Bock Weather Strip Company
Does Fine Work

Saves Heat, Coal, Health, and Prevents Dust, Dirt, Noise—A Dependable Firm.

The Bock Weather Strip & Caulking Co., formerly The Niagara Weather Strip Co., with offices on the second floor of the Terminal Bldg., 65 Broad Street, specializes in weatherstripping and caulking all kinds of buildings—homes, offices, factories, stores, shops, schools, etc. The company is one of the most expert and dependable of its kind in this part of the state. Its work is good, its services prompt, its prices are reasonable, and, what is most important of all, its materials stand wear and tear and last over a period of years, giving the best kind of service and satisfaction. A telephone call to Main 5189 will bring you information desired about this work. Thousands of tons of coal are wasted each year because houses and other buildings are not properly caulked and weatherstripped. When a job of this kind is done, and done in the right way, it will keep out the cold, keep in the warmth, preserve and protect the individual or family health, and save many times its cost as the years come and go.

The Bock Weatherstrip is not an experiment. It is a sound, well established, dependable company, using the finest and best kind of materials obtainable, and its work is backed by years of splendid service to its patrons. The local office has weatherstripped and caulked a large number of buildings in Rochester and vicinity. Ask for references, and talk with satisfied customers—that's the best way to find out what kind of work a company does. Have your home, factory, store, office, school, etc., weatherstripped, and you will have no more dirt or dust blowing into your home; no more heat going out and cold coming in; no more windows rattling, and you will be sorry you didn't have the work done long ago. Give the Bock Co. a ring, Main 5189, and ask for prices and facts about their work.

For City Councilman Northeast District

ALEXANDER G. FOSTER, JR.
The City Manager type of government has a true friend and admirer in Alexander G. Foster, Jr., candidate of the City Manager League in the North East District. He is a lawyer by profession, and is regarded by fellow lawyers as being one of the best authorities on civic government. A patriotic spirit lured Lawyer Foster into public life. His ambition is to see that Rochester has the best government attainable, and he is willing to give his time and influence to help it accomplish that laudable purpose. Citizens of the North East district are evincing a keen interest in Mr. Foster's candidacy because they appreciate his unselfish devotion to their welfare.

Wooden Kimono Will Be Played And "Blue Bird"

Two big attractions will be presented next week at the Auditorium Theater, 891 Main Street East, at the corner of Prince Street. "The Blue Bird," a mystery thriller by John Floyd, will be produced by Managing Director Rowland G. Edwards as the Auditorium Permanent Players' third offering. Performances will be given every evening except Tuesday with the regular matinee performances Wednesday and Saturday.

Tuesday evening and afternoon, for two performances only, "The Blue Bird," Yasha Yushny's famous and colorful Russian revue, will occupy the stage of the Auditorium Theater during the first of the season's special attractions. It is not necessary to have knowledge of the Russian language to enjoy this Old World revue, for its presentations have delighted London, Paris, Berlin and other European capitals during the past decade. "The Blue Bird" (which has no connection with Masterlink's play) was born in 1917 with the overthrow of the Russian Empire, tells M. Yushny, its confederator. His artists—singers, dancers, actors and musicians—had nearly all of them enjoyed success at Moscow's famous Imperial Theater. All 36 of them were ruined by the Czar's fall, but the genius of Yushny provided them with a means of livelihood. The company has given more than 4,000 performances in 16 European countries and won the applause of such critics as George Brandes and Luigi Pirandello. Only from Soviet Russia have the players, still Czarist exiles, been barred. This fall, "The Blue Bird" is on its first American tour.

"The Wooden Kimono," which the Auditorium Players will present next week, chilled and amused New York audiences for a long run. In the cast of "Wooden Kimono" will be members of the Auditorium Players prominent this week in "Home Fires"—Doris Dalton, Walter Bonn, Doris Packer, Arthur Howard, Mary Vance, Walter Davis, Maude Richmond, William S. Johnston, Francis Franke, and Robert Stone. Final performances of "Home Fires" will be given tonight, Friday night and Saturday afternoon and evening. Second session of the Auditorium Theater Workshop will be conducted Tuesday afternoon at 4:30 o'clock by Rowland G. Edwards, managing director of the Auditorium Players. Though these classes in theater technique ordinarily are held in the Auditorium Theater itself, next Tuesday the group will meet elsewhere because of the matinee of M. Yushny's Russian revue.

Vick Insurance Is Attractive In Every Detail

When you are planning to take out insurance of any kind, it will be well worth your while to get into communication with Clarence A. Vick in the Cutler Bldg., 42 East Avenue, Stone 3180, and talk matters over with him. He is not only an expert insurance man, but is careful, conscientious, helpful and honest in every detail of his dealing. You will be thoroughly satisfied that your insurance business is handled right if you do the business with Mr. Vick. One of the companies represented by Mr. Vick is the American Motorists' Insurance Co., which for the past five years has paid a dividend of 25 per cent. to its policy holders in New York State. This is a splendid dividend for any policy holder to get, and it cuts the cost of insurance on any kind of a car or truck in a big way. Mr. Vick will be glad to explain this insurance to any person, and give you any information you wish. The best part of it is that this is a stock company, and no policy holder will ever be liable for an assessment, as is the case sometimes with mutual companies. The fall of the year is a bad time for accidents. Wet, slippery leaves, slippery curves, and other things help make accidents more numerous. Then, as the first fine snow comes, the accidents are liable to increase. It is always better to be prepared. Low visibility, early darkness, the prevalence of fogs and other things are bad handicaps to motorists this time of the year. Mr. Vick will be just as glad to talk over other kinds of insurance with you, and you will like him and his way of doing business. Just give him a ring at Stone 3180, or call up on him at his office, Cutler Bldg. 42 East Avenue.

For Supervisor, Irondequoit

THOMAS E. BRODERICK
"He kept his word."
That was the political slogan in the Town of Irondequoit two years ago when Supervisor Thomas E. Broderick was a candidate to succeed himself. The citizens of that township showed their appreciation of Mr. Broderick's services by re-electing him, and judging from the sentiment shown at regular Republican meetings in that town his victory at the polls Election Day is certain. Supervisor Broderick is the regular Republican candidate for Supervisor, he having been designated by the Town Committee, and all friends of the organization are rallying to his support. Aside from being active in politics, Supervisor Broderick devotes much time to the affairs of the American Legion. He served as Commander of Kohnmetz Post many years, and has been very industrious in looking after the welfare of "buddies" and their families in Irondequoit.

Candidate for Coroner

DR. DAVID H. ATWATER
An experienced and sympathetic physician. His office now, and has served with satisfaction to all people with whom he has come in contact. Knows duties and responsibilities of the office, and is ever ready to help bereaved persons complete necessary details in cases of fatal accidents or other sudden deaths. Likeable personality and the right kind of character for a job of this kind. Republican nominee, and has a multitude of friends.
