

100 Youngsters From St. Joseph's At Annual Outing

More than 100 children from St. Joseph's Orphan Asylum were taken to Island Cottage on Wednesday this week for their fifth annual outing.

The children had a great time at the summer resort. They enjoyed plenty of refreshments, a fine dinner, a lot of sports, swimming and games of all kinds, and they came home in great glee.

Great Irish Pilgrimage To Croagh Patrick is Held, 30,000 Pilgrims Taking Part

Many Pilgrims From America Joined Irish in Climb to Top of Mayo Mountain, Where St. Patrick Fasted and Prayed Long Ago.

Dublin, Aug. 28.—This year's national pilgrimage to Croagh Patrick—the Mayo Mountain where St. Patrick spent 40 days and nights in penance and earnest prayer for the preservation of the Faith in Ireland—was the most impressive demonstration yet given by Catholic Ireland on that occasion.

More than 30,000 persons, including large numbers of the clergy, many of whom had come from America to be present, Ministers of state, and all classes of the community,

rich and poor, made the long and perilous climb of 2,600 feet to the summit. The ascent was begun as dusk was falling, all through the night the pilgrims forced their way up the steep and rocky mountain, reaching the top about dawn.

In an eloquent sermon after the mid-day Mass, which concluded the ceremonies on the mountain, Father Flanagan, O.S.F.C., said that Patrick's prayer for the Irish people had undoubtedly been granted.

On the same day, the Most Rev. Dr. Gilman, Archbishop of Tuam, delivered a sermon in Westport Church, the nearest approach to the Holy Mountain.

His Grace said that in Dr. Healy's life of St. Patrick, he states that while the National Apostle was performing his works of prayer and penance for Ireland on the mountain, he sent a message of homage and submission to the new Pope, Leo the Great, and the reply of the Pontiff recorded in the Annals of Ulster, showed that Patrick, "who was sent by Celestine, was approved by Leo."

In accordance with what he felt would be the Saint's exhortation to the pilgrims in 1831, were he with them bodily, as well as in spirit, His Grace read a message of loyalty and sympathy to the present successor of Celestine and Leo, which was dispatched to the Vatican.

Concluding his address, Dr. Gilman said that "loyalty to the Chair of Peter and devotion to Mary as the Mother of God are the two most salient features of Ireland's Catholicity. If Ireland remains faithful to these traditions St. Patrick will never stand weeping on Croagh Patrick as Christ stood on Mount Olivet, weeping over Jerusalem."

The affection the Son of God testifies for men must certainly be very great, for He does not withdraw from us in spite of so many affronts but remains with us to us end in the Most Holy Sacrament of the Eucharist.

Death is welcome to one who always feared God and faithfully served Him.

Items of Interest from WHAM

Continuing his series of explanatory talks on the Holy Sacrifice of the Mass, Rev. Charles F. Shay will speak on "The Perpetuity of the Unbloody or Eucharistic Sacrifice" during St. Patrick's Cathedral Hour over WHAM at 1 o'clock Sunday afternoon, August 30th.

A symphonic program by the Rochester Civic Orchestra under the direction of Frederick Reinlich is scheduled for Thursday, September 3d. It may be heard over WHAM in the Stromberg-Carlson presentation at 9 o'clock. Opening with von Floetow's overture to "Stradella," it includes a "Serenade" by Henry Eben, a "Cradle Song" by Brans and Grieg's "I Love Thee." Variety is added by the inclusion of Gounod's suite "The Tributes of Zamora" and Louis Ganne's "Marche Lorraine."

The Rev. John A. McCloy, S.J., lecturer and writer of the University of Detroit, will discuss Paganism and modern religious and social conditions in the NBC Catholic Hour over W2BN, Buffalo, and WGY, Schenectady, on Sunday, August 30th, at 5 o'clock.

A stroke-by-stroke account of the beginning and end of the men's fifteen mile swimming marathon on Lake Ontario for the world's championship will be carried by WHAM and NBC on Wednesday, September 2d. The opening of the race through the cold waters of Lake Ontario will be broadcast at 10 P. M., with an announcer following the progress of the swimmers for 15 minutes. He will return to the air as the first swimmer approaches the finish line in the evening, probably about 7:15 P. M. The race will be broadcast on the opening of the 1931-32 International Exhibition, which is being held in Toronto from August 28 to September 12.

A series of talks on contemporary problems by some of the most prominent scholars and writers of the day will be inaugurated with a discussion of the origin of racketeering, over WHAM and NBC Thursday, September 3, from 4 to 4:15. Dr. Harry Elmer Barnes, prominent psychologist of present-day America and author of "History and Social Intelligence of the Genesis of the World War" will inaugurate the series. His subject will be "Genesis of the Racketeer."

