish School Baseball League to Close Season

Fifteen Schools Already Registered and Others Will Join—Big Athletic Meet Planned at Close of Season

A Parochial School Baseball League is being organized in Rochester. Fifteen teams have registered already and others will join in the near future. The league will be under the supervision of a committee of prominent citizens, including William Stauder, Rev. Leo C. Mooney, Rev. Leonard Kelly and Rev. George C. Vest, who is President and Manager of the League. The Francis O'Hern, D.D., Bishop of Rochester, is the League and will present a silver trophy to the team at the close of the season. Games will start Saturday.

The Baseball League is but the beginning of bigger and better days for parochial schools in the matter of athletics, for the promoters of it have an ambitious program in mind—the development of the parochial schools in all lines of athletic activities—a sound body of sound boys' soccer and basketball leagues are being contemplated, too, and at the close of the season a parochial school athletic meet will be held, in which each school will have an opportunity to show its prowess.

There is a wonderful field for athletic development among the parochial schools of the city, and the promoters of the Baseball League are hopeful they will find a fertile field for athletic development.

The plan of the Baseball League is to have several leagues in different parts of the city, the winners of the small leagues to play for the championship of the city at the close of the season. The champions will receive a city of a week's vacation at Camp State, Mass., and the money for this will be raised by the priests who have entered the League.

There is no doubt whatever but what this League will win prompt and generous support and co-operation throughout the city. It will be helpful to the boys, and will be in good keeping with the efforts that are being made all over America to get all boys interested in healthy and body-building exercise. The priests who are setting their hearts and thought to this undertaking deserve hearty commendation and unstinted support from the people of the city.

Vatican City, March 27.—Sexual education by teachers in schools was strongly condemned in a decree issued Saturday by the Sacred Congregation of the Holy Office.
