The Brighton Place Dairy Co. Places Selected Milk, a Fine New Product, Upon the Market Here

The economic problem of the average family has had its effect upon the milk industry, as in all other activities. In the case of the Brighton Place Dairy Company, with offices and plant at 45 Fulton Avenue, this need for greater economy has been successfully met through the introduction of a new "Brand" of milk which this concern claims is from 10 to 15 per cent richer than standard quality milk and considerably lower in price than the prevailing prices for the same grade in this section.

The products of the Brighton Place Dairy Company are produced for the most part by the farmers of the surrounding Rochester. This saving to the consumer is characteristic of the policy of the local milk firm which has always been early to find the path to successful public service.

THE DUBLIN OF ROCHESTER

By Father Dan

The promised opening of the new Veterans Memorial Bridge, spanning the Genesee River at Ridge Road, for the coming Christmas Day is especially interesting to Catholics of Rochester with an historical turn of mind.

Not often spoken because they chose to live the hidden, quiet life. But I love to think that there is a place where, in heavenly letters, their names and their deeds are faithfully inscribed.

Edward C. Lawrence, Local and Long Distance Mover, Builds Successful Partridge on Basis of Personal Supervision

Ten years ago Edward C. Lawrence, of 141-143 Walnut Street, faced the challenge of independent action and service with a small truck. In those days, it was comparatively easy to personally oversee every detail of his work, but something else entered into his contract with his customers, he alleges—the handling of their belongings as though they were his own property.