Radio will swing back through the years to a scene of 160 years ago when the founding of Los Angeles, California, is re-enacted on the city's original celebration of the city's centennial on Friday, September 4. The poignant, sentimental music and two addresses will be heard over WHAM and an NBC net work at 2:30. The colorful spectacle will mark a high spot in La Brea de Los Angeles, the esquirola maintained by the city.

St. Bonaventure, Aug. 28.—Rev. Owen Leary, O. F. M., faculty manager of athletics, last week announced the election of Tom Harkins, former Villa Nova lineman, as assistant to Head Coach Mike Reilly during the coming football season. Harkins, a tackle, is expected to devote most of his time in bringing out the best qualities of the line aspirants.

The new assistant coach was the regular right tackle on Harry Strubler's Wildcat eleven last season; in fact, he played on the varsity throughout most of his collegiate career. That was his first year from one of the original "Four Horsemen." Harkins is thoroughly versed in the Notre Dame system, and should prove an invaluable aid to Reilly in moulding his 1931 gridiron aggregation.

Coach O'Reilly will begin his second year as coach at St. Bonaventure's College in the Fall. He will have a hard job this year, for every position on the Bona machine will be lacking one of the 180 regulars when the new model takes the field. Little is known of the new material that is coming in this season. The outlook is hopeful, at least, and St. Bonaventure adherents can be assured of a fighting eleven well equipped to weather a stormy schedule.

In the hidden mysteries of faith we should not seek to reason and understand, but knowing that God will show us the way, we should firmly believe that worms of the earth like ourselves cannot comprehend these things.

For we walk before God in truth, and we shall be glorified.

Sport Program Of St. Francis And The Winners

Ninth Annual Outing Attracted Large Crowd and There Was Keen Rivalry in the Sport Contests

OBITUARY

John F. Thane, aged 15 years, son of Frank L. and Margaret Dwyer-Thane of 249 Roslyn Street, died Saturday morning after an illness of several days. His funeral was held on Tuesday morning in St. Monica's Church, and it was attended by many relatives and friends. John was a well liked, manly boy who had endeared himself to many people. His death will be deeply mourned, and the sympathy of numerous friends will be extended to his bereaved parents and two surviving brothers, Edward A. and F. Leo Thane.

The soul always possesses more interior joy and content when the body is deprived of comforts and amusements than when it has them in abundance.

by the Legislature of the State of New York, its degrees are registered by the University of the State of New York, and the completion of its pedagogical course leads to the College Provisional Professional Certificate which admits to High School teaching. During the past year the students in the French department were successful; without a single exception in the State examinations for the approval necessary to teach modern languages in the Regents schools of New York State.

Nazareth College maintains in the field of higher education the same standards and reputation that Nazareth Academy enjoys among the high schools of the country. The College is fully accredited by the National Catholic Education Association, the Association of Colleges of the Middle States and Maryland, the American Council on Education, the Association of American Colleges.

Excursion Into Crater

After so many centuries of blighting and blasting human life, one would not expect that the old volcano outside of Naples would interest tourists. Yet that is where we can go today and right into its mouth. It will grumble and puff in spasms of rage while you enter, but that need not annoy you. It may even jerk out jets of brown steam or with muffled rums throw up beautiful gold vapors while wicked-looking vents of hot air will lick up its flame any paper you hold to them; but, apart from the uncomfortable feeling that you are walking on ashes and molasses, breathing sulphur the while, you will return safely to the plain.

A WORD OF CAUTION!

Relief from foot troubles cannot be obtained merely by the purchase of a pair of arches and placing them in the shoes. When your feet hurt, have our trained foot expert examine your feet. There is no charge for this service. He will suggest the correct arches and personally adjust them to meet the requirements of your particular case. In addition to this he will insist that you call from time to time for further adjustment as correction in your arches takes place. You pay for the arches selected; nothing for the examination or for the subsequent adjustments.

Netherlands Dykes

The dykes which protect the Netherlands from the North sea in many cases go back to Roman times. Many are raised as much as 40 feet above high-water mark and are wide enough at the top for a general roadway or canal. They are made of earth protected by stone slopes and by piles and at the more dangerous points by artificial structures of brushwood laden with stones. The West Kapelle dyke is 12,488 feet long and has a seaward slope of 300 feet. On a ridge 30 feet wide are a roadway and a rail way.

One of World's Wonders

The Hanging Gardens of Babylon are said to have formed a square with an area of nearly four acres and rose in terraces, supported on masonry arches, to a height of 75 feet. They were irrigated from a reservoir built at the top, to which water was lifted from the Euphrates by a screw. Fountains and banqueting rooms were distributed throughout the numerous terraces; groves and avenues of trees as well as patterned lawns, diversified the scene. In the view of the city and not far from the extensive and magnificent.
